Amity People Vote Upon Time Changes

Amity, May 5—An election is being arranged by the city through Friday and Saturday to determine the popularity or disapproval of daylight saving time.

Residents were advised to set their clocks ahead one hour Monday and this has resulted in much confusion and dissatisfaction with some on standard time and others on the daylight time.

Two ballot boxes are being placed at the City hall and all citizens are urged to vote for or against the measure by 5 o'clock Saturday afternoon.

Akron, Ohio, was so named because it was believed to be the highest point of land in the state. The word is Greek for "summit."
