INSPECTING OREGON TIMBER.

Agent of Chilean Lumber Firm Now in the State.

J. F. Fowler of Valparaiso, Chile, manager there for W. R. Grace & Co., one of the largest shipping and commercial firms in the world, was in Astoria this week on a mission that meant much to the lumbering interests of the state of Oregon. The purpose of his visit is to examine the lumber industry of this state and Washington with the prospect of placing large orders, but more particularly if there is any basis for the report that belief current in his country that the Oregon fir is inferior in quality and manufacture to the Washington fir.

Mr. Fowler brought letters of introduction to Mr. P. L. Cherry, who showed him through the local mills, introducing him to several gentlemen interested in the business, and did all in his power to show him that no difference existed between the fir of the two states and that any report to the contrary was only caused by commercial rivalry. He went to Portland and from there will continue his investigations in the Puget Sound country.—Astoria Budget.

HUMANE HARNESS.

Exclusive Rights to Manufacture it in Umatilla County, Secured by J. A. Smith.

J. A. Smith, the harness manufacturer, has secured the exclusive right to manufacture and sell in Umatilla county the Humane harness, a new patented harness which is a great improvement over the old style. The Humane harness is so arranged that it fits perfectly the body of the horse, no matter in what position it may be standing or moving.

The new device works on the same principle as the improved suspenders, and so cleverly is it arranged that there is no flapping of the harness or extra strain on the animal at any particular point, but it is divided equally t all points. The back-band is entirely done away with and the new harness presents a more attractive appearance than the old style.

Teamsters, livery men and all horse owners or users should investigate the new idea which can be done by calling at Mr. Smith's harness factory and store, on Court street, where he will take pleasure in showing the harness.

Vermont to Have Saloons Tomorrow.

Burlington, Vt., March 31.—Liquor signs will appear over doorways in Vermont tomorrow and the genial "bar-keep" will don his white apron and be prepared to dispense the foamy, amber-colored fluid and the more seductive and intoxicating rye to all who have a thirst for the same. For the first time in half a century liquors will be legally sold over the bar. This is by virtue of the recent vote of the people at the state election whereby the prohibitory law was annuled and a high license act adopted in its stead. Preparations have been made for the opening of saloons tomorrow in every one of the six cities of the state, Burlington, Montpelier, Rutland, St. Albans, Barre and Vergness.

Twenty Detectives and 50 Workmen.

Marietta, O., March 31.—The American Bridge Company brought into this city 50 workmen and 20 detectives today, the former to work with the other non-union men on the new Ohio river bridge and the latter to look after the bridge company's interests. The strikers are all here, and trouble is feared. The bridge company has brought in large numbers before, but has been able to get few to go to work.

A PESTIFEROUS GERM.

Burrows Up the Scalp Into Dandruff and Saps the Hair's Vitality.

People who complain of falling hair as a rule do not know that it is the result of dandruff, which is caused by a pestiferous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Before long the hair root is shriveled up and the hair drops out. If the work of the germ is not destroyed the hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it; but today dandruff is easily eradicated by Newbro's Herpicide, which makes hair glossy and soft as silk. Sold by F. W. Schmidt & Co. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich.
