ABOUT COUNTY CONVENTIONS.

There is considerable division among Populists and Democrats about the necessity or propriety of holding county conventions to nominate delegates and county tickets.

There is a wide-spread apathy about the present convention system, where the delegates are rounded up like driven cattle by a few bosses, where log-rolling combinations among the office-seekers make a slate, and the result is manipulated from start to finish. No man, however honest and intelligent, can take that kind of a nomination and be free to give the people his best service. Our advice to independent citizens, of all parties, is to religiously refrain from participation under such a nominating system.

The people can have direct nomination by petition, as the Salem citizens' administration was nominated, and that breaks the graft right at the start. There is the place to break it. Delegate conventions are the hot bed of the machine. The boodler and grafter, from men like Mark Hanna and Alger, down to our local corruptionists, dictate terms to public officials because they can make them believe that they were put into office by the grace of boodle and boss ism, not by the vox populi.

There are no state officials to nominate, but a justice of the supreme court and a dairy and food commissioner. Both the present incumbents of those offices, which are not political, are rendering satisfactory service to the people and discharging their duties in a fearless non-partisan manner, and will undoubtedly be re-elected in June. The delegates to the state conventions can just as well be appointed by the county central committees as to put the people in those parties to the expense of holding county conventions.

Dr. Bull's Cough Syrup Will Give Immediate relief to a child suffocating with the dreadful croup. Mothers, keep this reliable medicine always handy and it will save you many uneasy hours. It costs but 25 cents.

Road supervisors to be worth a whoop to the people should be nominated by the people. Avoid the fellow who schemes to get the job for what he can make out of it.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Why should any honest man who is opposed to ring methods take any part in push primaries and a county convention manipulated by a few bosses?

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, sores began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For The Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.

Judge Sears has delivered the unanimous opinion of the four judges of Multnomah county in the mandamus case of the State vs. Moore, sustaining the contention that district attorneys cannot retain divorce fees. The action was brought to test the law as to whether the fee required to be paid by the plaintiff in divorce suits belongs to the district attorney, as a perquisite of his office, or whether it must be turned over to the county treasurer. The opinion declares that under the salary law of 1889 the district attorney, who is authorized to appear in divorce cases on behalf of the state, is not entitled to receive the fee, but it must be turned into the county treasury; he is restricted by his specific salary, and is entitled to no fees outside of this.

Albany Herald: Every American citizen is entitled to his or her opinion in society, religion or politics. Radicalism never accomplished a single good result. Treat your fellowman with respect, even if his views are at variance with your own.

Men do not like to go to doctors. Nine times out of ten they wait until they are laid flat on their backs before they will consult a physician. There is some reason in this, for when a business man feels out of sorts and goes to a physician, he is often given violent drugs that make him, for a time, unfit for business and really sick.

There is a way of avoiding both extremes—that of neglecting the health and that of taking violent drugs that rack the entire system—it is always to keep on hand a bottle of Dr. Pierce's Golden Medical Discovery. If a man will resort to this great medicine whenever he feels that he is out of sorts and threatened with illness, he may keep in good health. It is the great appetite sharpener, blood-maker and flesh-builder. It fills the arteries with the rich, red, tissue-building blood of health. It does not make flabby fat like cod liver oil, but the solid, muscular and nerve tissues of health. It does not make corpulent people more corpulent.

"I want to inform you of a cure effected by Dr. Pierce's medicines," writes Mrs. Nelson Smith, of Mount Vernon, Jefferson Co., Ill. "About six years ago I had grip, ending with bronchitis and consumption. In the spring of 1896 my condition became very serious. I had consumption and I coughed day and night; could not lie down at all. Our family doctor said I could not get well. The neighbors came in to see me die, and a lady friend recommended Dr. Pierce's medicines so strongly that we immediately sent out and bought six bottles of his 'Golden Medical Discovery' and 'Favorite Prescription.' After using these medicines, found I was receiving benefit and continued. I weighed 100 when I commenced taking medicines, now weigh 140. I sleep well, have a splendid appetite, feel well, and believe I am entirely cured. I am thankful to God and to Dr. Pierce for these wonderful medicines. I want to add that I am a wonder to my neighbors and friends."

Dug Out.

The Lombardy Poplars which have for years adorned the front of Ex-Governor Lord's residence on High and Mission streets, have been dug out, which very much improves the appearance of that residence. New shade trees will be planted.

"Who Is Who."

The musical farce comedy, "Who Is Who," will be seen at the opera house next Wednesday night. The presenting company numbers twenty-four people, who are all talented players and vaudeville stars, headed by the well-known comic opera comedians, Posey and St. John. Hanging on a distinct comedy plot are almost enough catchy and up-to-date musical numbers for a comic opera, and clean and novel specialties by recognized vaudeville artists. This is the third successful season for "Who Is Who," and the management has spared no expense in making this, as the bills say, "the third and best edition." Seats on sale tomorrow.

Lady Minstrels.

Duncan Clark's Lady Minstrel Company with a large coterie of specialty artists thrown in forming a double company will be the attraction at the opera house Saturday night, "The Boston Globe" says: That it is worth seeing is shown by the two tremendous houses which greet the performance yesterday. The first part, a lady minstrel scene, introduced 30 pleasing young ladies in attractive costumes. The afterpiece was a burlesque on "Ermine," "The Arrival of Sullivan," etc., and introduced the entire company. A feature was the dudes' parade and the costuming throughout was in good taste. The programme is one that cannot fail to pack the cosy South End theatre afternoon and evening for the balance of the week. Seats are now on sale.

SALEM SCHOOL DISTRICT.

FACTS FROM OFFICIAL FINANCIAL STATEMENT--WHAT OTHER TOWNS ARE DOING

Direct Nomination Ballot for School Director is Asked From All Who Pay Taxes or Have Children to Educate.

There is a $100 property qualification required to vote at the school election in this district (which is neither just nor constitutional,) but until it is repealed it must be obeyed. But all citezens, male or female, who have children to school or pay taxes to support schools have a right to express their opinion as to public school policies and in the choice of a school director. To this end we invite all to fill out a Direct Nomination ballot for school director at the end of this column.

The records of the clerk of this school district contain two financial reports—one from March 6, 1899, to January 1, 1900, and another gives estimates from January 1, 1900, to July 1, 1900. WHAT OTHER TOWNS ARE DOING

THE JOURNAL sent out inquiries to a number of Oregon towns, asking answers to the following questions:

"1. Kindly inform us what number of mills school tax is levied in your district for support of public schools—not for repairs or buildings?"

"2. What grades are taught above the 9th grade?"

"3. Has your district a high school?"

The answers are printed as follows:

ALBANY.

1. Levy for support of public schools, outside of state and county apportionment, two mills.
2. Tenth grade is taught.
3. Yes, we have a high school.

VIRGIL PARKER, Clerk.

EUGENE.

1. We have a five mill school levy (but about $500 incidental expenses) for all purposes. Last year $2000 was spent for repairs and improvements.
2. The eleventh grade is the highest this year. School meeting voted to establis twelfth grade next year.
3. We have a high school which prepares pupils for entrance to the State University.

GEO. CRAW, Clerk.

OREGON CITY.

1. Six mills.
2. Tenth and eleventh grades.
3. Yes, we have a high school with 10th and 11th grades in connection.

T. L. CHARMAN, Clerk.

STAYTON.

1. There is no levy for school purposes.

2 and 3. There is a high school course, only consisting of the ninth grade and comprising algebra, physical geography, composition and book keeping.

A. P. HIRONS, Principal.

BUTTERVILLE.

1. There is no tax for school fund purposes.
2. The tenth grade is taught.
3. We have two years of high school work.

A. L. BRIGGS, Principal.

SALEM.

Levy for support of schools is six mills.

2. There is no grade taught above the eighth grade in any but the East Salem school.

3. There is no high school course.

Resolution adopted in March, 1899: "Resolved that the board of education be directed to confer with the principals employed for the ensuing year and ascertain if it is not possible without any increased expense to arrange the course of study and classes so that the eighth and ninth grade work shall be done in each school building."

At the school meeting held at Salem early in February, 1900, the board of education recommended adoption of a 10th grade.

It was moved by Dr Byrd that the recommendation of a 10th grade be not adopted. A citizen moved a committee of three to look into the merit of a tenth grade and report at the annual meeting in March. Lost.

The above facts about Salem school district, and other districts, are reliable and official. Our readers are invited to consider and discuss the situation in view of the coming school election March 13.

Brown Writes Smith All About What Happened to Jones.

CHICAGO, Ill., 19—

MY DEAR SMITH: Your pointer was a peach. I left for Chicago immediately after I saw you, and of course bought my ticket over the Wisconsin Central Ry, from St. Paul to Chicago. I had plenty of time in St. Paul to go up town and get my supper, as my train leaves St. Paul at 7:40 p. m.

I returned to the depot about 7:20. When passing through the gates the gateman said: "There's your train to the right." I handed my grip to the gentlemanly porter, who placed it in my berth. (You will notice I call this my train, while it really belongs to the Wisconsin Central. I could not help but feel that I owned the train, and even the road, the employes are so courteous.) I then prepared myself for the comforts in store. Well, talk about traveling! I have traveled all over the wide world, but never had a more delightful trip than this one from St. Paul to Chicago over the Wisconsin Central Ry. I retired about 10 p. m., and enjoyed a good night's rest in the Pullman Palace car; only woke up once during the night, and that was when the porter punched me and said: "Mr. Brown, don't snore so loud, you disturb the rest of the passengers." I at once fell asleep, and awoke again about 7 a. m. and prepared myself for breakfast; went into the dining car about 8 a. m., and partook of a most sumptuous meal. All meals are served a la carte, as you know. My entire trip was a delightful one. I will never case to praise the Wisconsin Central Ry., and I know your sentiments are the same.

Our friend Jones reached Chicago via another route and was six hours late. Consequently he missed connections for New York, and cannot make connection there with steamer for the Paris Exposition. Hence has given up his trip, and will return home via the Wisconsin Central Ry.

Your friend.

BROWN.

P. S. Since you were in Chicago, the Wisconsin Central Ry. have changed their terminals, and are now running into the Central Station, at Park Row and 12th st. This depot is also used by the Michigan Central Ry., Illinois Central and C. C. C. & St. L. 2-4tf

Salt Lake City---An Important Factor in Transcontinental Travel.

No one crossing the continent can afford to cut Salt Lake City from his route. The attractions of the place, including the Mormon Temple, Tabernacle and Church institutions, the Great Salt Lake—deader and denser than the Dead Sea in the Holy Land—the picturesque environment and the Warm Sulphur and Hot Springs, are greater to the square yard than any health resort on the American continent.

The RIO GRANDE WESTERN RAILWAY, connecting on the East with the Denver & Rio Grande and Colorado Midland Railways and on the West with the Southern Pacific (Central Route) and Oregon Short Line, is the only transcontinental line passing directly through Salt Lake City. The route through Salt Lake City via the RIO GRANDE WESTERN RAILWAY is famous all the year round. On account of the equable climate of Utah and Colorado it is just as popular in winter as in summer. Burlington Route

You Can Get a Lower Berth.

With one exception the through trains of the Burlington Route are almost invariably well-filled. The exception is our St. Paul-Chicago Limited. On the limited there is usually room and to spare.

Don't infer that it is neither so fine, nor so fast, as ANY train of ANY other line between St Paul and Chicago. On the contrary, there is no more beautiful train in America. It has electric light, steam heat, wide vestibules the most satisfactory dining-car service on the continent—and lower berth for everybody.
