Chinese Agree To Quit Burma

Bangkok, (AP)—U. S. Ambassador Edwin F. Stanton Monday expressed hope that arrangements will be completed this week for withdrawl of 13,000 Chinese Nationalist guerrilla troops from Burma.

Military representatives of the United States, Thailand, Burma and Nationalist China last week began talks on detailed plans for the evacuation through Thailand including surrender of arms.

Stanton said the Burmese and Nationalist Chinese are showing every indication of wanting to settle the touchy problem of the border of Red China as soon as possible.

However, it still is uncertain whether the guerrilla forces under Gen. Li Mi actually will lay down their arms and leave Burma even though ordered to do so by the Formosa government. Formosa has said it had little control of the troops, who were driven out of Yunan Province by the Communists in 1950 and have been training in the Burmese mountains ever since.

Measles Epidemic Shows Some Decline

Other cases of disease reported included: 14 German measles, 7 chickenpox, 6 mumps, 3 strep sore throat, 2 each enteritis, influenza, Vincent's angina and syphilis and 1 each of lobar and virus pneumonia.

Farley Heads U.S. Wildlife

Seattle (AP) — John J. Farley of Seattle was sworn in here Monday as director of the U.S. Fish and Wildlife Service.

He was appointed by Secretary of the Interior McKay to succeed Albert M. Day, longtime head of the service.

Ralph A. Tudor, undersecretary of the interior, represented the department at the ceremony. Tudor was here on his way home from Alaska, one of the major fish and game domains to come under Farley's direction.

Farley, a former assistant director of the California Fish and Game Commission, has been a public relations representative for the Crown Zellerbach Corp.

U. S. District Judge John C. Bowen administered the oath in the board room of the Seattle Chamber of Commerce, before a gathering of about 60 business leaders and government officials.
