Scribe Says Sunday Night Interview Show Has Charm

By CHARLES MERCER

NEW YORK (AP)—Of the numerous interview programs now on television and radio, none has more quiet charm than "Insight with Arnold Michaelis," which the Mutual Broadcasting System is presenting on Sundays.

Michaelis is a disarming fellow who does not goad or lecture his subjects, but lets them say what's on their minds and hearts. Personally, I'd vote it the radio program I'd most like to listen to while caught in a Sunday evening traffic jam.

Last night, for example, Michaelis offered an insight into Oscar Hammerstein II following an interview with his partner in many Broadway hit shows, Richard Rodgers, on the previous Sunday. Listening to a recording of the interview in advance of the broadcast, I felt I'd learned more about Hammerstein in 25 minutes than from reading thousands of words about him.

Hammerstein loves to recite his lyrics — and recites them very well. He confessed that some of the songs can make him cry. "But I don't cry at sadness. I cry at naive happiness, as it's expressed by the character singing the song."

Why "Oklahoma!" was a great hit is a fact that still perplexes both Rodgers and Hammerstein, the lyricist told Michaelis, pointing out the numerous rules it broke: No girls for the first 40 minutes. One of its best songs wasted in the first three minutes of the show. No important new songs in the second act.

"We almost didn't get a backer," he recalled. "We peddled it from penthouse to penthouse with no takers."

Like nearly every first-rate artist, Hammerstein was rather incoherent about his creative processes except to say that "All sorts of ideas come to you when you're active. When you just sit back in an arm chair, nothing comes to you."

Of his own philosophy and work he said: "Somebody has to keep saying there are beautiful meadows bathed in sunshine. The world would get out of focus if we only listened to artists who emphasize the wastelands."

Michaelis, formerly a radio and television producer, likes his subjects to invite him to dinner at their homes. After dinner they go into another room together, with microphones hung from their necks, and talk for as long as they wish.

The interviews, edited for length also are made into recordings which are on the market.

SUBSTITUTE BOAT

SAN PEDRO, Calif. (AP)—Junior Chamber of Commerce members had to call off their Great Whale Boat Race.

They were assembled at Los Angeles Harbor for the start of the second annual event yesterday. Then the truth came out.

Somebody had forgotten to order the whale boats.

Undaunted, the group chartered a water taxi and toured the harbor anyway.

Elmer Davis, Newsman, Dies

WASHINGTON (AP) — Elmer Davis, long-time radio-TV news analyst, died yesterday of the effects of a stroke he suffered two months ago. He was 68.

Davis, a white-haired Hoosier, had been relatively inactive since a heart attack five years ago.

He interrupted his broadcasting work during World War II to serve as chief of the government's Office of War Information. In addition, he wrote novels, short stories and essays, and worked for the New York Times for 10 years.

Davis classed himself as a liberal and he helped found the Americans for Democratic Action in 1947. That organization was winding up its 11th annual convention here when Davis died at George Washington University Hospital.

Davis, born in Aurora, Ind., is survived by his widow, the former Florence MacMillan; a daughter, Caroline Ann of Chicago; and a son, Robert Lloyd Davis, an assistant professor of mathematics at the University of Virginia, Charlottesville.

U.S. Doing Good Job At Fair Says TV Entertainer

By BOB THOMAS

HOLLYWOOD (AP)—Art Linkletter, first American entertainer to return from the Brussels Worlds Fair, says we're holding our own against the free - spending Russians.

Though the Russian exhibit is much bigger and costlier, the United States entry is doing as good a job, he remarked.

"The Russian building is overpowering in its size," said Linkletter. "There are displays of tremendous machinery and propaganda slogans everywhere. It is effective in its way.

"But I think our building does a fine job. There have been some complaints about what has been selected, but that's natural. American means something different to every American.

"We haven't tried to overpower the Fair visitors. For instance, in the middle of the building is a fashion show.

"There have been complaints about the food we are serving—hot dogs, hamburgers, cheese cake, etc. But I see nothing wrong with that. Why should we have a swank restaurant, as the other nations do? We couldn't outdo them in excellence of food. Nor could we serve as many people as we're doing now."

Linkletter spent three days at the Fair, filming segments for his "People are Funny" and "Houseparty" TV shows. But he's no sketchy viewer of fairs. Art helped stage the San Francisco and San Diego Worlds Fairs, assisted with those at Houston, Dallas and Cleveland.

"So I know what I'm talking about," he said. "I viewed the Brussels Fair with an eye toward ease of handling a volume of visitors, etc. And I must say that the Belgians have done a fantastic job. It is one of the best operated fairs I have ever seen."

It would be a crying shame, he added, if the whole thing is torn down as scheduled at the end of the exposition.

"The buildings could be permanent attractions," he said. "We have the only big theater in the Fair, and it is a magnificent place. It could be a real showplace for years to come."

Gem Disappearance Probed By Police

OJAI, Calif. (AP) — Police said $20,000 worth of jewelry belonging to former actress Vera Ralston Yates has disappeared mysteriously.

Mrs. Yates, the wife of Herbert Yates, president of Republic Pictures, reported the loss during a weekend stay at the fashionable Ojai Valley Inn.

PLYMOUTH SAVES YOU MONEY ON GAS...
MOBILGAS ECONOMY RUN VICTORY PROVES IT!

New "Fuel-Saver" Choke that helped clinch title is standard equipment on all Plymouth V-8s

Pound for pound, *Plymouth uses less gasoline than either of the "other two"* cars in the low-price "3"! This was proved beyond doubt when a 1958 Plymouth V-8 was officially declared winner of the low-price car competition in the 1958 Mobilgas Economy Run. Plymouth's competitors also entered cars with 6-cylinder engines (supposedly more economical) but Plymouth beat every car in its class—V-8s and 6s alike!

This title-winning Plymouth is exactly the same Belvedere V-8 with TorqueFlite Automatic Transmission that you can buy right off your Plymouth dealer's floor.

These tests prove that every Plymouth has *built-in economy features* not found in the "other two". For instance—one of the most important factors in Plymouth's smashing win is the new "Fuel-Saver" Choke that you get at no extra cost on all Plymouth V-8s. This ingenious device employs a triple-stage vacuum piston and a new thermostatic element to reduce the amount of fuel you use in warming up the engine. So it can save you even more on short-distance drives—the kind most people make.

Among the many other savings Plymouth gives you is the $140 you save on standard-equipment Torsion-Aire Ride. The "other two" charge up to that much *extra* for their best suspension systems. And there are dozens more economies, too!

So if you are dollar-conscious, better hustle over and talk terms and trade with your Plymouth dealer. He's ready to give you a great deal!
