## FUNERAL SERVICES FOR STUDENT HELD

Impressive funeral services were held late yesterday afternoon at the Willamette university chapel for the late Earl Ramsey, 18, who was drowned Sunday when the canoe in which he and a friend were riding capsized. The funeral sermon was given by Professor J. T. Matthews. Dr. J. D. McCormick, of the Kimball school of theology, was in charge.

A resume of the young man's activities during his attendance at Willamette was given by George Oliver, president of the student Y. M. C. A. and past president of the Philodurian literary society, of which Ramsey was a member. An escort of Willamette students furnished the music. Pallbearers were Henry Moore, Frank Beer, George Adams, Vern Kelley, Will and Gobbell and Gilbert Hammond, all members of the freshman class and Phi Kappa Phi fraternity, of which Ramsey was a member.

Following the service the remains were forwarded to Long Beach, where the mother resides.

## WOODBURN CLUB CLOSES SEASON

Woodburn, Or., June 6.—Reports from the county and state federation meetings and reports from standing committees marked the final session of the Woodburn Women's club, meeting on Wednesday afternoon at the home of Mrs. Hiram H. Overton. Since all of the officers serving during this year were re-elected no installation ceremonies were necessary, ordinarily one of the features of the June session.

Mrs. Eugene Moehlberger reported on the county federation meeting at Silverton, May 17, while Mrs. M. A. Schreiber and Mrs. W. D. Simmons reported from the state meeting at Oregon City, May 19, 20, 21 and 22. The treasurer's report showed the club to be in good financial standing with something over $400 in the sinking fund. The membership of the club stands at about 60 for this year, according to the recording secretary's report.

The library report was made showing money donated from benefits held during the year. The reports were given in informal manner and the convention reports were unusually interesting.

The report from the child welfare committee given by Mrs. H. H. Overton, chairman was especially interesting. At the suggestion of the county welfare chairman the local club voted to establish an emergency chest here. Since Woodburn is one of the county health centers a chest of this sort should be available to the county health nurse in emergency cases. Sheets and pillow cases, etc., will be donated, other articles to be purchased from club funds if necessary. The chest will remain the property of the club but available to the nurse.

## RELIEF WAS PERMANENT SAYS FRISCO ENGINEER

Cressy Says Tanlac Corrected Troubles Two Years Ago And He Is Still Feeling Fine.

"Well, sir, what Tanlac does it certainly does jam up, for it brought me good health with a gain of 26 lbs., in weight two years ago and I am still feeling fine," is the truly remarkable statement of B. Cressy, a well known electrical engineer, 929 Hille St., San Francisco, Calif.

"Previous to taking Tanlac I had suffered agonies with my stomach for a year or more. Many a night this indigestion caused me such pain and shortness of breath that I simply had to get out of bed and walk the floor. Constipation added to my misery and I continually lost weight.

"My first bottle of Tanlac made a decided improvement in my appetite and general condition, so I continued the treatment until the good work of bringing me back to normal health was fully completed. In my opinion Tanlac is without an equal."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.
