THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, Inflammation and Ulceration, Falling and Displacement, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Local Weaknesses than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors in an early stage of development.

Irregular, Suppressed or Painful Periods, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility quickly yield to it. Deranged organs, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system.

It quickly removes that bearing-down feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the organs, which this medicine surely cures. Chronic Kidney Complaints and Backache, of either sex, the Vegetable Compound cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

Big Factory Deal Closed.

New York, Jan. 18.—Papers were exchanged today in the biggest single transaction of factory property ever closed in this city. Through the agency of Easton & Co., real estate brokers, the Higgins Carpet factory property was leased to a client for 99 years. The lease involves an aggregate rental of more than $3,000,000. The property is owned by Eugene Higgins and comprises 24 factory buildings, occupying all but four lots of the entire block bounded by West Twenty-third and Forty-fourth streets and Eleventh and Twelfth avenues. The buildings have a floor capacity of more than 400,000 square feet. Easton & Co. have already sublet more than 100,000 square feet of this space for new lessees. Until a year ago the property was occupied by the Hartford Carpet corporation, successors to the Higgins Carpet company.

A Grim Tragedy.

Is daily enacted in thousands of homes, as Death claims, in each one, another victim of consumption or pneumonia. But when coughs or colds are properly treated, the tragedy is averted. P. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's new Discovery for consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by J. C. Perry, druggist. Trial bottle free.

The Czar has been so busy dodging that he has not had time to suggest that the whole matter be taken to The Hague for settlement.

Many Candidates for Mayor.

Scranton, Pa., Jan. 18.—The Republican primaries are held here today and there will be a lively contest for the Republican nomination for mayor. The number of candidates for the nomination is unusually great and the candidates are, as a rule, men of high standing. J. Benjamin Dimmick represents the reform element, although the municipal league, through its head, E. B. Storrs, disclaims the assertion that Mr. Dimmick is the candidate of any faction. He has not been connected with politics except as a member of the school board. He is one of the officers of The Alliance Francaise and is an accomplished French scholar. Another candidate is Mark K. Edgar, director of public works, and one of the leading members of the board of control, is also a candidate, as well as is F. L. Wormser, ex-director of public safety.

REDUCTIONS ON DAMAGED GOODS AND ON GOODS WE WISH TO CLOSE OUT

GOLDEN RULE BAZAAR,

Mrs. B. T. Swart, Prop., Y. M. C. A. Building.

THREE-FOURTHS REPUBLICAN

Registration All One-Sided Politically--Candidates Registered

The register of voters, which is now being rapidly compiled by County Clerk Roland and his assistants reveals the fact that the early registrations are overwhelmingly Republican.

Out of every hundred voters who have registered so far, 75 are Republican, 18 are Democrats and 7 are scattering in their political allegiance. About one per cent have refused to give their politics.

The petitions of candidates for the various offices are beginning to arrive at the county clerk's office. The candidate for nomination on his party ticket must present a petition signed by enough voters to make at least two per cent of the total vote cast at the last congressional election in the county to be attached to each petition. These names must appear on the roll of voters now being compiled, and must represent at least eight precincts in the county.

The petitions filed to date are all those of Republican candidates, the Democrat registration not being large enough yet to secure the requisite number of names on a petition.

The candidates who are registered so far are as follows:

For recorder: Wm. L. Jones, Jefferson, Or.; Chas. P. Elgin, 472 Liberty street, Salem; David G. Drager, Mehama, Or.; John B. Gleay, Salem.

For county clerk: R. D. Allen, 644 University street, Salem.

For county treasurer: T. B. Patton, Macleay, Or.

For representative: J. H. Settlemeir, Woodburn, Or.; S. A. Hughes, Salem; Oliver Beirs, Mission Bottom, Or. The two latter will support the choice of the people for U. S. senator.

For justice of the peace: Woodburn district, H. Overton; Salem district, Alfred E. McIntire.

For constable: Stayton precinct, Henry Smith; Woodburn precinct, Amos Beach.

Spoiled Her Beauty.

Harriet Howard, of W. 34th street, New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum or eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at J. C. Perry's drug store.

DUBLIN EXPOSITION WILL SHOW PROGRESS

Advance of the Past Six Years in Ireland to be Celebrated.

(Correspondence.)

Dublin, Jan. 5.—Amazing evidence of the extent of Ireland's industrial awakening will greet the visitor to Dublin's great world's fair next year. Preparations for the exposition are being pushed forward with an energy in no way impaired even by the activities of the seven political parties who are taking part in the general election. Of the change that has come over the Irish spirit there can be no more impressive evidence than the applauding of Orangeman speakers in Cork and Dublin when they declare that Catholics and Protestants must be Irishmen first, and make their main object the welfare of Ireland.

This is only one of the indirect results of the campaign for industrial and agricultural improvement that began in 1899 with the establishment of the Irish Agricultural Organization society. Later the government department of agriculture and technical instruction took up the educational work of the younger body.

The Dublin international exposition of 1907 will show that these two organizations have not worked in vain. Their well planned efforts to show the Irish farmer how to make the most of his land, how to cooperate in the purchase of his modern machinery and the marketing of his crops, and the establishment of more than 200 agricultural banks have had splendid results. In all over 800 co-operative societies (fifty of them for home industries) have been formed by the "I. O. A. S."

In the industrial field the department of agriculture and technical instruction has done even more for the betterment of Ireland. It has established 200 science laboratories and manual training schools, and it general program of scientific education is in operation in 400 schools which have nearly 40,000 pupils. The fruits of this five years' work are seen every day in the increase of Ireland's manufacturing output. Over 70,000 people are employed in textile industries and the home or "cottage" industries are likewise prospering. There never was so large an output of nor a better demand for Irish laces and embroideries. Ireland is training its own skilled labor for all kinds of manufacturing industries and educating the most skillful dairymen, poultry raisers, farmers and cattlemen.

The exposition of 1907 will worthily celebrate the progress Ireland is making. The necessary funds have been guaranteed, and nothing now stands in the way of the entire success of the undertaking both from a national and international point of view.

A Serious Mistake.

It is a serious thing to neglect your heart.

The moment you detect any weakness or irregularity, such as short breath after exercise, palpitation, fluttering, weak or hungry spells, pain in breast, side or shoulder, or uneasiness when lying on left side, you should take Dr. Miles' Heart Cure; it rarely ever fails to relieve all these symptoms.

If not promptly restored, chronic heart disease soon develops, and then it only remains for some sudden strain to completely exhaust the heart.

Thousands of hopeless cases have been cured, and if you do not try it, it will be the greatest mistake of your life.

"When I began taking Dr. Miles' Remedies I was in a very bad condition. I had stomach trouble, with severe distress after eating. My heart hurt me, and I had shortness of breath, palpitation. My pulse was irregular, and my feet, ankles and hands were swollen. Every month at regular periods I had severe pain. I wrote Dr. Miles' Medical Co. and they advised me to take Dr. Miles' Restorative Nervine and Heart Cure. I soon noticed an improvement, and I continued the medicine until I was completely cured. I feel like a different person. In fact I have not felt so well for 20 years."

MRS. ALEXANDER WILSON, 1003 Barton St., Richmond, Va.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind

BASKET BALL SEASON

The inter-collegiate basket ball season for 1906 will open in earnest Friday night, when the team from the University of Oregon will endeavor to defeat the Willamette boys in this city. That it will be an interesting match goes without saying, and that Willamette will be the winner is the firm opinion of the local players, but it is understood that the boys from up the valley have different opinions.

Willamette has never been defeated in basket ball by the university of Oregon and the members of this year's team say that the visitors will not do the trick this time. According to reports from Eugene, however, the 'varsity is represented by the strongest team that it has ever had, while this much can not be said of the Salem players. Pollard, who stars in basket ball equally as brilliantly as he does in football, says his work is too heavy to permit of his playing, and he has not donned a suit. Judd, the reliable forward, will not be in the game for the same reason, while Kinney Miller, the other old forward, was graduated last year.

When the Salem team takes its place on the floor Friday night it will be found that only two of the old warhorses are in the game, namely, Whipple and Simpson. Whipple has been moved from guard to center, and it is thought that he will play a better game there than in his old position. Captain Simpson will be in his old position at guard. The other guard position will be played by Parcel, who learned the game while representing the Vancouver athletic club, or by Nelson, the doughty center of the football team. Parcel played the position at Newberg last week, and gave a good account of himself, but at present is laid up with a cold, which may prevent his taking part in the game.

There are three men available for forwards, and these will probably alternate. They are Gray, Moore and Grannis. The two former are small, but what they lack in size they hope to make up in speed.

The students of both institutions are looking forward to the match with a great deal of interest and a large crowd will no doubt witness the game.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients *in plain English*, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on every bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisons or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases, sold by druggists, that does not contain a large percentage of alcohol, which, is in the long run so harmful to a woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such *professional* endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's *free* for the asking.

Golf Meetings in the South.

Pinehurst, N. C., Jan. 18.—Many golfers from the north are here to attend the annual mid winter golf tournament under the auspices of the Pinehurst country club, which has among its members many prominent social people of New York, Boston and other large cities of the east. The Pinehurst mid winter tournament has rapidly gained in favor during the past few years and this year about 150 players are entered for the various contests. The meeting is an open one and is conducted on the customary medal and match game plan.

Mexico City, Jan. 18.—The second annual golf tournament under the auspices and on the links of the Mexico country club at San Pedro de los Pinos, a suburb of this city, began today with a large number of entries and a large gallery of wealthy Americans visiting in Mexico. The golf links are among the finest in the south and are kept in excellent condition. The contest will be for the championship of Mexico and will be over a course of 72 holes. The tournament will last three days and on the last day there will be a match game for teams of four amateurs, 36 holes against bogy.

Imperfect Digestion.

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50c a bottle. Sold by D. J. Fry.

Quebec Legislature Meets.

Quebec, Jan. 18.—The Quebec legislature has been called to meet today for its regular session. It is expected that the session will be very short, as there are no matters of any serious importance which demand the attention of the legislature just now.

CASTORIA.

Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

DR. KUM

Wonderful CHINESE DOCTOR

Will treat you with Oriental herbs and cure any disease without operation or pain.

Drafting Reform Bills.

Philadelphia, Jan. 18.—The subject of legislative reform will be the subject of discussion at a mass meeting of the committee of seventy to be held at the academy of music this evening. Many distinguished men from all parts of the state have been invited to attend this meeting and take part in the discussion of the various reform plans. Drafts of the various reform bills, prepared in accordance with the suggestions of Governor Pennypacker, will be submitted and thoroughly discussed.
