Saturday and Sunday on Channel 12, KPTV

Until the management has absorbed and assorted its combined programs, its own and that of KLOR schedules will be spotty. Viewers are advised to "Shop Around," take look at Channel 12, it might have what is scheduled or what it has had at that time in the past. Try, and see.

For those who may have missed the news stories and are on May 1 owners of old Channel 27 acquired Channel 12, previously designated as KLOR. The new owners are using their own name, KPTV for the combined property and will use the new channel 12.

Programs for future will be those of KPTV's affiliate NBC as in past and in addition any of the KLOR programs it can fit into its schedule or may seem desirable to keep.

Meanwhile TV editors and program directors are more at sea than the public believe us. Cheer up it will settle down in time. Ask anyone who has been a part of such a large consolidation, banks or newspapers!

So for this weekend, have fun, Tele shopping!

State Has Geological Map of Lebanon Area

PORTLAND (AP) — The state Department of Geology and Mineral Industries Thursday announced publication of a geological map of the Lebanon, Ore., quadrangle.

The mapped area lies chiefly in Linn County at the eastern edge of the Willamette Valley.

No metallic ores have been found in the area but there is an abundant supply of basalt rock, sand, gravel and clays, the department said.
