Woolen Mills Building.

Work on the Woolen Mills is going ahead now as rapidly as it can be driven. The pile driver has been in operation since the middle of last week, and a space one foot wide has been driven, connecting with Rosa's wharf and extending east to the east side of the Woolen Mill lot.

This space will form part of the wharf in front of the building. Today work was begun on the foundation proper and arrangements are completed to expedite the construction as soon as possible.

We received a note this week from M. R. Lee, who is at Rochester, Minn., and we learn that he and an expert from San Francisco are at work there getting the machinery for the new mill ready for shipment, which task will probably be finished in from four to six weeks.

The Company intends making a good job of the foundation and will put in a concrete bed for the boilers and engines to sit upon.

John Giles is in charge of the work now going forward, and is assisted by R. E. L. Bedillion, A. G. Erickson and Ernest Beak.

A Terrible Accident

On Friday afternoon while working in the camp of J. R. McGee at the old Steward place Scott Maple, a comparative stranger in this section, received injuries which must necessarily prove fatal. He was working in the woods, and at the time of the accident was standing about 35 feet from a log which was being pulled by a donkey, and from which the hooks pulled out, and the spring of the line throw the hooks with such force that two saplings which stood between them were cut off, after which they struck Mr. Maples. It is the doctor's opinion that one of the hooks caught him in the eye, tearing out a section of the skull about 1x4 inches, exposing the brain. His tongue was cut half in two and all his front teeth were knocked out, and many ugly scalp wounds were made.

The unfortunate man is 38 years of age, and all we can learn of him is from a letter sent to him from Okeene, Oklahoma, from a lady who addressed him as brother, and signed herself, Flora Lee.—Coquille Herald.

Veteran Encampment.

The Encampment has come and gone and was another of Bandon's successes, and the program, though lengthy, was carried out to the letter, and where all did so well, it would be difficult to say who did best, or what was best, but this must be said, that the Bandon Fire Department Band added greatly by the select and well rendered selections which they produced for the occasion, and there is a warm spot in the hearts of the old boys toward each and every member of the band, also towards Prof. Harris and wife for their kind services.

Everything passed away pleasantly and there was no time to become tired so rapidly did one feature follow in the wake of another. The only damping effect was caused by fog which settled on the second day, which cast its chilling effect over the scene.

The Ball, given under the auspices of the camp, was fairly well attended, the receipts being ample to cover expenses, although not large, and all enjoyed themselves.

The Camp Meeting.

The camp meeting, or re-union, of Latter Day Saints, at Lee, Coos Co., Oregon, closed Sunday night, August 28th, having been in session ten days.

There were twenty four persons in attendance from Bandon, and over twice that number from Myrtle Point and other places, making 80 to 90 persons in camp, all told. The principal speakers were Elders G. T. Griffiths, H. L. Holt and E. Keeler. The attendance was fair and the interest and attention was good as was also the order, and altogether a pleasant and profitable meeting was had.

There were two baptisms and one confirmation. Those baptized were Blanche Buell, of Looking Glass, and Charles Hunt, of Bandon. Frank W. Dygert, of Myrtle Point, was ordained to the office of priest. Besides those baptized there are several other persons very much interested and who will very likely obey the gospel and unite with the church in the near future.

The re-union was a success, and all in attendance enjoyed the occasion, and will carry pleasant recollections for many a day of kind and cordial treatment and association with the citizens of Lee and vicinity.

Monday morning saw most of the campers off for home, many leaving as early as five o'clock, and by evening the camp would be nearly or quite deserted.

Elder H. L. Holt took his departure for Looking Glass, and will go to Portland. Elder Keeler went to Myrtle Point to preach and fix up his home, and Elder Griffiths came to Bandon for a few days and will begin preaching tonight. Next Annual Reunion will be held at Bandon, August 6th, 1905.

Sour Stomach.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets, and the sour stomach may be avoided. For sale by C. Y. Lowe.
