TRY SULPHUR ON AN ECZEMA SKIN

Cools Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

W. C. T. U. NOW HAS 1,000,000 MEMBERS

EVANSTON, Ill., Sept. 26.—The world's Women's Christian Temperance union, which will hold its tenth convention at Philadelphia, November 11-16, has 1,000,000 members of forty nationalities, according to a statement from headquarters here of the national organization. The first president of the international organization was Margaret Bright Lucas, sister of John Bright, British prime minister. Her successors were Frances E. Willard, Lady Henry Somerset, and Rosalind, Countess of Carlyle. Since the countess' death, Miss Anna A. Gordon, vice president, has been acting president.

Miss Willard is said to have conceived the idea of an international organization for temperance as the result of a visit to Chinatown in San Francisco. She founded the world's W. C. T. U. in 1883. "We are one world of tempted humanity," she wrote.

About a year later a petition for world-wide prohibition, drafted by Miss Willard, was circulated in various countries. Miss Willard said that to enumerate the languages of the signers would be "to make a list of almost every tongue that has survived the confusion of Babel." They totaled seven and one half millions. The petition was presented to President Cleveland and to Great Britain.
