Joke on the Professor.

Professor F. Seley, of the Willamette University College of Music, came over from the Siletz yesterday, where he had spent few days on his farm. He reports a good time in the woods, and acknowledged that a joke was played on him when a number of the Siletz Indians gave him their votes for county superintendent of schools on the ground that they wished more attention paid to music in the public schools, and they hoped to bring him before the public with a view to securing his nomination and election next time.—Albany Herald.

SSS THE OLDEST AND BEST BLOOD PURIFIER

THE GREATEST OF ALL TONICS.

A Spring Medicine that adds vigor and strength to the system, purifies and enriches the Blood, and lays the foundation for a strong constitution and good health during the hot sultry summer.

Most everybody feels bad in the spring. Some have no particular ailment but are just tired, worn out and totally unfit for work or anything else that requires energy or effort. They mope around upon the border-land of invalidism, irritable, peevish, hysterical and unreasonable.

A good appetite in the spring is a rarity, and we sicken at the sight of food, or thought of eating, and what little we do eat is a burden to the stomach and a tax upon the digestion.

Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have been collecting in the blood and system during winter, and you may look for some old chronic trouble to make its appearance. It is a time, too, when boils and carbuncles, and pustular or scaly skin eruptions like eczema and tetter, pay their annual visits and make life miserable by their intense pains and intolerable itching and burning.

The fight for health should begin before any warning symptoms of physical collapse are felt, or before the seeds of disease have time to germinate if we would avoid the usual spring sickness; and with S. S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

Gentlemen: For over four years I suffered with general debility, causing a thorough breaking down of my system, so that I was unable to attend to my household duties. I had tried other medicines, which did not relieve me. Seven years ago my cousin, who had been benefited by S. S. S., told me about it. I tried it and it cured me. I have been able to attend to my household duties ever since, experiencing no inconvenience whatever; in fact, I am able to work in the garden as well as my house.

I heartily recommend S. S. S. to all who may feel the need of a thoroughly good blood tonic, feeling sure they will be benefited thereby.

Yours truly,
MRS. JOSIE A. BRITTAIN,
44 W. Ninth St., Columbia, Tenn.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of $1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.
