HIGH SCHOOL ATHLETICS.

Debating Considered by the Valley Educators.

Eugene, April 1.—A meeting of the city school principals and superintendents of Western Oregon was held at the high school building at which was discussed the formation of a high school inter-scholastic league with Southern and Northern divisions and providing for champion teams, making regulations uniform and doing away with troubles that have affected high school athletics. The regulations are to be put in form and presented to each school for adoption.

Another question discussed was formation of a double triangular league among the Western Oregon high schools. This will be taken up by the schools and further considered at a meeting of instructors at Salem in July.

Those in attendance were: Principal Marlott, of Salem high school; Supt. Sanders, of Albany school; Supt. Davee, of Roseburg schools; Supt. Arnold and Principal Cleveland, of Eugene schools.

THE FARMER'S WIFE

is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood.

Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, Sores or Ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, purges out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid, or "lazy" liver with the usual accompanying constipation, or dyspepsia and its attendant disarrangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the testimony of leading teachers and practitioners of all the schools of medical science, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editoral staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "In Helonias we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Dr. Pierce's Favorite Prescription faithfully represents the above named ingredients and cures the diseases for which they are recommended.

Dr. Pierce's Pleasant Pellets are *the original* Little Liver Pills, first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. Easy to take as candy.

Oregon vs. Illinois.

J. W. Bellamy writes from Salem to the Benton, Ill., Standard:

"Now, dear brother, do not claim that Southern Illinois is 'all' of God's country. This valley is the fairest of ten thousand. The weather is fine. The grass is green. The roads are good all the year round, compared with the roads in Illinois. The snow capped mountains in the distance look fine, but I have no desire to be on them. The valley suits me much better."

The Illinois editor who seems to live to eat, has this reply:

"Well, we have green grass here also. Fine weather, when it is fine. Good roads in a dry season, and what is the good of a mountain when you can't eat it?"

RICE.—At the home of A. A. Underhill, Mission and Thirteenth streets, Salem, Oregon, March 30, 1907, at 10 p. m., after a short illness, aged 58 years.

Mrs. Rice was a sister of Mr. Underhill, of this city, manager of the Capital creamery. She had recently sold a farm near Troutdale, and removed to this to live. She was in poor health and never left her bed after being taken down. She was a member of the M. E. church at Fairview, and the funeral occured at 2:30 today.

Just Because

Your cough is only in the thorat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to Pneumonia, Bronchitis and Consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by D. J. Fry.

Woodburn will see several new buildings this year, if present plans materialize.
