REV. MR. BARD AFTER FUNDS

BRIGHT PROSPECTS FOR ST. PAUL'S SCHOOL

Walla Walla Institution to have an Endowment Fund.

Walla Walla, Oct. 22.—An endowment fund is to be provided for St. Paul's young ladies' seminary in this city. To this end Rev. Andeas Bard, rector of St. Paul's Episcopal church of Walla Walla, is in Chicago soliciting funds and assurances are given that upon his return, December 1, a substantial addition to the treasury of the institution will be made.

Rev. Mr. Bard left this city some time ago, going to San Francisco, where he attended the triennial convention of the Episcopal church. It was not publicly announced that he was bent on a mission of assistance for St. Paul's school, and the knowledge that his final destination was Chicago has caused some surprise. Mr. Bard occupied a prominent pulpit in the central metropolis last Sunday, and will preach there again next Sunday. He is meeting with success, and the announcement is made that his contributions are gratifying.

It was decided some time ago that the endowment fund was needed by the Walla Walla institution, and measures were taken leading to its betterment. As a result it was decided Mr. Bard should go east as the official envoy of the institution. The plan has been adopted and the result will be announced upon the return of Rev. Mr. Bard to this city.

THE WOMEN OF WOODCRAFT

Enjoyed a Banquet on Monday Night —A Guest of Honor.

Monday evening at the close of the regular session, Daphne Circle, No. 5, Women of Woodcraft, repaired to the banquet hall of the lodge room and sat down to the opening spread of the season's social activity of this prosperous and growing order. It was a real banquet with toasts. E. Krause officiated as toastmaster and Grand Guardian VanOrsdel, Special Organizer Sumner and A. D. Stillman responded to the sentiments, "As We See Others," "As We See Ourselves" and "The Wise One."

Daphne Circle always has a good time when it plays, and it boasts the finest cooks in the city among its large membership, so it is needless to say there was plenty of enjoyment both socialy and in the edibles, and it was late when the session broke up.

Special Organizer Sumner, who was the guest of honor, returned this morning to Arlington, whence she goes to Tacoma. Visiting neighbors were there from Adams, Monmouth and Brownsville.

Opera House Block.

THE GREAT CARRICATURIST

HOMER DAVENPORT SPEAKS HERE SATURDAY EVENING

Most Famous Cartoonist in the World to Lecture and Draw Carricatures at the Opera House—Proceeds will be Added to the Pendleton Academy Building Fund—His Services Donated.

Homer Devenport, a native of Silverton, Oregon, and the world's greatest cartoonist, has consented to lecture in Pendleton en route east from Portland to New York to resume his labors on the New York Journal. He will stop here from the 5:15 train Saturday afternoon, speaking at the Frazer in the evening, giving an illustrated lecture, and leaving for east on Sunday morning train. He will lecture on cartooning, illustrating his address as he proceeds, and drawing pictures of the famous men he has interviewed and whose pictures he has drawn.

Mr. Davenport donates his valuable services, and the proceeds will be added to the building fund now being gathered to provide new quarters for the Pendleton Academy.

Here in Pendleton and in this county are numerous former friends of the celebrated cartoonist, who are asked to assist in attracting a crowded house on Saturday night, not only that the academy fund may be greatly augmented, but that an Oregon boy, thus generously assisting in securing funds for a worthy institution of his native state, may have the large audience his fame and talents deserve.

The Marquam Grand opera house in Portland was filled last Saturday night from pit to dome when he lectured for the benefit of the free swimming bath fund. He spoke in Salem to an audience that crowded the theatre, and in several other valley towns, wherever he lectured, he was greeted by audiences that filled the houses to capacity.

This should be true in Pendleton, for not only is the speaker to give an entertainment worthy any assemblage, but the object to which the receipts are to be devoted is such as to enlist the support of all patriotic citizens.

NOTES FROM TUTUILLA

What a Correspondent Observed and Learned Last Week.

Tutuilla, Oct. 22.—Joseph Miller, after a two week's visit at Tutuilla, intends starting for his home in Wallowa on Monday.

James Jacobs is busy harvesting his crop of corn.

M. H. Gillett and outfit are down in the Echo neighborhood seeding.

Samuel Bittner and Dos Turner have been serving their country as jurymen this week.

Christopher Schoene was over from Ritter for a load of supplies for the winter, recently.

Charles Hines has sold to Charles Colesworthy a quantity of hay to be delivered in Pendleton baled, for ten and a half dollars per ton and has had a hay baling outfit at work baling it this week.

Ed Morehead, since his arrival from Yakima recently, has sunk a well for Elmer Snyder and at a depth of 75 feet struck a vein of water which rose 35 feet in the hole. Mr. Morehead is now at work on a well for Dr. Campbell in Cold Spring.

Charles Hudson was down from his place on Upper McKay recently. Hay balers have just finished a run of 35 days at his place.

Wm. Conly is down in Stage Gulch with his outfit seeding 1400 acres of summer fallow on which he plowed last spring.

John Grivette, better known as Frenchy, was over from Juniper on Saturday, sold his wheat for 42 cts. a bushel and made the last payment on a half section of land which he purchased some time ago. He has had three very prosperous years and contemplates the purchase of another quarter section which joins his present holdings. John is loud in his praises of the Juniper country which literally flows with wheat, barley and a variety of other good things, but is somewhat short on girls, which probably accounts for his being a bachelor.

Malcom McDearmid, who is sojourning at Tutuilla this week and is recently down from the Palouse country, reports considerable grain still to be threshed in that country.

To seed, or not to seed, is a question much discussed by Tutuilla farmers at present, the continued dry weather being in the opinion of quite a number very unfavorable for seeding operations.

BILLS OF COMING PLAYS

"Daughter of a Diamond King" Thursday — Haverly's Minstrels Friday—Davenport's Lecture, Saturday.

The entertainment list for the remainder of the week includes:

"Daughter of a Diamond King," on Thursday night.

"Haverly's Minstrels," on Friday night.

Homer Davenport's lecture on Saturday night, illustrated by drawings made by him as he speaks, proceeds for benefit of Pendleton academy.

Haverly's—George Wilson, who heads the Haverly Minstrel company, has for years been a figure as conspicuous in American minstrelsy as Nat Goodwin is in comedy or Francis Wilson in comic opera. He was the chief fun maker when that famous minstrel combination of Barlow, Wilson, Primrose and West toured the country, and his remarkable personal success as the star of the Haverly organization is conclusive evidence that time has not dimmed his lustre nor lessened his firm hold on the popular affections of those who enjoy minstrel mirth and mimicry. As a monologist dealing with timely topics his humor is contagious, and those who heard him with the Haverly show last season need not be reminded of the hit he scored.

"Daughter of a Diamond King"—Startling and effective climaxes mark the finale of each act in the "Daughter of the Diamond King." Although there is no blood-and-thunder, red fire business connected with the play the stage settings, scenery and effects are elaborate, very picturesque and true to life, the school room and play ground scene in the act being a decided novelty and an exceptionally clever piece of stage work, as is the grand illumination of the diamond palace in the fourth act, when, as a fitting finale in a great play, myriads of incandescent bulbs of various sizes and colors suddenly burst forth to bewilder the amazed spectator. A strong company of twenty persons, headed by LaBelle Laurette, who last season created one of the leading roles in the "King of the Opium Ring," scoring an instantaneous hit in the part, give a faithful conception of the author's idea.

FINE PARSOLS

This season we are showing the largest assortment of Parsols that we have ever carried. If you will make a comparison of values in this stock we have no fear of the results. Not price alone, but QUALITY as well will interest you here.

A WOMAN TO BE PRETTY

Must have Luxuriant and Glossy Hair No Matter what Color.

The finest contour of a female face the sweetest smile of a female mouth loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and cures baldness.

THE CAST WAS UNBALANCED

"A Homespun Heart" Had Good and Bad Work.

The audience at the Frazer on Monday night at the first were en rapport with the actors who produced "A Homespun Heart." This was in the first of the play, when comedy was predominant. Later, when too many climaxes were produced, and the melodramatic quality displaced too completely the comedy characteristice, the audience was disposed to "josh" the actors.

Tom Sanson was a wonder. He could denounce his suspected wife, drive her out into a wintry night; then, a moment later, the innocency of the wife proven, he could receive her back with a nonchalence that was surprising in its indifference and lack of feeling, and this was true of several characters.

Andy, as interpreted by Page Spencer, was the central thought in the piece. His work was well sustained and finely done. Bill Smith and Zeb Moore also deserve favorable mention. The others deserve excoriation.

As to the stage settings they were good. The home scenes were realistic, and the winter's snow scene was so vivid that a number of people caught colds.

PLACED UNDER $250 BONDS.

Frank E. Grotto Examined Before Justice Fitz Gerald.

In Justice Fitz Gerald's court yesterday afternoon, Frank E. Grotto was examined for larceny by bailee of a team and buggy from George Froome's livery stable. Grotto conducted his own defense. The court saw fit to place him under $250 bonds to appear at the circuit court. The defendant said that he did not intend to steal the property. He claimed to be selling hammers and saws along the road, that the business was not what he expected, and that he kept on going in the hope that it would improve.

$100 Dollars Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its Work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,
