Good Timepieces Deserve good care...

A godd Clock or Watch deserves fair treatment. Especially is this the case when some irregularity or mishap sends it to the repairers. It is seldom that there is any organic disease about a really well constructed timepiece. Usually it is only a slight local distemper, easily corrected by the skillful watch-doctor. But if it is entrusted to a bungler there is every likelihood that his clumsiness will result in some permanent, deep-seated disarrangement of some vital part.

It is scarcely necessary to say, to those who know THE BARR STORE, that it employs none but experienced and conscientious repairers. We promise promptness, fidelity, and skill in any Watch or Jewelry repairing entrusted to us.

NOBODY IS EXEMPT

A New Preparation Which Everyone Will Need Sooner or Later.

Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which, in many cases, are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition, they need only a little help, and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels, and often do more harm than good.

Purging is not what is needed. The thing is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten, and give the stomach just the help it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congestion condition of the glands and membrances. They put the whole digestive system in condition to do its work. When that is done you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them needed help and you will have no trouble.

It's a common sense medicine and a common sense treatment, and it will cure every time. Not only cure the disease, but cure the cause. Goes about it in a perfectly sensible and scientific way.

We have testimonials enough to fill a book, but we don't publish many of them. However, Mrs. E. M. Faith, of Byrd's Creek, Wis., says:

"I have taken all the Tablets I got of you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."

H. E. Willard, Onslow, Ia., says: Mr. White, of Canton, was telling me of your Dyspepsia Tablets curing him of Dyspepsia, from which he suffered for eight years. As I am a sufferer myself I wish you to send me a package by return mail."

Phil Brooks, Detroit, Mich., says: "Your Dyspepsia Cure has worked wonders in my case. I suffered for years from dyspepsia, but am now entirely cured, and enjoy life as I never have before. I gladly recommend them."

It will cost 50 cents to find out just how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide. 29-31-2
