YOUNGSTERS PICKET CLOSED SWIMMING POOL

Neighborhood children went to wade and swim in water works pool and are picketing the locked gates to dramatize their troubles. The park was closed for "security reasons" after the start of the Korean war, because in the park is the largest water supply for the city of Detroit. The city council closed the park for fear of sabotage which would cripple the city's water supply system. The city fathers have promised to take under consideration the reopening of the park and pool to the youngsters. (AP Wirephoto)

Seabees Top 13th District

Salem's Seabee reserve division will be competing with 11 other Seabee divisions in the United States for the Vice Admiral J. J. Manning trophy, awarded annually to the top Seabee unit in the United States.

The Salem unit, which is division 13-9, won the right to compete for the trophy by topping all of the divisions in the 13th Naval district, which has 15 Seabee units. The top division of the district is selected after all have been given their annual inspection by a board from 13th Naval District.

For the national competition the Salem Seabee division will be re-inspected, this time by a board out of the Navy department in Washington, D. C.

Organized first as a volunteer unit, the Salem Seabee unit, which now is commanded by Chief Carpenter Gilbert D. Anderson, was given organized status November 15, 1948.

Commander of the unit at that time was Lt. William C. Hill. Following Hill as commander was Lt. Donald Fisher, who was called for active duty. First commander of the volunteer unit was Lt. Comdr. Hollis W. Libby.

Power Shortage Seen by McKay

Seattle (AP) — Unless immediate preventive steps are taken, Secretary of the Interior McKay said Sunday, the Pacific Northwest will face a serious power shortage by 1960.

The former Oregon governor, here to attend the National Governors' Conference, added in an interview he will meet early next month with Army Engineers in an effort to arrange priority for projects under study.

"Remember that it takes several years to complete a project after it has been started," McKay said. "Just the normal growth of the Pacific Northwest will tax present projects."

The cabinet member declined comment on the proposed Hells Canyon Dam on the Snake River, beyond observing that "applications for licenses are now pending" before the Federal power Commission.

McKay said President Eisenhower is committed to conservation of natural resources both in the Pacific Northwest and elsewhere.

Doolin Held for Killing Wife

Portland (U.P.)—Wesley Doolin, 50, Prineville, was under guard in Good Samaritan hos- first degree murder in the death of his wife.

Doolin's wife, Bertha May, about 45, was found shot to death in a car near her home at Prineville Saturday. Doolin was found a short time later in a swamp suffering a bullet wound.

In Prineville, Crook county sheriff's deputies said Doolin admitted trying to kill himself but would not talk about his wife's death.

Doolin's condition was said to be serious, but slightly improved. Multnomah county sheriff's deputies maintained a guard at the hospital. He was brought to Portland after treatment at a Prineville hospital.

SP Would Close Two Crossings

Closure of two grade crossings across its main line tracks betwen Marion and Jefferson, is to be sought by the Southern Pacific company, according to a communication received from the utility Monday by the county court.

The letter states that the SP entered into an agreement with the county and state back in 1925 for the construction of an overhead crossing. The agreement contained a clause that provided for the closing of five grade crossings. However, two of them continue to be used, the SP states. One crossing carries the customary standard warning signs but the other has private signs.

In both instances, the letter states, the condition is hazardous to vehicular traffic for visibility is extremely poor.

The company suggests that if the private crossing cannot be vacated, the county should make application to the PUC for public use.

The SP company paid 40 per cent of the entire improvement.

New Title Given Harold Stassen

Washington (AP) — President Eisenhower Saturday nominated Harold E. Stassen to be director of the Foreign Operations Administration.

Stassen has been director of the Mutual Security Administration, which was abolished and given a new title under a reorganization effective Saturday. Hence the new nomination to give Stassen a new title.

JACKSON COUNTY CLERK

Stock Market
New York (AP)—The stock market shook off early nervousness and forged ahead Monday in a moderate manner.

Gains ran a little past a point in a few cases, but for the most part were in modest fractions.

Losses were scattered and not concentrated enough to hold back any major division materially.

Trading was brisk at times and mounted to an estimated 1,300,000 shares. The total was well above many recent days but remained under Friday's 1,350,000 shares.

Chicago Grain
Chicago (AP)— A good run of cash grain and nice rains in the Midwest upset corn on the board of trade Monday. Losses extended to a couple of cents.

Corn's weakness undermined other cereals. Wheat showed signs at times of wanting to go ahead, but gave up the attempt late in the session. Soybeans eased despite better prices for cash bean oil. Weekend rains were a help to the bean crop as well as corn.

Oats alone showed real strength. The September contract advanced around 2 cents at one time. Toward the finish heat gains were cut down. Buying in oats reflected poor yields of this cereal.

Wheat closed ½-1½ lower, Sept. 1.86½-¾; corn 1½ to 2 cents lower, Sept. 1.46-½; oats ½-1½ lower, Sept. 77½-¾; rye 1¾ to 2 cents lower, Sept. 1.32¾; soybeans 1¼-3¾ lower, Sept. 2.55¼-½, and lard 30 to 90 cents a hundred pounds power, Sept. 18.00.
