REPAIRING THE MAGGIE.

The Vessel About Ready for Sea Once More.

For several weeks after it was announced on February 5th that the steamer Maggie and the schooner Berwick were ashore at the mouth of the Siuslaw river, it was feared by the residents of this valley that the career of one of the vessels had ended, and that the Maggie would prove a total loss; but the schooner has since made several trips to San Francisco and the Maggie will soon be ready to resume her ocean voyages in about as good condition as when she was built.

After the vessels struck efforts to get them afloat were made by the Umpqua life saving crew assisted by some of the people here, and the Berwick was taken off; but the Maggie remained on the beach and the attempt to get her off was about given up, when, on February 20, Captain Harry Andresen arrived from Portland and took charge of operations.

After about ten days of hard and dangerous work with the life saving crew and a number of other men he succeeded in getting the vessel afloat and brought her up the river and left her on the mud flat at Glenada.

He then went to Portland where, about five weeks later, he closed a contract with the Insurance company to put the vessel again in a seaworthy condition.

Captain Andresen returned from Portland with his men coming from Yaquina on the steamer Robarts, arriving here May 3rd and took charge of the repairs on the Maggie.

He proceeded at once to build and extend the ways and they are now capable of holding any vessel coming over the Siuslaw bar. The work on the ways was completed about June 12th and at midnight, assisted by the steamer Lillian, he made the first start to haul out the "Maggie," but the craft was leaking badly and was nearly filled with water and mud, and had to be towed back to Glenada and pumped out before another attempt was made which landed her high and dry upon the ways.

The work on the vessel is progressing rapidly and Captain Andresen thinks she will be ready for launching on Monday. The boat has been given a thorough overhauling and is now in a far better condition than ever before. She will be towed to Portland by the steamer Robarts about the middle of next week for final repairs on her boiler and engine.

BRYAN AND STEVENSON.

Nominated at Kansas City.

The democratic convention at Kansas City last week nominated Wm J Bryan for president and Adlai E Stevenson for vice president.

The nomination of Bryan was unanimous. For vice president Stevenson received 559 out of 934 votes the others being for Hill, Towne, Patrick, Carr, Smith, Danforth and Hogg in the order named. A stampede to Stevenson then began and many votes changed before he was declared the nominee.

GENERAL NEWS.

The battleship Oregon is to be docked for repairs at Koor, Japan.

Tacoma was the scene of a terrible accident July 4th. A trolly car jumped from a high trestle and 36 people were killed and over 60 injured. Reports vary as to the cause.

A London dispatch of July 9th says: The foreign consuls at Shanghai met on July 7 and officially announced that the legations at Pekin were safe on July 4. The foregoing statement, read with Consul Warren's dispatch to the Foreign Office, on Sunday, makes it possible to believe that the Legations will hold out for a number of days yet. Having fought to a standstill the first outbursts of fanatical fury, it is believed that something may intervene to save them. The news, after the sinister rumors of the last 10 days, is enough upon which to build hopes.

HUMORS, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

LA GRIPPE

Is now reaping a rich harvest. It is drawing thousands within its relentless grasp. Medical statistics compiled by the best physicians of the world show that over 60 per cent of the cases of acquired CONSUMPTION are due to LA GRIPPE. The consumption develops owing to the weakened state of the lungs produced by the disease. There are also other points of weakness. Refer to the numbers on the chart. Study each one carefully. Familiarize yourself with them. If you have an attack of La Grippe begin the use of HUDYAN as soon as the acute symptoms have subsided. HUDYAN will bring about the restoration to perfect health.

THE PARTS AFFECTED ARE:

1. THE MUCOUS MEMBRANE LINING OF THE BACK PORTION OF THE NOSE—It becomes inflamed and thickened, and a Chronic Catarrh is the result. HUDYAN will reduce the inflammation, produce a perfect circulation of blood and leave the mucous membrane in a perfectly healthy condition.

2. THE EAR DRUM; THE MUCOUS MEMBRANE OF THE EAR—It becomes inflamed and thickened, giving rise to almost total deafness. Hudyan will prevent the spread of the inflammation. The drum will not be affected and hearing will be unimpaired.

3. CHRONIC TONSILITIS OR CHRONIC SORE THROAT—From the same cause as the two preceding. HUDYAN will prevent its coming on.

4. WEAKNESS IN THE HEART—HUDYAN will strengthen the heart nerves, equalize the circulation of blood and cause the heart-beats to become strong and regular.

5-6. A WEAKENED CONDITION OF THE LOWER LOBES OF THE LUNGS, LEAVING THEM PRONE TO ATTACKS OF PLEURISY, PNEUMONIA AND CONSUMPTION—By its effect on the blood and nerves HUDYAN will cause the lung tissue to become strong and healthy and able to throw off the germs of the much dreaded pulmonary diseases.

7. LUMBAGO, OR WEAK BACK—HUDYAN will strengthen it almost immediately.

HUDYAN will cure all of the above symptoms and leave your whole system in a perfect condition of health. Go to your druggist at once and procure a package of HUDYAN for 50 cents, or six packages for $2.50. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco, or Los Angeles, Cal. Remember that you can consult the HUDYAN DOCTORS FREE. Call and see the doctors.
