COPPER AND LEAD MARK-UP AIDS MARKET

NEW YORK, Aug. 5 (AP)—Mining issues took on a show of strength in today's stock market following a mark-up in the price of lead and export copper.

Steels, motors and many other recent leaders, on the other hand, encountered selling handicaps that kept them in the background or reduced their quoted values as much as a point of so.

With the news out on settlement of the wage dispute with non-operating unions, rails lost their buoyancy of the previous session and contented themselves with holding to a small fractional area.

Earnings prospects apparently contributed to fairly persistent support for mail orders and scattered specialties.

Except in low-priced metals, volume was light. Transfers approximated 800,000 shares.

Fleeces were mostly quiet. Quotations on Ohio wool were unchanged from earlier in the week.

GRAIN PRICES GO HIGH THURSDAY

CHICAGO, Aug. 5 (AP) Grain prices rallied strongly today, increased buying lifting wheat 2 to 3⅝ cents at one stage and corn 2c to almost 4c a bushel. September corn, soaring above $1 a bushel once more, came within ¼c of the 4c limit on daily price fluctuations.

Much strength in wheat was associated with Liverpool's strong close and reports of increased importers' interest in North American grain. Short covering and stop loss orders accelerated the rise in all grains. Dry weather complaints influenced corn market action but the highest hog prices in 11 years, coupled with an advance of 50 cents a hundred pounds, the day limit, in lard also were factors.

Reacting slightly from the highs, wheat closed ⅝ to 2⅛ cents above yesterday's finish, September $1.15⅝-1.15¾, December $1.15⅝-1.15¾, and corn was 1½ to 2⅞ cents up, September 99⅝-99¾c, December 67⅝-67⅞c. Oats gained 1⅛-1⅜c.
