Buying was not aggressive but prices responded easily to small orders.

Turnover was slow even for Saturday. Business was at the rate of around 300,000 shares for the two hours.

Richfield Oil, one of the few issues showing any signs of activity, moved up more than a point at one time to a new peak for the year. The best gain was later shaded a little.

The custom of wearing rings was transmitted by the Greeks and Etruscans to the Romans.
