SATISFACTION

The feeling I want to exist between you and me.

I am trying to make my name and satisfaction synonymous. You can help me.

Don't holler and cuss if I have worked for you and it's not been satisfactory, but bring it back and give me a chance to make my word of guarantee good.

One receives a certain amout of satisfaction in buying goods and feeling they have their dollar's worth.

Those are the very kind of goods I carry and are all made by the most reliable firms. I would like to have your business.

I have been told that I am on the **WRONG** side of the street nevertheless you are not treating yourself **RIGHT** unless you see my stock before you buy.

Work on the new passenger depot is progressing in fine shape. The base stones are of California granite and the rubble work of the main walls of the building is made of rock which comes from near Bray, Cal. The granite for this building is obtained at Rocklin, Cal. The contrast between the granite and the rubble work is striking and presents a very fine appearance.

W. J. Darroth, foreman of the Ankeny ranch, is in the city today. He reports that the yield of barley and oats on this ranch this year will be between 15,000 and 20,000 bushels, or an average of about 80 bushels to the acre. Mr. Darroth said he was born and raised in Indiana, but never saw anything in that country that would compare with the crop raised this year on the Ankeny ranch. A crop of 2,500 tons of hay has also been harvested on this ranch.

Will it Spread?

There is no other paint, either prepared or hand made from lead and oil, that will spread as well under the brush and cover as much surface to the gallon as

THE SHERWIN-WILLIAMS PAINT.

Figure 300 square feet, two coats, to the gallon and you'll probably have some paint left over.

There are many other good points in its favor. Ask us about them.
