A VALUABLE EXPERIENCE

PINCHING OF LEDGE AT SUSANVILLE.

Some Englishmen Learned About the Character of a Quartz Mine Paying $8000 for the Knowledge.

Ukiah, Nov. 8.—The Badger mine at Susanville, is at present working only a dozen men. It is reported that they have lost the ledge, owing to the mountain having slid at some ancient time, or some think the ledge has "pinched." Pinching or slides, is a peculiarity of the quartz ledges of the Susanville district. In the Princess mine, now the property of the Smith brothers, of England, the ledge has been lost several times. The last time was several years ago, and it hasn't been found yet. This mine was first located by a shrewd Yankee. When the Smiths first appeared at Susanville, fresh from England, he sold them a half interest in the mine for $8000 cash, and immediately after getting his money made them a quit claim deed to the other half and left the camp.

Three inches of snow was reported from Long Creek yesterday.

A movement is on foot to change the Ukiah-Long Creek mail route to go by Charles Bringham's, at the head of Meadow Creek, thence west to Ritter, making a new office at Bringham's. Such a change would be of great benefit to a large settlement on Desolation, Granite and Willow creeks, who now have to go from eight to sixteen miles for their mail. Several efforts of a like nature have been made heretofore, but they have all been unsuccessful. It is hoped that the present effort will not suffer the fate of its predecessors.

The J. D. Kirk stock of general merchandise, which has been under assignment at Ritter for some time, has been sold to Andrew Edling of that place, and he will hereafter conduct it.

Announcement.

To accomodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cts. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

CLAIMED SHE WAS WHIPPED.

Mrs. Lou Inright Charged With Assault by Mrs. Ulrich.

Complaint was filed before Judge Fitz Gerald on Monday by Miss Lizzie Ulrich, charging Mrs. Lou Inright with assault with a buggy whip. Mrs. Inright appeared on Wednesday and pleaded not guilty, and the trial was set for and came off Thursday afternoon, when a jury of six men acquitted the defendant. There has been bad blood between the Inright and Ulrich families for some time, and seems to have come to a climax Monday, when Mrs. Inright attacked Miss Ulrich with a buggy whip, alleging that she had been abusing her children. They live east of the school house.

The Children's Friend.

For coughs, croup, bronchitis, grip, One Minute Cough Cure never fails. C. B. George, Winchester, Ky.: "Our little girl was attacked with croup and so hoarse she could hardly speak. We gave her a dose of One Minute Cough Cure. It relieved her immediately. Next morning she had no signs of croup." Tallman & Co. and Brock & McComas.

Wood Gutters for Barns.

Gutters for barns and houses are now made out of wood as well as tin, and the wood gutter has several advantages over tin, one of the most important being they are cheap. The wood gutters are easily attached to buildings and are serviceable and lasting. They are sold in any lengths and sizes and quantity, at the Oregon Lumber Yard, on Alta street, where those contemplating using gutters, can see them.

NOV. 13—FOOTBALL GAME.

Manager Pond Places Price of Admission at 35 Cents.

Manager R. S. Pond, of the Pendleton Academy football team, has placed the price of admission to the game on Nov. 13, with the U. of O., at 35 cents. The manager of the U. of O. team demanded that it be not less than 50 cents, and wrote at first refusing to play unless the tickets were sold at that figure. At all other games thus far played by the 'varsities, 50 cents has been the admission price. But Manager Pond believed 35 cents would bring out a sufficiently greater number of people to more than make up for the smaller price. It will be necessary to have considerably more than $110 to pay the bare expenses, and it is hoped that lovers of gridiron sport will come out on that day and patronize the game liberally.

Coach Waddell is working his men faithfully, and the men are submitting gracefully to the severe discipline necessary to prepare for the hard game that will be offered by the husky collegians. Although the visitors are known as a fast aggregation, and played the Multnomahs last Saturday in a 5 to 0 game won by the latter at Eugene, it is believed the Pendleton Academy, strengthened by some of the local players from other teams, will be able to prevent the U. of O. from recording a very big score on the 13th.

Wallas Go to Yakima.

Walla Walla, Nov. 8.—Manager Galbraith, of the Walla Walla High School football team, received word today that the Yakima High School team will furnish expenses for a game at Yakima on Nov. 16. Accordingly, the High School team will leave here next Friday.

No Score at Moscow.

Moscow, Idaho, Nov. 8.—Oregon and Idaho met on Park Field yesterday afternoon and played a scoreless game. The game was an interesting and at times exciting one. The Oregon boys clearly outplayed their opponents, although by a series of guards' back plays, Idaho forced the ball down to Oregon's five-yard line where they were held for downs. The average weight of the men is: Oregon, 153; Idaho, 165.

MRS. BRUNE WAS ILL.

Therefore, She Was Not in the Cast That Produced "Theodora" Hehe on Thursday Night.

The Minnie Tittell Brune company produced a satisfactory "Theodora" at the Frazer on Thursday night. However, Mrs. Brune (nee Minnie Tittell) was not in the cast. She was ill, and also at the last two performances in Portland was unable to appear. She was represented by an understudy, a petite lady who enacted the role quite skillfully and seemed to be equal to the requirements of the part. Mr. Brune was not on the stage. He was represented by an understudy who is said to be his superior in dramatic interpretation. It has been the unanimous verdict elsewhere that Mr. Brune is not a strong "Andreas," and the substitute of another in that character permanently would be a wise move for the management.

Many former acquaintances were disappointed at the non-appearance of Mrs. Brune. She is well known here, and has attained a reputation rivaling the brightest stars in the theatrical world. It was not right that the public were not told of the state of her health, and that her understudy would appear in her stead. People are always generous towards those who are sick, and it would be better were managers to take the public into their confidence, and not fail to inform them when a star for whom they pay to see is unable to keep an engagement. It is a question not new, inasmuch as a manager of a traveling company who will inform the patrons of the drama of a situation such as that of Thursday night, is rare, indeed. Honesty in this particular would be a tenet of stage ethics worthy a place in the theatrical system of moral science.

Coming Attractions.

"Jess of the Bar Z Ranch." Alice Archer in the title role, on Monday night. Here is one of the many press notices she is receiving. The season opened with Alice Archer in "Jess of the Bar Z Ranch." The play that is thoroughly American, was a success from the start and was liberally applauded by a fine audience.—C. M. Edson, Toledo, O., correspondent New York Dramatic Mirror.

What Hi Henry claims is the best minstrel show he ever presented, will appear at the Frazer on Tuesday night. The organization is a very large and expensive one, everything about it being of the very best, and strictly in the latest line. Eight comedians talking comedians, singing comedians, dancing comedians and musical comedians, a double quintette of singers, a double orchestra and superb military band, the unique star saxophone quartette, Probst, the human song bird, Viola Alt, the little star vocalist and danseuse, the acrobatic wonders, the Brothers Bard, beautiful dissolving views of the Pan-American Exposition, and a dozen other high-class attractions.

Thomas Jefferson, at the Frazer on next Wednesday night with "Rip Van Winkle." Thomas is the second son of Joseph Jefferson, and has been playing "Rip Van Winkle" on the road for the past three seasons, meeting with success in all the large cities where he has been seen. He will be ably assisted by a competent company of comedy players.

A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and never used anything that did me the good that did," says County Physician Geo. W. Scroggs, Hall County, Ga. "As a physician I have prescribed it with the best results." Kodol Dyspepsia Cure digests what you eat. Tallman & Co. and Brock & McComas.

SHOOTING GEESE ON COLUMBIA.

The Success That Two Pendleton Sportsmen Had.

Many of the sportsmen of Pendleton are arranging to spend a day or more on the Columbia shooting geese, where they are plentiful at this time. F. W. Waite and H. J. Stillman, on a recent visit succeeded in bagging forty-one geese, their success being largely due to the kind of shells they used, as others shooting beside them got few, if any, of the wily geese. Waite and Stillman used Stillman's own hand-loaded shells, which proved to be unusually strong in penetration and close. To do successful shooting, one must know his gun; know what kind of a load his gun will use to the best advantage. If you are not receiving satisfactory results with your gun, interview Stillman, as he will give you information as to bore, length of barrel, amount of powder and shot to use with any weight of gun to attain the best results. Stillman loads shells on short notice, with guarantee as to pattern, penetration and light recoil. Stillman's office is on Main street, in the East Oregonian building.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
