BRINGING UP FATHER

(Copyright, 1917, International News Service. Registered United States Patent Office.)

BY GEORGE McMANUS

What has become of the old fashioned optimist who knew that there could never be another war because it would be to horrid?

NOTICE OF STREET IMPROVEMENT.

Notice is hereby given that at a regular meeting of the Common Council of The City of Pendleton, held on April 25, 1917, the following resolutions were duly adopted:

Whereas, the City Surveyor of The City of Pendleton did on the 25th day of April, 1917, under direction and by requirement of the Common Council file in the office of the Recorder of The City of Pendleton, plans and specifications for an appropriate improvement of the following named street in said city: Webb Street from the East line of College Street to the South line of Court Street, together with estimates of the work to be done and the probable cost thereof with a statement of the lots, parts of lots and parcels of land to be benefited by such improvement and the percentage of the total cost of improvement, which each of such lots, parts of lots and parcels of land should pay on account of the benefits to be derived from such improvement; and,

Whereas, the council has examined such plans and specifications and estimates and found the same satisfactory and the estimates thereof to be in accordance with the probable cost of such work, and,

Whereas, the property recommended by the City Surveyor to be included within the boundaries of the District benefited is in the judgment of the Common Council properly to be included within such improvement district and no property is excluded therefrom which should properly be included therein; and

Whereas, the improvement of the hereinabove described portions of Webb Street with Gravel Bitulithic pavement is at this time necessary, therefore, be it,

Resolved, by the Common Council of The City of Pendleton that it is expedient to improve and it is hereby proposed to improve Webb Street from the East line of College Street to the South line of Court Street by paving the same with Gravel bitulithic pavement; such pavement to be 40 feet from curb to curb with the exception of a strip 8 feet wide down the center of said Webb Street, now occupied by the Railroad of the Northern Pacific Railway Company, which is not to be paved; such pavement to be constructed and the surface thereof to be finished upon the established grade of said street and the street to have curb and gutters and all other things in accordance with and as shown in the plans and specifications for the improvement of said portions of Webb Street prepared by Geary Kimbrell, City Surveyor, filed with the Recorder of said city on the 25th day of April, 1917, which plans and specifications are hereby particularly referred to; and be it further,

Resolved, that the engineer's estimates of the probable total cost of such improvement, which said City Engineer's estimates was made and prepared by Geary Kimbrell, City Surveyor of said city, in the sum of $16,671.30 and was filed with the Recorder of said city on the 25th day of April, 1917, is hereby included and hereby referred to particularly, and be it further

Resolved, that the plans and specifications and estimates for such improvement as prepared by the City Surveyor and filed with the Recorder of The City of Pendleton on the 25th day of April, 1917, be and they are hereby adopted and approved, and be it further,

Resolved, that the cost of making such improvement shall be a charge and lien upon all lots, parts of lots and parcels of land to be benefited by such improvement, and the owners of such lots, parts of lots and parcels of land so specially benefited by such improvement shall be liable for the payment of the costs thereof, and be it further,

Resolved, that an assessment district is hereby created to be known as "Assessment District No. 52," embracing the property benefited and to be assessed for the payment of such improvements, which Assessment District shall include all lots, parts of lots and parcels of land lying and being within the district bounded and described as follows, to-wit:

Description of Assessment District No. 52 (Sometimes called Local Improvement District No. 52).

Commencing at the N. W. corner of Lot 6, Block "A" of South Pendleton; thence S. 23 deg. 36 min. E. 160 feet to the S. W. corner of Lot 10, Block "J" of said South Pendleton; thence N. 66 deg. 24 min. E. 360 feet to the S. E. corner of Lot 14, Block 71, Reservation Addition to the Town, now City of Pendleton, Oregon; thence S. 23 deg. 36 min. E. 125 feet to the center of the west line of Lot 4 of said Block 71; thence N. 66 deg. 24 min. E. 1400 feet to the center of the east line of Lot 4, Block 66 of said Reservation Addition; thence N. 64 deg. 32 min. E. 60.03 feet to a point on the west line of Lot 11, Block 65, 23.05 feet southerly from the N. W. corner of said Lot 11; thence N. 63 deg. 51 min. E. 100.2 feet to a point on the west line of Lot 4 of said Block 65, 17.25 feet southerly from the N. W. corner of said Lot 4; thence N. 81 deg. 26 min. E. 100.4 feet to a point on the east line of said lot 4, 8.55 feet southerly from the N. E. corner of said Lot 4; thence N. 23 deg. 36 min. W. 108.55 feet to the N. E. corner of Lot 1 of said Block 65; thence N. 66 deg. 24 min. E. 30 feet; thence N. 23 deg. 36 min. W. 7 feet; thence S. 89 deg. 56 min. W. 132.9 feet to the east point of Block 15 of said Reservation Addition; thence S. 78 deg. 17 min. W. 850.1 feet; thence S. 66 deg. 24 feet W. through the center of Blocks 62, 61, 60 and 59 of said Reservation Addition, and Block "A" of South Pendleton, 809.17 feet to a point on the west line of Lot 2 of said Block "A" 25 feet northerly from the S. W. corner of said Lot 2; thence S. 23 deg. 36 min. E. 125 feet to the N. E. corner of Lot 6 of said Block "A"; thence S. 66 deg. 24 min. W. 160 feet to place of beginning.

And be it further

Resolved, that a copy of this resolution together with the notice that the Surveyor's estimate of the proportion of the cost of said work to be charged against each lot, part of lot and parcel of land is on file in the office of the City Recorder be published for a period of ten days in the East Oregonian, which newspaper is hereby designed by the Common Council for the publication thereof.

And notice is further given that the Surveyor's estimate of the proportion of the cost of said work to be charged against each lot, part of lot and parcel of land within the Assessment District in said resolution described is on file in the office of the City Recorder.

Dated at Pendleton, Oregon, this 26th day of April, 1917.

J. E. BEAM,
Acting Recorder of The City of Pendleton

SPRING LAMBS BRING $13.50

PORTLAND, Ore., April 27.—Several spring lambs and a handful of other stuff were offering in the mutton division of the North Portland yards. Over night there was a limited run from the Willamette valley. Spring lambs—just 4 of them—sold at $13.50, a loss of $1.50 from the initial sale made some time ago. Since then nothing whatever has been offering. Yearlings sold during the morning at $11.25 and ewes at $11.

Nominal mutton and lamb market:

Best east of mountain yearlings	$10.00@11.00
Best valley yearlings	10.00@10.50
Wethers	10.00
Ewes	8.50@10.00
Goats	4.25@ 4.50
Spring lambs	13.50

Cattle Trade Firm.

While only one head was sold in the cow division of the North Portland market at $8.25, or a dime above the previous top price here, the market indicated great strength. It was the lack of suitable offering that kept the trade from paying extreme values for additional supplies.

General cattle market range:

Prime light beef steers	$10.00@10.50
Prime heavy beef steers	9.65@ 9.75
Choice beef cows	8.50@ 8.85
Best heifers	8.25@ 9.00
Ordonary to good cows	6.00@ 7.75
Prime heavy butcher bulls	7.50@ 8.00
Light bulls	6.00@ 7.50
Calves	7.00@10.00
Stocker-feeder steers	6.00@ 7.00
Stocker-feeder cows	5.00@ 6.50

Swine Trade is Steady.

Steadiness was generally shown in the hog market at North Portland. There was quite a fair run over night and early buying was of good character with sales around the recent range, quality considered.

General hog range:

Best heavy	$15.50@15.60
Best light	15.40@15.50
Rough heavy	14.50@15.00
Pigs	14.00@14.25
Stockers	12.00@13.50

Thursday Livestock Shippers.

Hogs—G. Nelson, Bend, 1 load; H. Ziggler, Grass Valley, 1 load; Hout & Snodgrass, Lebanon, 1 load; J. W. Abersal, Cottonwood, Cal., 1 load; H. Wagener, Sutherlin, 1 load.

Cattle and Calves—R. S. Cobb, Grants Pass, 1 load.

Mixed Stuff—W. Given & Co., East Portland, 1 load cattle and hogs; Wooster Bros., Aurora, 1 load hogs and sheep.

COMB SAGE TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

CALL FOR BIDS.

Notice is hereby given, that sealed bids will be received in the office of the City Recorder of The City of Pendleton, Oregon, up to 5 o'clock p. m. on May 9th, 1917, for the improvement of the following named street in said city, to-wit:

Madison street from the north line of Jackson street to the south line of Wilson street in accordance with the plans and specifications for such improvement prepared by Geary Kimbrell, City Surveyor, and now on file in the office of the Recorder of said city; each bid must be accompanied by a certified check in the sum of $300, made payable to the order of the Mayor of The City of Pendleton, the check to be returned to the bidder, if unsuccessful, and to be forfeited if the bid is successful, and the bidder fails to enter into a contract in accordance with the terms of his bid. Sealed bids shall specify as follows:

Gravel Bitulithic pavement, including the surface, finishing course and bituminous foundation as per plans and specifications, per sq. yd. ____ $____
Straight curb, per lineal ft. ____ $____
Circular curb, per lineal ft. ____ $____
Intersection drains, etc. ____ $____
Bitulithic headers, per lineal ft. $____
Excavating, earth, per cubic yd. $____
Excavation, embankment, per cubic yd. ____ $____
For entire improvement complete (Total bid) ____ $____

The Common Council reserves the right to reject any and all bids.

Dated April 27, 1917.

J. E. BEAM,
Acting Recorder of the City of Pendleton.

GARDEN TALKS

By Virgil Fendall, Instructor in Agriculture at the Pendleton High School.

There are a lot of varieties of vegetables and so many good ones that it is hard to choose the best. Following are some of the most popular, with directions for planting:

Radishes—Early Scarlet Globe and Scarlet Turnip are good small round types; French Breakfast is a good medium length type with white tip; White Icicle and Early Long Scarlet are good varieties of the long type.

Plant radishes one inch deep, rows one foot apart, two or three seeds to every inch is the right thickness.

Lettuce—Simpson's Early Curled and Black Seeded Simpson are good varieties of leaf lettuce. For head lettuce Hanson and Early Tennis Ball are both good.

Don't plant lettuce deeper than half an inch. Five or six seeds to every inch of row is thick enough. Put the rows one foot apart in the back lot garden.

Peas—For early peas plant dwarf varieties. American Wonder is one of the best. A fine late variety of peas is the Telephone. Plant peas about two inches deep. Rows should be a foot and a half apart. Eight or ten seeds to the foot is the right thickness.

Carrots—Early varieties of carrots generally have short roots. Oxheart and Early Scarlet Horn are very good. Plant them in rows one foot apart, and no deeper than half an inch. It takes two or three weeks for carrots to come up.

Turnips—Purple Top White Globe and Snowball are good early varieties. Sow them broadcast or in rows one foot apart, a half inch deep.

Beets—Extra Early Egyptian and Early Blood Turnips are good varieties for the back lot garden.

Plant rows one foot apart, an inch and a half deep, two or three seeds to the inch.

Onions—For early green onions plant onion sets. For dry onions in the fall plant seed. Plant the sets two or three inches deep and three inches apart in the row. Rows one foot apart. Onion sets grow very fast.

Spinach—Plant some spinach this spring for greens. It is hardy and grows fast. Early Round Summer is a good variety. Plant the same as radishes.

Swiss Chard—Have you ever grown Swiss Chard for greens? Try a row of it. It is related to the beet, and is planted in the same way.

If you will plant radishes, peas and lettuce every ten days or two weeks you will have them during the whole season.

In my next article I will tell you something about spuds.

Hindenburg's line suggests the motto of an estimable ancient—"Every day a line."

If the price of eggs goes much higher the hen, not the canary, will be the bird in the gilded cage.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

F. J. CHENEY & CO., Toledo, O.

UNDER THE CAPITOL DOME.

WASHINGTON, April 27.—The North American Indian will add one more to the roster of races making war against Germany if a bill introduced by Senator Boise Penrose, of Pennsylvania, passes Congress. The bill provides for the enlistment of ten or more regiments of Indian cavalry, to be recruited on reservations and to be kndwn as the "North American Indian Cavalry." Indians would receive full citizenship on enlistment, but would not forfeit any rights to tribal funds.

IF KIDNEYS FEEL LIKE LEAD OR YOUR BACK HURTS, TAKE SALTS

WE EAT TOO MUCH MEAT, WHICH CLOGS KIDNEYS, AND THEY NEED A FLUSHING OCCASIONALLY.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.
