RECEIPTS AT POSTOFFICE.

Pendleton is Entitled to Rating as a Second-Class Office.

The figures giving the receipts at the postoffice for the year 1900, as compared with those of 1899, make interesting reading to everyone interested in the legitimate growth and progress of this city. In order to be rated as such and raised from a third-class to a second-class office the receipts must be greater than $10,000 per year. Pendleton has reached the mark, gone beyond it, and is climbing right up with the receipts in a manner highly satisfactory. The preliminary work of securing the free postal delivery system has been attended to, but it will not be rushed through too hurriedly. It will come in good time. The receipts for quarters for the years 1899 and 1900 are as follows:

March 31, 1899	$ 2,522 25
June 30	2,331 01
September 30	2,422 86
December 31	2,615 85
Total for 1899	$ 9,891 97
March 31, 1900	$ 2,817 41
June 30	2,364 69
September 30	2,540 27
December 31	3,195 72
Total for 1900	$11,189 09

The above receipts do not show the amounts of money order business transacted or the receipts from lock boxes, being simply the general receipts.

The other departments are in a healthy condition.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys, and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c at Tallman & Co.'s drug store.

WEDDED TUESDAY EVENING.

Frank J. Greulich Led Ora Keller to the Matrimonial Altar.

Miss Ora Keller, of McKay creek, and Frank J. Greulich, of Pendleton, were united in matrimony at 8 o'clock Tuesday evening. The ceremony was performed by Rev. Fr. Van der Velden, at the Catholic parsonage, in the presence of a few relatives of the contracting parties. Miss Maggie Peters was bridesmaid and Henry W. Schwarz best man. The bridal party thereafter repaired to the home of Mr. and Mrs. Frank Light, at the corner of Court and Willow streets, where a wedding supper was served, many friends being present as invited guests. Music was furnished by Kirkman's stringed orchestra. The bride is the esteemed daughter of Mr. and Mrs. Frank Keller, of McKay creek. The groom has been a member of the firm of Schwarz & Greulich for ten years and stands high in the estimation of the business public, and is popular with all with whom he has ever associated. Hearty congratulations are extended to the happy couple from all sides. They will make their home in one of the Greulich houses at the corner of Court and Willow streets.

Take them today and you will be well to-morrow. Baldwin's Allopathic Cold Cure Tablets,

Sold by druggists, 75c.
Hall's Family Pills are the best.

SOLDIERS HOME AT SANTA MONICA.

Mose H. Thompson, Formerly of Pendleton, Says it is a Beautiful Place.

Mose H. Thompson, a veteran of the civil war, who, on December 22, left Pendleton for the soldiers' home, at Santa Monica, California, writes to the East Oregonian in which he tells of his trip. He went by steamer from Portland to San Francisco, remaining at the latter place two days, when he took the steamer down the coast to San Pedro. From there he went by team to Los Angeles and from there by an electric car line to the home, sixteen miles distant. He says the "home" of the soldiers is a beautiful one and it is greatly enjoyed by the broken down veterans who live there to the number of 1600. The home is conducted on military lines, is clean, neat, well arranged and comfortable. Mr. Thompson closes his letter by saying he expects to return to Pendleton in June, as he has a contract with Hank Fanning to operate the straw cart in his next threshing campaign.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief; I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung troubles. Regular sizes 50c and $1. Trial bottle free at Tallman & Co.'s drug store. Every bottle guaranteed.

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages. 25 cts., 50 cts. and $1 a bottle. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

Walla Walla Residence Burned.

The handsome home of R. R. Reidford on Catherine street, Walla Walla, was totally destroyed by fire Monday night. No one was at home when the blaze started and the cause is unknown. The loss will amount to $7000. Mr. and Mrs. Reidford were at a neighbor's house at the time the alarm was given and were unaware of what had befallen them until after the arrival of the fire department. The loss is partly covered by insurance.

Is This Plain Enough.

If you have a nagging cough and are losing flesh, go to a drug store, and get a bottle of Shiloh's Consumption cure. Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25 cts., 50 cts. and $1 a bottle. Tallman & Co., leading druggists.

Saint Paul's School.

A boarding and day school for girls, at Walla Walla, Wash. Spring term begins January 29, 1901.

Experience is the best teacher. Use Acker's English remedy in any case of coughs, colds or croup. Should it fail to give immediate relief money refunded. 25 cents and 50 cents. Sold by Brock & McComas.

A LETTER FROM WILLIS.

An Old East Oregonian Correspondent in Southern California.

Azusa, Calif., Jan. 11.—A happy greeting for the New Year. We moved up to this sun-kissed village at the foot of the "American Alps" that my wife might have the benefit of its salubrious clime, and fresh mountain scenery. She has been quite sick with what the learned profession call "nervous prostration," due to a fall received nearly a year ago. With the aid of a rugged constitution and a bolstering climate I believe she will survive the treatments of a corps of the above named lettered gentry.

Good Rain Has Fallen.

The second good rain of the season ceased falling yesterday morning. An inch and a half of moisture fell during the last storm, and about 11 inches during the former. Considerable damage was done by the first storm as six and a half inches of water fell in two hours. The soil being of a sandy formation it washes readily, and this amount of water coming on so suddenly a great portion of it ran away and carried the soil with it. The owner of one ten acre orange orchard near Covina offers $3000 to have his ground leveled up as good as it was before the flood.

A Cold Wave.

A cold wave passed over this forestless belt last week that came within an ace of doing almost irreparable injury to the citrus fruits. The thermometer got down to 26 degrees and 28 degrees and I am told it reigstered 22 degrees at Riverside, and that the bulk of the orange crop at that place had been frozen, but there are so many kinds of liars in this country, besides that semi-respectable class known as "cheerful liars" that you can not always tell. Orange picking is now in full blast and will continue for nearly four months. The Southern counties expect to ship several thousand carloads more this year than they did last, and the number of cars shipped last year run away up in five figures. Help for gathering the orange crop is reasonably scarce, as you will judge by a man offering to pay me a dollar and a half a day for ten hours of my services. He was a stranger to me. My wife was sick and I could not accept his generous offer, thereby depriving myself of the opportunity of making a fortune in a very short time, and with no capital invested. The storm last month did considerable damage to the celery crop in Orange county. About 400 carloads was covered up with mud and slum. The crop, after deducting the loss by the overflow, will reach fully 1200 carloads. This will be 200 carloads more than last year's crop.

Aged 100 Years.

While at Clearwater a short time ago, I called on Mrs. Lucinda Fox, a lady who had but recently celebrated her 100th birthday. She was born at Wendall, Franklin county, Massachusetts, June 11, 1800. I never before had met a person who was past 50 when I was born, and therefore made many inquiries about how people lived and the world moved in that long ago. Among the material things of which the old lady exhibited the most pride was a pair of glasses presented by Abraham Lincoln in 1861, and which she still uses. She also told me she had been a believer in that beautiful religion of "spiritual life" since 1852. Her father led quite a nomadic life, moving to the frontier of York state in 1808, to Illinois in '54 and to Wisconsin in '58. Twelve years ago the old lady came to this state, to spend the balance of her stay on this planet in our beautiful, sunny clime, and is living with her daughter, Mrs. M. D. Howard.

Only Could Write His Name.

Not long ago at Santa Ana I saw a man come so near running up against the sharp corner of eternity that it almost makes my eyelids droop to think of it. It happened this way; I was standing in the postoffice at the foot of a hundred feet row—fifty people—waiting for my turn for the lady at the delivery window to give me the accustomed scowl, and say "nothing," when a fellow touched me politely on the shoulder and with a smile as seductive as an invitation to "take something" asked if I would kindly write a short letter for him. I looked around, and seeing there were only 13 in the line behind me, graciously quit my place and proceeded to write the epistle. As it was a business affair, I soon had it ready when I asked him what name I should attach to it. He said, "I guess I had best sign it myself as they will recognize my signature.' Whereupon he took the pen and with a few dexterous flourishes executed one of the neatest and most beautiful monogram signatures I ever saw put on paper. A thought flashed across my think tank like a gust of wind over a placid pool, and I decided that I had been the victim of a cruel joke. I reached down in my boot leg for my bolo with the avowed intention of carving him into a great number of quarters, when "she," divining my intentions, caught my arm, and pointing to the fellow, said, "Don't you see how strong and muscular he is?" That settled it, and my temper at once became as tranquil as the soughing of a midsummer zephyr. Inquiry elicited the fact that this fellow was a mental oddity. That he had learned to execute that beautiful signature but could scarcely write another letter of the alphabet.

Former Milton Girl Married.

Miss Mable Mace, a young lady who used to live near Milton, was married last week at Santa Ana, and will make her home at Bakersfield. Miss Mace came here two years ago in search of health, she found it, and the exquisite gold band that encircled her third finger when she paid us the last visit also explains how the skeleton came in the closet.

This litlte town of Azusa, with its 700 listless souls has seven churches, a showing which might be construed that the people were extremely vile or extremely virtuous, neither of which is a fact. Nearly every religious belief or doubt that man has been able to conjure has a local disciple. Even the "Dunkards' with their shaven lips and clean feet are quite numerous, as well as exclusive. The female contingent of the Dunkard order, have created for themselves a head gear that beats abomination all hollow. You can no more tell the age of a woman wearing one of these "capotes" than you could guess at the age of a gift horse by looking in his mouth. I claim to be as gallant as most men, but I have drawn the line, I never tip my hat to a Dunkard bonnet, or to a woman with a pug dog in her lap.

About the first of April we expect to return to Santa Ana and resume our labors among the "tule rooters."

WILLIS.

WAIFS OF NEW YORK.

Katie Emmett Appeared at the Frazer Last Evening.

The play at the Frazer last evening was the "Waifs of New York," and Katie Emmett was the principal waif. A strict criticism of the performance is not necessary. The play fairly reeks with blood and thunder and also possesses a large plot, which seems to be brought up and talked about in all sorts of public places. Murder, blackmail and robbery were discussed by the principals in the play with a total disregard of bystanders. In fact, they seemed at times to be anxious to make their murderous and otherwise criminal plans public so that the officials would be put next. Katie Emmett is an actress of ability, but her support last evening was scarcely up to the high standard demanded by the critical theater-goers of Pendleton, particularly after having had such a run of good plays. The stage settings were pleasing, but the hairbreadth escapes from railroad accidents and fire were so out of the ordinary that it seemed like a burlesque. Rosco & Sims, a musical team, did some clever work. They would make a dandy minstrel team. Nellie Fillmore as Biddy McShane and L. J. Howard as Hans Schneiderkopf, also deserve praise for their fun-producing ability.

There was a big house present, and almost all went away happy.

It Will Surprise You—Try it.

It is the medicine above all others for catarrh and is worth its weight in gold. Ely's Cream Balm does all that is claimed for it.—B. W. Sperry, Hartford, Conn.

My son was afflicted with catarrh. He used Ely's Cream Balm and the disagreeable catarrh all left him.—J. C. Olmstead, Arcola, Ill.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cents, or mailed by Ely Brothers, 56 Warren St., New York.

Much ill feeling has been engendered at Seattle and among the Washington delegation to congress over the sudden action of Robert Moran, of Moran Brothers & Co., shipbuilders, who were recently awarded the contract for building a battleship. They now threaten to throw up the contract for the battleship unless Seattle people secure for them a franchise to 52 acres of tide lands.

Five Things.

The five diseases for which Shiloh's Consumption Cure is especially recommended, are Coughs, Colds, Whooping Cough, Croup and Consumption. No medicine ever made by man is equal to it in any respect. Sold under a positive guarantee. Money back if it fails. 25 cts, 50 cts and $1 a bottle. Tallman & Co.

George Mohard, who claimed to have been shot and robbed of labor union funds by two highwaymen at Butte, Montana, a few nights ago, has been found to be short several hundred dollars in his accounts with the trades and labor assembly.

Dyspepsia can be cured by using Acker's dyspepsia tablets. One little tablet will give immediate relief or money refunded. Sold in handsome tin boxes at 25c, by Brock & McComas.

Learn your fate, and have it in your power to amend it!

Palmistry was not born yesterday, neither was the adage "Know thyself" Both are as old as the language, and their natal morns are lost in the midst of antiquity. The people of every country and every age have never ceased and never will cease in their efforts to unvail the hidden mysteries of the future. Of the many beliefs and methods of solution, that have at times been in vogue in the world, Palmistry is the only one that has survived the final tests. Its disciples are more numerous today than ever before in its history.

Prof. Buckmaster
Room 4, Hotel Pendleton.

AT A DINNER

Or other social gathering of men the quality of the WINES and LIQUORS served is more criticised than the quantity.

Give your guests a taste of what is really good, not a surfeit of something indifferent.

SHORT CUT ON THE O. R. & N.

Line to Be Built From Echo, on the Umatilla, to Coyote, on the Columbia.

The O. R. & N. proposes to shorten its line between Pendleton and Portland by building direct from a point on the present line near Echo to Coyote, a station on the Columbia river, about 20 miles below Umatilla. When this cut off is complete trains via Pendleton to Portland will no longer pass Umatilla. There will be a considerable saving in distance, thus shortening the time between points east of Echo and Portland. The line is being straightened, curves are being removed and a large sum of money is being expended with a view of making better time and otherwise improving the service on the O. R. & N. In the last few days articles of incorporation have been filed at the office of the secretary of state in Salem covering the construction of the line from Echo to Coyote.

A WOMAN TO BE PRETTY.

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandurff permanently, then, and to stop falling hair, that germ must be killed. Newbor's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and cures baldness. When you kill the germ you can't have the dandruff or thin hair. "Destroy the cause, you remove the effect."

As to Prescriptions

when physicians recommend you to have them compounded by us, what does that mean? Simply the certainty on their part that you will get exactly what is prescribed—the right quantity and the right quality, which is even more important. But we go further than that, for we take honest pride in our skill in compounding.
