Silverton Opens Community Cannery to Valley People

Silverton—At a special meeting of the advisory board of the local community cannery, members voted favorably in making the cannery facilities possible to residents of Salem and Woodburn or other communities not having a home cannery system, and to encourage patrons of the cannery to prepare fruits and vegetables for their lockers for freezing processing. The charges for the locker preparations will be one cent a pound for the work done in the cannery.

Last week's results totaled 1000 cans of asparagus for patrons who had the privilege of ordering the vegetable through the Leonard Hudson phone, or by contacting any member of the board. Also done last week were 600 cans of early peas.

Peas Now Available

A Stayton grower has left word with the Hudsons, Ph. Red 161, that he will be available for supplying any amount of peas for canning and will receive the orders from the Hudsons, who may be locally contacted.

Prices for canning will be the same as for last year, 6c for No. 2 cans and 7c for No. 2½ cans. The cannery will be able to operate to many more patrons this year than last as the buildings and machinery are all in place for the beginning.

Food Program Expanded

Canning may be done on Tuesdays and Saturdays from the noon hour on through the day at present. If more time for work is necessary, this will be arranged.

The workers may have time by appointment, only, in order to distribute the privileges fairly.

The admitting of canners from out-of-Silverton residents will be a benefit in cutting costs for operating and expanding the program of putting up more home grown food in fruits, vegetables and meats.

Funeral Home Given Honors

Silverton—A local firm has been signally honored in being elected as a member of international association with the Ekman Funeral home, which is directed by Ernest R. Ekman, having accepted the invitation extended by National Selected Morticians. Affiliation with this organization is an honor because of the high standards that are required. The membership is limited to 500 in the United States, with Ekman the 500th and the membership now closed.

Through their membership the Ekman Funeral Home will have access to a large and reliable source of information on practically every phase of funeral service. This firm will also be able to use certain special services and, through the cooperation of other members can widen its scope of service to the people of this community.

One example is the fact that the Ekman Funeral Home is now in direct contact with members of the National Selected Morticians located in key cities all over the United States, as well as in Canada, New Zealand, England, Scotland, Ireland, Wales, Switzerland, China, Mexico, Australia, Panama, Ceylon and the Hawaiian islands.

Requirements for members in National Selected Morticians include: (1) that the firm elected to membership maintain a complete modern mortuary establishment; (2) that it have a good credit standing; (3) that the principals of the firm have a good moral character and have a high standing in their community; (4) that they have and maintain a high standard of professional ability.

Dallas Places Fireworks Ban

Dallas—While Salem is considering a "firecracker holiday" for the coming Fourth of July, the Dallas city council started proceedings in the opposite direction. An ordinance to ban the sale of fireworks and the shooting or firing of them in the city was read for the first time. It must pass a second reading at a future meeting before it becomes a part of the city statutes, however.

Sale of $42,000 of bonds to construct a storm sewer down Church street was authorized at the meeting after the council had passed an ordinance providing for the sale and issuance of the city sewage bonds of $150,000 approved by the public in a special May election. Advertisement for the sale of the $42,000 in bonds will be issued immediately by the city auditor.

Bids for the construction of the storm sewer were opened at the meeting and P. S. Lord and Company of Portland, low bidder, was awarded the contract of $29,703.30. Work is expected to start soon.

Establishment of two thoroughfares in the city was approved and all traffic coming on to the streets will be required to stop first. Mill street from Lyle to Main and Levens street from Washington to Rickreall creek will be through streets.

C. L. Marsters, president of the Dallas Chamber of Commerce, invited all city officials to attend and participate in Dallas night at Waters Park, Salem, on Thursday evening, June 27, when the Senators will be playing Tacoma.

Fruitland Offered Club Program Show

Fruitland—A presentation of "Show Boat" was given at Fruitland's regular community club meeting.

The program consisted of two readings by Gus Harris from Brooks, three tap dance numbers by Janet Telfer from Mt. Angel and Hubert Aspinwall sang and played three guitar solos. Those in the orchestra were Mrs. Henry Harris, Orville and Melvin Klampe, Don Mathany, Mr. and Mrs. Arlo Pugh, all of Brooks and Otis Shepherd of Frutland.

May Erickson and Lois Shepherd painted an original Mississipoi river scene for the background on the stage. Don Bisbee announced the program and Lois Shepherd was director of "Show Boat."

The next meeting will be held July 12.
