Stocks Advance Receding Later

New York, Sept. 30 (AP)—The stock market tried a rally today with only partial success.

Prices headed downward at the start of trading. A ponderous rally got going and for a while leading issues moved up for gains of fractions to around a point.

Later in the day traders showed a high degree of caution and the market backed down from the day's best marks.

Volume crossed the 1,000,000-share level once more, swollen by considerable activity in low-priced Commonwealth & Southern.

The morning rally followed news that coal labor leader John L. Lewis had ordered about 100,000 workers back to the pits on Monday.

One block of 50,000 shares and another of 10,000 shares of Commonwealth sold up ⅛ at 5⅝ and equal to the year's peak.

Lower most of the time were Youngstown, General Motors, Studebaker, Goodyear, Douglas Aircraft, American Telephone, Standard Oil (NJ), and Paramount Pictures.

Among the stronger spots were Goodrich, Sears Roebuck, North American Co., Union Pacific and Texas Co.

Soybeans Spurt Upward Friday

Chicago, Sept. 30 (AP) — Soybeans responded to a variety of favorable items today by spurting a couple of cents on the board of trade. Lard was not far behind as buying entered all fats and oils markets.

In back of the upturn was an unconfirmed rumor that the government intended to allocate $250,000,000 to foreign countries for the purchase of various fats and oils here.

Price changes in major grains were not large, although corn developed considerable easiness late in the day.

Wheat closed ¼-1½ higher, December $2.14⅝-½, corn was unchanged to ½ lower, December $1.17⅞-⅞, oats were ⅛ lower to ⅛ higher, December 68, rye was unchanged to ½ higher, December $1.45½-¼, soybeans were 2½-3¼ higher, November $2.30½-$2.30, and lard was 38 to 47 cents a hundred pounds higher, October $11.20.

Youths Plan for Kansas City Trip

Four Salem high school seniors in agriculture and three Silverton high school boys will be with a contingent from Oregon leaving for Kansas City, Mo., October 7 to attend the national convention of Future Farmers of America.

Refuse Release Of U. S. Ships

Washington, Sept. 30 (AP) — Adm. Louis Denfeld, chief of naval operations, declined today to provide American naval intervention for release of three United States merchant ships held at Shanghai by nationalist gunboats.

Denfeld, replying to a request from the owners, wired that "You will appreciate that the employment of United States naval forces under the present circumstances is not in accord with United States government policy."

The Isbrandtsen line of New York, which operates the three merchant ships, said the answer to the nationalist "blockade" of communist ports — which this country doesn't recognize—is to give American merchantmen protection by warships.

"We have asked for escorts in the past and we trust the (state) department will provide protection in the future," the line's owners said.

The state department didn't seem likely to adopt the suggestion — although vice Admiral Russell S. Berkey, commander of the Seventh task fleet, has two cruisers and at least eight destroyers in the Shanghai area.

Officials noted that while the United States and Britain haven't recognized the nationalists' right to keep ships out of Shanghai unless they can maintain a tight blockade, neither western nation has thus far shown any inclination to use force.

China Set Back In Red Attack

Lake Success, Sept. 30 (AP)—Nationalist China suffered a setback todaw when the UN political committee rejected demands for an early airing of her complaint against Russia.

U. S. Ambassador-at-large Philip C. Jessup supported China demand for quick action. But the general assembly's 59-nation political committee decided to defer debate on the Chinese complaint until after disposal of three other major questions — Italian colonies, Palestine and Russia's "peace pact" proposals.

Chinese Delegate T. F. Tsiang had formally demanded that the Chinese-Soviet dispute be taken up immediately after the committee disposed of the Italian colonies issue. His demand was rejected by a 21 to 21 tie vote, with nine countries abstaining.

The committee voted 41 to 3 to place the Chinese question after the Soviet peace proposals, after the Soviet bloc protested bitterly against having their proposals shoved back.

After the vote, Tsiang told newsmen:

"It's a great disappointment to me."
