Grain Prices Show Losses

CHICAGO, March 29 (AP)—A steady undertone prevailed in grains today despite the fact that the best prices were not maintained when the usual week-end evening up transactions came into the market near the close.

Corn drew support from expectations of additional exports while the late spring continued to create buying in oats on the theory there would be some reduction in acreage planted to this grain.

Wheat closed 1¾-4½ higher, May $2.59-2.59¾, corn was ¾-1½ higher, May $1.82⅛-¾, and oats ½ to 2 cents higher, May 90⅛-⅜.

Stock Leaders Show Losses

NEW YORK, March 29 (AP) — Stock market leaders generally slipped a shade or did nothing in today's session, which was one of the slowest of the past six months.

Sleepy tendencies ruled from the start. Declines of fractions to a point or so predominated near the close. Transfers contracted to around 300,000 shares for the two hours.

Bonds remained in a relatively slim groove.
