THURSDAY - DEC. 31, 1903

#### SQUIBLETS.

A Happy New Year!  
Chas. Graves, of Odell, was in town on business this week.  
Salomon, Johnson & Co. have some good values in men's overcoats.  
A full line of ladies' and gent's handkerchiefs for Xmas presents at the Bee Hive.  
Salomon, Johnson & Co. have some Astrakhan coats and vests that are just the thing for cold weather.  
Ladies, you should just step into Salomon, Johnson & Co.'s store and see their elegant line of house slippers. Their samples are all in sight.

#### JAS. S. KELLEY, PHOTOGRAPHER

Highest Grade Work.  
Prineville, Oregon.

Misses Winnie Cline, Estelle Simpson and Mary Salomon are spending the holidays with their parents in this city. The young ladies are students at St. Mary's Academy in The Dalles and are enjoying highly their temporary escape from books and studies.  
Misses Cline Falls on Saturday and spent the first of the week in Prineville. Mr. Hammond has 320 acres of Crook county land near the DuChutes at Cline Falls and in a few years will have one of the best ranches in the county. He is an indefatigable worker and all such generally succeed.  
C. J. Cottor, of Lytle, paid Prineville a visit the first of the week. Mr. Cottor, in order to avoid a freezing trip on the stage, footed it in across the desert. A walk across the desert is by no means a rare occurrence during the summer months by citizens of that community, when the night time is taken for the stroll. Different parties accomplished it 14 times last summer. We have to record one case, however, that finished the 30 mile walk without a very tired feeling.

C. A. Whitsett will pay cash for coyote hides. See him at Salomon, Johnson & Co. store.

#### HOLIDAY GOODS

AND  
All kinds of the choicest and up-to-date school supplies in Prineville, are to be found at the drug store of  
**D. P. ADAMSON.**

The Masons and O. E. S. held joint installations Dec. 26. There were many present. M. E. Brink, W. M., welcomed the Stars that brightened their firmament. On behalf of the Eastern Star Mrs. Winnek, W. M., responded. After the beautiful installation ceremony all were invited to partake of the good things of life. While the inner man was being satisfied the eyes feasted on lovely carnations. Such meetings strengthen the bond of brotherhood and that tender vine is rapidly entwining itself around the hearts of mankind.

Mrs. C. M. Elkins is doing very nicely and is expected to be out in a few days.

Art squares in all the different grades can be found only at A. H. Lippman & Co.

Pictures can only be found at the well known old stand of A. H. Lippman & Co.

We are having delightful weather. Hardly down to freezing, and springlike and balmy.

A. R. Erickson, of Bend, Minn., passed through Prineville Tuesday on his way to the tall timber.

Walt Snoderly is having a hard tussle with pneumonia but is now at the crisis and is expected to pull through all right.

Members of the club attended orchestra practice Monday evening and turned it into a dancing school. Instructors were there in plenty and considerable progress made among those who were trying to master the intricacies of the elusive waltz step.

The Ladies' Annex Social and Athletic Club will give a public reception New Year's day at the clubhouse, beginning at 2 p. m. The change in the place of meeting was made on account of the illness of Mrs. C. M. Elkins. The ladies of the club will serve you with refreshments and cause you to forget you have grown one year older and convince you that the clubhouse is the missing link long needed to make our social relations perfect.

Smith & Clegg have the famous Olympia Beer on tap at the 5C. Reception at 5C. When you want a glass of this favorite beverage call at the Reception.

#### AT THE BEND.

John Bless was a visitor in Dec. this week.

Ferd McCallister came up from Crooked river Tuesday with a load of apples which he sold to our local merchants.

H. W. Reed's new residence is the first on the river to be painted within and without. N. P. Weider did the work.

John McTaggart and wife passed through town Monday on their way to Silver Lake to make proof on their timber claims.

C. L. Turney and Charles Dano came down from their homesteads near Rosland Tuesday and left next day for Prineville.

Mr. and Mrs. Oscar Hyde, who have been visiting with Mr. and Mrs. C. D. Weisz during the past week, left for Prineville Monday.

A. W. Pope went to Prineville last Sunday morning to summon a physician to attend John Steidl, whose illness took quite a serious turn Saturday night.

This place is daily hearing of new projects which tend toward city building. This week we chronicled a new telephone project and also a movement for a new bridge over Crooked river at Forest's place. The sale of city lots is going along briskly and THE Echo is receiving letters of inquiry from Eastern people in every mail.

The public school closed Wednesday for the usual Christmas and New Year holiday vacation. The school year is thus closed with a record of good work done by both Mr. Rowan and the scholars. With the opening of school again on Jan. 4th it is hoped that the same energy will prevail among all and that the same rapid progress shall be made by the children.

#### Two Big Dances.

Christmas eve and Christmas night witnessed a grand ball, one at Glaze's Hall, the other in the new clubhouse of the P. A. A. C. In each case a full house greeted the musicians and the dancers tripped the light fantastic till the wee sma' hours. Many visitors were in from the surrounding country and attended both. Had there been another Saturday evening a full attendance would have graced that also.

Tonight and tomorrow night will be given more dances, at both of which a large crowd is expected. Too much dancing cannot be had in Prineville. Those who enjoy dancing never quit until the music ceases for the night and even then they always coax the musicians for "just one more waltz," seeming not to recollect there will be other hops.

#### Obituary.

Wm. H. Quinn was born Feb. 27th 1841 in Owen County, Indiana, crossed the plains with his parents to Clackamas County, Oregon in 1852, where he grew to manhood. There in 1864 he was married to Mary E. Porter. He emigrated to Crook County in 1870, where he has since resided, a prominent citizen and stockman. Sudden death from heart failure took him away on the evening of Dec. 17th. He left a wife, seven sons and daughters, and many friends to mourn his departure.

The funeral conducted by C. A. Sias of the Prineville Church of Christ, occurred at the family residence at Willow Creek at 10 a. m., Dec. 21st. The remains were interred in the neighborhood cemetery.

#### Concentrator Working.

At the Dixie Meadows, the concentrator has been running for adjustment since Monday, and will continue to run in this way until the New Year, when regular work will be commenced permanently. Arrangements for water have been made, so that there will be plenty for permanent use.

The free gold product of the mine, which will average about 25 per cent of the values, it is calculated will pay all expenses, and that the proceeds from the values of the concentrates will be declared dividend to the stockholders, which will amount to a large percentage on the investment.—Prairie City Miner.

#### Clergymen's Half-Fare Permits.

For the year 1904 the custom of endorsing association and other issues of clergymen's half-fare permits, rendering them acceptable on the Columbia Southern Railway, will be abolished, and this company will issue clerical orders to ordained clergymen having charge of churches located on or near its lines. Clergymen desiring such orders should make written application to nearest Columbia Southern Railway agent for his endorsement. Applications should be made before December 25, so that orders may be mailed before December 31. C. E. LYTLE, G. P. A.

#### Temperance Revivals.

As the winter approaches temperance revivals grow in popularity throughout the lands, in their annual efforts to dethrone King Alcohol. Orators have been arguing for ages against the drinking habit, but admit that the strongest thing they have to contend with is the purity and healthfulness of Portland Club Whiskey, for sale everywhere.

#### Notice to Dogowners.

#### WARM SPRINGS.

Frank Wineshet, the Indian who killed the policeman here, has been turned loose and a big feast was had upon his return. The interpreter and deputy district attorney may be called before the next federal grand jury to indict the witnesses who testified before the last grand jury and the court in different stories in the Wineshet trial.

Five or six Indians were arrested yesterday drunk and with whisky on them and more to follow. But they no doubt feel happy, as they got to lay in jail only a few days by a good fire and eat good grub.

E. H. Oshkosh, our honored industrial teacher, has been transferred on his own request to Crow Agency, Mont., and Wm. Hunt has taken his place here.

An entertainment and Christmas tree was had at the school Thursday night, and Friday afternoon a tree well loaded with valuable presents was unloaded at the church for the older Indians, and all were well pleased.

Since the railroad is an assured fact it seems Palmehn is a very attractive place for some of our citizens, who stop over there for days at a time, while now is the time for farmers to stick the closer to their ranches and let transient men build the road and loaf.

Another Indian office official is expected here any day now, which makes three very recently visiting here. They must keep up their rounds and office inspections even if this is in the backwoods.

Now, Mr. Editor, since the whisky traffic in this part of the country is becoming so obnoxious I desire through your columns to ask a question and hope some well informed authority can explain it for I tell you many of the good citizens of this whole country are interested in this matter, especially where whisky is sold from a place where there is no incorporated law officials to protect the good citizens, viz. Who is authorized to say what constitutes a retail liquor dealer? Because if it is a man who first secures the petition of a majority of his precinct voters to the county court to grant him a license as a retail liquor dealer and it is granted them, he is surely authorized as such and can justly apply to the collector of internal revenue for a special tax stamp as a retail dealer. But upon the other hand, has the collector of internal revenue the authority to grant to Tom, Dick and Harry a special tax stamp as a retail liquor dealer whenever they forward to him the required \$25, and in so doing construe the option of saying who is a retail liquor dealer to be in his power and grant to any \$25 man this stamp and let this man set up a jug house or doggery under the nose of a law abiding community even ignoring county authority and the wishes of the community.
