Automobile on Stage Line.

left Redrock on the trial run to , about 10 o'clock Wednesday ing, and was a little over four hours coming to Dillon, a distance of about 30 miles. The reason for the slow run this far was due to the exceedingly muddy roads through the canyon. He left here for Butte about 3 o'clock accompanied by Dr. M. A. Miller and Matt Orr and it was the intention of the party to reach Butte between 7 and 8 o'clock in the evening.

Mr. Vogler's machine is a Peerless, 21 horsepower, will carry five or six passengers and cost $3900.—Dillon Tribune.

Start to Thunder Mountain.

William DeVoe, Frank Macy and John Grant, forming the first party of Walla Wallans to make the spring trip into the Thunder Mountain district this year, left the city overland this afternoon for Trappers flat where a promising claim was located last season. The trip into the famous mining district at this time of the season is no child's play and the party went well prepared to encounter all sorts of obstacles and hardships before getting into their claim. There is considerable snow in the mountains yet and a trail will probably have to be broken for a good part of the way.—Walla Walla Statesman.

Advertising the Country.

Frederic R. Marvin, press agent of the state of Washington at the St. Louis exposition, is in the city today and will leave in a few days for St. Louis. He has finished shipping the last of the exhibits of the state and is now preparing for shipment the folders illustrative of the state which have been printed in Spokane. The issue will be 100,000 copies, with the privilege of more if they are needed. Besides these the city of Spokane, through the chamber of commerce, has an issue of 50,000 of the folder, which has been published for the Inland Empire.—Spokane Press.

R. F. McGee of Bellingham, Wash., spent last week in this part of Grant county. He is here for the purpose of purchasing a large band of heavy draft mares for shipment to the Alberta country, where he says such class of animals are in demand at the present time. He is after the best animals to be found in this part of Oregon, and is paying excellent prices for them, providing he can get well broke animals.—Blue Mountain Eagle.

The canvas made today by the supporters of the various candidates for moderator has been active, though good natured. President James D. Moffat of Washington and Jefferson college appears to lead the race. Other names most frequently heard are those of Rev. Dr. J. Addison Henry of Philadelphia and the Rev. Dr. Wilbur Chapman, secretary of the assembly's evangelistic committee.

The board of foreign missions held its ninth annual conference today in the Central Presbyterian church. The Rev. Robert F. Coyle, D. D., of Denver, presided, and the participants included many well known ministers, educators and missionaries.

PRESS PARLIAMENT.

Next Session at Either Guthrie, Okla., or Pasadena.

St. Louis, May 18.—The International Press Parliament was addressed by Sir Hugh Glisan Read of London, who presided.

The committee report was read, when B. B. Harbert spoke on the British instiution for journalists.

Oklahoma and California delegates are working hard for the next convention. It is Guthrie against Pasadena. Guthrie is here a thousand strong, offering flattering inducements, including a trip to California and the Portland exposition.

SHUT OFF RACING NEWS.

Western Union Enters Fight Against Track Gambling.

New York, May 18.—Pres. Clowry, of the Western Union, today issued an order shutting off all racing news to subscribers in New York. It is expected the action will close every pool room in the city. The order caused dismay among speculators, and is the result of agitation on the part of the city authorities, who claimed the company could stop horse gambling if it would cease to be a party to the transmission of racing news.

Can Advertise for Laobrers.

Vancouver, B. C., May 18.—Justice Duff of the supreme court of British Columbia, decided this morning that a "Want" advertisement for machinists inserted as news item in the Post-Intelligencer of Seattle by the Vancouver Engineering Works, which induced machinists to come to Vancouver, was not in contravention of the alien act.

The decision is far-reaching in results, as in case of strikes workmen can be freely advertised for in Puget Sound and California.

SIGHT PRESERVERS.

The little lenses of glasses joined by their frame of gold or nickel are wonderfully potent for good or evil. Properly fitted, they build up the eyes and preserve the sight—improperly fitted, they tear down and destroy.

Reading a few lines of print with a pair of glasses is no test. The sight must be tried by modern and scientific methods.

We have every facility for making tests and can supply any kind of glasses required at moderate cost.
