WHEAT HAS ADVANCED TO SIXTY-TWO CENTS

Noticeable Advance in the Price of Livestock—Steers Worth 4½ Cents—Little Wheat Offered.

No. 1 club wheat is worth today from 61½ to 62 cents per bushel, and bluestem 70 cents per bushel. Barley brings today 92½ to 95 cents per 100 pounds.

The prices indicated below are those paid the farmers, with the single exception of pineapples, which are practically out of the market here, along with spring chickens. The most noticeable feature is the advance in the price of livestock. Cows, ready for beef, have advanced 25 cents per hundred for second grades and 35 cents per hundred for first grades. Live steers, also ready for beef, are worth today from 4 to 4¼ cents compared with a straight 3¾ cents per pound a week ago.

Pineapples, $7.89 a dozen.
Parsnips, 75c per sack.
Cabbage, 2c to 4½c per pound.

Wheat Market.

Portland, Jan. 15.—There have been a few unimportant transactions during the week, but not enough to cause any commotion in the wheat trade. Buyers are always in the market at quoted prices. Sellers are few, as wheat is scarce, and those having any stock on hand prefer to wait a while before letting go. It seems as if the market has reached the top, as no change for almost six weeks has been recorded for prices paid for wheat. Exporters have discounted the fact that wheat would be difficult to secure, and stocked up early and are not over-anxious to buy at prices away above the market value. European advices are not very encouraging, and the export trade is paying more attention to loading vessels than to buying grain. There is hardly an exporter in the trade that has not wheat for a number of ships and some have very heavy stocks to carry them through the balance of the season. About 1,000,000 bushels of wheat have gone on ships this month from both northern ports and if the balance of the month keeps up as lively as the fore part, January will have quite a record as an export month. Quotations range from 71c to 72c for club; bluestem, 80c; valley, 76@77c per bushel.

San Francisco, Jan. 15.—Markets here are dull. Exporters are lodging chartered tonnage slowly. Sellers are unwilling to part with their possessions, and exporters are compelled to pay fancy prices for wheat if they need the same. It will take a good rise in prices to dislodge the wheat from the holders' hands, as buyers and sellers are apart as to their views in the price of grain, hence no business is being done, and the market is dull, and prices for shipping are quoted at $1.40 and milling $1.42½@1.47½ per cental.

European Grain Markets.

London, Jan. 15.—Wheat—Cargoes on passage rather firmer; No. 1 standard California, 31s 6d; Walla Walla, 29s 6d. English markets firm.

Liverpool, Jan. 15.—Wheat, firm; No. 1 standard California, 6s 8½d; wheat and flour in Paris firm. French country markets, firm. Weather in England frosty.

Changes in Available Supply.

New York, Jan. 15.—Special telegraphic and cable communications received by Bradstreets show the following changes in available supplies as compared with last count:

Wheat, United States and Canada east of Rockies, increased 362,000 bushels.

Afloat and in Europe, decreased 3,900,000 bushels.

Total supply decreased, 3,598,000.

Corn, United States and Canada east of Rockies, increased, 484,000 bushels.

Oats, United States and Canada, east of Rockies, decreased 172,000 bushels.

Wool Markets.

Boston, Jan. 15.—The wool market is generally quiet though the firm tone previously noticed is continued and even intensified. Territory wools are relatively more active than the remainder of the list. The demand is especially good for fine wools. Fine staples, territory, scoured basis, quotable at 55@57c, with fine, 53@55c. For the fine mediums, 50@53c is asked, medium being quoted at 46@47c.

There is a moderate demand for California wools on a scoured basis of 52@53c for Northern Spring, with middle counties at 48@50c.

Eastern Oregon is steady at 57@58c. Fleece wools are in good demand, especially for medium unwashed fleece. XX wools are quoted at 31@32c, with No. 1 clothing at about the same figure.

Finds Way to Live Long.

The startling announcement of a discovery that will surely lengthen life, is made by Editor O. H. Downey, of Churubusco, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for coughs, colds and grip. It's invaluable to people with weak lungs. Having this wonderful medicine, no one need dread pneumonia or consumption. Its relief is instant and cure certain." Tallman & Co. guarantee every 50c and $1 bottle, and give trial bottles free.

Cattle in Ireland.

Never before has the grazing industry prospered in Ireland as at the present time. Last year's exports to England are little short of remarkable. The aggregate for the first 11 months was 893,814 head of cattle or 297,395 in excess of the same period of 1901. Ireland is now shipping more cattle than for two decades past. This development of grazing is hard on the small tenant farmer, who has the alternative of emigration or starvation, but grazing seems to be the purpose to which Irish land is best suited.—Exchange.

After two years' experimentation with nickle steel rail, the Pennsylvania Railroad has decided to place them on the heavy curves through the Allegheny mountains. An order for 5000 tons has been given at a cost of $375,000.
