NORTH DAKOTA GOES INTO FLOUR MANUFACTURING

Grand Forks, N. D., Oct. 30.—The state of North Dakota today went into the elevator and flour milling business when its $2,500,000 mill and elevator was formally opened here.

Governor Nestos pressed a button setting in motion machinery in the flour mill, which eventually will have a capacity of 3,000 barrels a day.

One unit of the mill, with a daily capacity of 1,000 barrels, was placed in operation today. A second unit the same capacity will be ready in about three weeks and the third 1,000 barrels capacity which will be used for grinding durum wheat exclusively, will be finished shortly afterwards.

The mill and elevator project was part of the state industrial program inaugurated several years ago by the state officials elected with non-partisan league endorsement. The league sponsored the movement.

CAR CURTAIN, CUSHION, CUT

Police were today asked by Robert Ramsden, 395 North Nineteenth street, to attempt to locate the individual who, last night, maliciously damaged his automobile. The cushions and curtains of his car were cut in strips with a knife, he said. A hole also was cut in the top of the car.

Ramsden said he was at a loss to discover a motive for the act. Police promised to assist him in an effort to find the person who used the knife.

Goss, master of the state grange, attended the session.

Dallas, Texas, Oct. 30.—Motion requesting that S. L. Staples, secretary of state, and W. A. Keeting, attorney general, be cited to appear and show cause why they should not be held in contempt of court, was filed in the fifth court of civil appeals here today by W. W. Nelms of counsel for C. A. King and others.

Austin, Texas, Oct. 30.—A motion citing Attorney General Keeting and Secretary of State S. L. Staples for contempt of court for certifying Earle B. Mayfield's name as democratic senatorial nominee before final action by the Navarro county district court has been prepared and will be filed at Corsicana unless the state officials take steps rescinding their action in certifying Mayfield's name, according to a message received today by Attorney General Keeting from Luther Nickels, attorney for the anti-Mayfield faction.

CHERRIAN BALL TUESDAY NIGHT

Tomorrow night is the annual ball of the Salem Cherrians. It promises to be exceptionally brilliant.

Scores of persons—out-of-town men and women—are to be the guests of the local boosters. Twenty Prunarians, from up at Vancouver, Wash., accompanied by their wives, will arrive in Salem tomorrow for the dance. No less than a dozen Rosarians, from Portland, will be at the ball and there will be approximately 10 Berrians from Newberg.

Cherrians were today busy with final preparations. A committee, headed by E. Cooke Patton, worked steadily throughout the day.

The freshman class turned in 62 subscriptions totaling $4325 and were closely followed by the senior class with 36 subscriptions totaling 4170. One reason why Europe can't solve her problems alone is because she is too busy making new ones.

One of the clauses in the Irish constitution provides that representatives to the Dail Eireann from the universities shall be elected by the students. That ought to make it easy to get rid of an unpopular professor.
