ORIGINAL DEFECTIVE

Morning Daily Herald

SPECIAL, 12:30 A. M.

Not to see our stoves and ranges before buying is a mistake. Mistakes are always costly. In heating stoves we have the largest as well as the most carefully selected stock in the city. The stoves we offer were not bought as an experiment but as a certainty. We know what each stove will do, and they were bought for cash, so the price is right. We have specialties in heaters, beside our regular lines of Garland, Argand and Superior stoves and ranges.

GEO. W. SMITH.

ON SALE.

The DAILY HERALD will be on sale each morning at H. J. Jones' book store, where it can be procured at 5 cents per copy.

JOTTINGS ABOUT TOWN.

Use elegant lotion for tan.

A fine line of parasols at E. C. Searls'.

Go to James F. Powell & Co.'s for groceries.

E. H. McAllister of Eugene, is in this city.

M. A. Miller of Lebanon was in the city yesterday.

Paisley & Fish do the cheapest printing. Try them.

Ladlows $3 Ladies shoes all sizes and widths at E. C. Searls.

Warranted garden hose at Matthews & Washburn's.

Miss Amelia May, of Harrisburg, is visiting in this city.

The Russell-Jewell Dramatic Co. Friday and Saturday evenings.

Ladies buy the Burlington fast black hosiery at E. C. Searls.

The best lawn sprinkler in the market at Matthews & Washburn's.

A good second hand organ for sale cheap at the art studio over Linn County bank.

The Foster genuine hook glove, "Fosterina," in black and colored at Samuel E. Young's.

Novelties in wash dress fabrics. The largest stock in the city at Samuel E. Young's.

Remember Taylor's evening party and musical soiree at the W. C. T. U. hall this evening.

J. L. Cowan sold to J. R. Kirkpatrick Saturday 30½ acres of land adjoining Lebanon for $6000.

Taylor's inimitable "Mocking Bird" song with banjo accompaniment is alone worth the price of admission.

Phil Smith has sold the Lebanon hotel to Mr. Waldo, recently from the East, who will assume control of it at once.

The Albany Advertiser is the name of a neat little four column real estate advertising medium issued by C. W. Watts in this city.

Delicious dried beef, chipped to order, full cream cheese, lunch tongue, sardines, and a full line of lunch goods at Spencer & Blackburn's.

The idiosyncrasies of mankind is a frightful wonder. They must have bargains. This is confirmed daily by the crowd seen at Conn & Hendrickson.

Mattie E. Martin, of Portland, is prepared to give instructions in all kinds of oil painting at the residence of Mr. Bentley, corner of Sixth and Calapooia streets.

A good drug store and a druggist in five towns for sale. Also a choice list of city property for sale on easy terms. Enquire of Innes & Hedrick over First National bank.

The Russell Jewell Dramatic Co., who are well and favorably known to theater goers in this city, will play two nights, on May 15 and 16. The opening play will be "Our Boys."

We have a very fine line of kid gloves, in both lacing and button. Would especially recommend the Juno as the best fitting as well as wearing glove made. For sale only at W. F. Read.

Hubbard's headache capsules do not contain opium, morphine or any opiate whatever, neither do they contain antipyrine. They are a safe and sure cure for either nervous or sick headache.

A telegram announcing Dr. McAlister to Tacoma, announces the serious illness of Franklin Flindt, daughter of Mr and Mrs. H. Flindt, former residents of this city. The trouble arises from dropsy of the heart and lungs.

Messrs. W. S. Hamilton, T. R. Sheridan, J. R. N. Bell, S. C. Flint, J. C. Fullerton, G. A. Taylor of Roseburg, and Dr. Harry Lane, of Salem, have taken the initiatory steps for the incorporation of a street railway company to run through the principal streets of the city of Roseburg.

The meeting for the purpose of organizing a Philharmonic society will be held at the W. R. C. hall at 4 o'clock this afternoon. Tom Palmer, who is undertaking this important musical work is a thorough teacher and the enterprise deserves to meet with success. All ladies interested in vocal culture are invited to be present.

Joseph Hume, of Astoria, is married again. The Astorian gives this little history: "Some time ago he got a divorce from his wife in Berkeley, then after a while they were reunited; then were divorced again. The new Mrs. Hume was a Miss McBeth, a daughter of Dr. McBeth, of San Francisco. She is 22 years of age, beautiful and accomplished. Before marriage Joseph settled $50,000 on her. They have gone to Paris."

FROM ALBANY TO ASTORIA.

The Surveyors Going Into the Field to Complete the Location of the Line.

Chief Engineer W. E. Barr, of the Albany & Astoria railroad, will leave this city in a few days, with a force of surveyors, for Astoria, where he goes to complete the location of the line of the road from Astoria to Tillamook. The route is already surveyed from Albany to Tillamook, and as soon as the survey of this last 60 miles is made it is expected that graders will commence the work of construction, beginning on the Astoria end of the line.

The company already has a railroad construction plant, and it is said by those on the inside that a large force of men will be put to work grading the road that is ultimately to connect Albany and Astoria.

Oregon Pharmaceutical Association

In pursuance to a call issued a number of druggists of Portland, East Portland and Albina met at G. A. R. hall on Saturday. Among those present were Dr. O. P. S. Plummer, L. G. Clarke, Dr. Fisher J. A. Rupert, J. H. Hageny, Alfred R. Ackerman, W. S. Love, William Munger, H. P. Dietrich, W. D. Cottle and Ivan Humason. The meeting was called to order by Dr. Dietrich, and the following temporary officers were elected: L. G. Clarke, chairman; Ivan Humason secretary; H. P. Dietrich, treasurer. Dr. O. P. S. Plummer was elected chairman of a committee of arrangements for a meeting to be held June 10, and the following gentlemen were appointed as such committee: L. G. Clarke, H. P. Dietrich, W. M. Wisdom, J. H. Hagedy, R. A. Wilson and Ivan Humason. The object of the meeting to be held on the 10th is to form a state pharmaceutical association, also to endeavor to secure the passage of a good pharmacy law by the next legislature. Railroad companies have promised a liberal reduction on fares to those attending the meeting, and a large attendance of druggists from all over Oregon is expected.—Oregonian.

Goods Words for Yaquina.

The Portland Real Estate Review says: Yaquina is the coast terminus of the Oregon Pacific road, which is the western stem of the great Northwestern railway system, making its connection at Boise City. The road is already constructed east from Yaquina as far as the Cascades. A great amount of work has been done on the roadbed westward from Boise City, and in less than eighteen months the through connection will be completed, giving the most direct route from Chicago to the Pacific Ocean and to one of the safest and finest harbors on the west coast. The completion of this road will greatly facilitate Eastern trade, shipments and the development of Middle Willamette resources. The completion of this road will make Yaquina one of the most important of Oregon and Washington coast cities.

Bright Prospects.

The Oregonian says that a farmer of the Walla Walla valley who came down yesterday to see about procuring sacks for the coming crop, says the prospects for that section are brighter this year than ever before. A bountiful crop is assured and in addition to this the Pacific Elevator company has agreed to furnish standard Calcutta sacks, of the importations of 1889-90, to the farmers of the Walla Walla valley for 6 cents, and to the farmers of the Palouse country for 6½ cents, delivered along the railroad. This is from 2 to 2½ cents lower than the sacks were furnished last year, and will effect quite a saving to the farmers.

Enlarging Their Business.

Mr. H. J. Hopkins of Fond du Lac, Wisconsin, having purchased the interest of Mrs. Saltmarsh in the firm of Hopkins & Saltmarsh, Messrs. Hopkins Bros. are enlarging their business and in addition to their line of stoves and tinware will manufacture galvanized iron cornice, window caps, pilasters and all kinds of ornamental galvanized iron work. The new member of the firm has had 15 years experience in this branch of the business, and all contracts made will be carried out in a satisfactory manner, and in as good style as can be done by sending abroad for such work.

Coming Passengers.

The steamer Willamette Valley arrived at Yaquina yesterday morning with the following list of passengers, who reached this city on the regular train: Mrs. T. S. Spaulding, Miss M. Spaulding, Miss C. Spaulding, Mrs. C. Westlake and child, C. W. Westlake, E. Pollevien, H. Richmond, V. Theriault, S. G. Wood, S. F. Thayer, Wm. Peterson, W. N. Porter, S. F. Belle, C. Mason, M. Kane, W. W. Bradley, J. Martin, J. McGregor, R. Young, J. Kelly, J. Fitzpatrick, S. B. Samson, C. P. Condon, G. H. Miller, J. O. Weir, Geo. Ender.

The Scio Railroad.

Surveyor J. A. Warner, of this city, will leave this week for Scio to make the survey of the railroad from Scio to Mankers, for which undertaking a company has been organized at that place. The distance is about two miles. The road will be standard gauge, and the Oregon Pacific cars will run over this branch, giving Scio rail connection with the outside world.

Lebanon's Paper Mill.

McNeil Bros., of Lebanon, who have undertaken the work of establishing a paper mill at that place, will commence work on the same next week. They also own the flouring mill there. They propose to put in a complete paper mill plant.

IN THE SANTIAM MINES.

Letter from a Miner Who Was Alone in Mountains Three Months.

The real estate Advertiser of this city says that on February 22nd last, Dr. Barker came out from the Santiam mines leaving G. P. Harris, an experienced miner, intending to return in a short time. The heavy snows that fell, however, prevented his returning and Mr. Harris has since remained in the mountains all alone, day by day faithfully delving for the riches which lie deep down in the earth. A letter received from him this week says he is hale and hearty but has had plenty of opportunity for pensive meditation. A quiet life all sounds very well, but three months of solitary life, shut in from all civilization without even a dog or a cat as a companion, is not so pleasant.

He has been working in the "G. B." and "King Solomon" mines having run a tunnel 80 feet deep in the former and over 25 into the latter. The quartz at the surface of these ledges assayed $15 gold to the ton and gets better as they go down. When it is remembered that ore will pay at $5.00 to the ton, delivered at the mill, it can be seen these mines are a fortune to the owners now, aside from the fact that every new development proves them richer than before.

There need be no surprise if in a few years, as their value becomes known to outside capitalists, who are ever ready to invest capital in paying mines, to see thousands of men working these mines, which now commands but passing attention. When this is the case Albany will be the furnishing point and will add to all her many other untold advantages that of the bustle and hustle of a true mining city.

Lake Labish to Be Drained.

The Salem Statesman says: that the Marion county court has granted the petition of M. L. Jones, F. J. Beatty, C. M. Irwin, J. H. Albert, H. W. Cottle, R. P. Boise, Thos. Brice, I. Dunlap, W. E. Stephens and Susan Fisher, who prayed that the Lake Labish drainage district be established in accordance with the law now in force upon the subject of drainage. If the provisions of the law are carried out, as it is supposed now they will be, this will result in the complete drainage of the Lake Labish district, near Chemawa, which will redeem several thousand acres of land heretofore of little value or use.

The Delegates Elected.

The newly elected board of school delegates took their seats last evening and the old board retired. The new board then proceeded to elect officers for the ensuing year as follows: President, W. M. Parker; clerk, Alonzo Engelsby; secretary, Mr. D. Phillips; of Rosene Hook and Ladder Co.; treasurer, David Kirk, of Linn Engine Co., No. 2. The one ballot was required in an adjournment to Poulsen's hall, at which time the newly elected officers assumed the duties of their offices.

To the Front.

Manager Wm. M. Hogg, Walla Walla and superintendent for the Oregon Pacific railroad, went to the front yesterday on a special train. At Gates'ville they met Judge Skipworth, of Marion county, and the county commissioners, and only waited long enough for a hasty inspection of the Mineral land, which has recently been opened up by the railroad. It is believed the railroad settlement of this region will be reached.

Steamboat Inspectors.

Col. McDermott and the other members of the board of U. S. steamboat inspectors came up on the Southern Pacific train last night and were conveyed on a special train to Yaquina, where they go to inspect a new steamboat that is to operate on the bay this summer.

Lots of Logs.

Yesterday E. N. Moores, manager of the Capital lumbering mills, of Salem, accompanied by E. L. Tomlinson, foreman of the yards, came to Albany and proceeded up the north fork of the Calapooia river where the company has over 1,000,000 feet of logs ready to float down to the mills. Manager Moores will have them measured on the grounds and take possession of them.

Beautify the Court House Grounds.

In accordance with the recent action of the county court, the fence around the court house grounds will be sold at auction on the 21st inst, and the grounds will be beautified by a lawn and the proper trimming of the ornamental trees. An advertisement of the sale of the fence will be found in the HERALD's advertising columns.

Change of Officers.

R. H. Miller having resigned as treasurer and assistant secretary of the Gold Mountain and Dry Gulch Consolidated Gold and Silver Mining company, Claud Gooch was elected treasurer and Seth Brunner secretary to fill the vacancies till the annual stockholders meeting.—Salem Statesman.

Fined $20 Each.

Constable Pat Kale took 10 of 14 in Justice Humphreys' court yesterday morning on a charge preferred upon the complaint of Mrs. Graham, near Millers, last week. They were found guilty and were fined $20 each with costs, amounting to $70. The line was paid and the two defendants were discharged.

Elegant new dining cars, Pullman palace and free family sleeping cars run through on express trains to Denver, Omaha, Council Bluffs, Kansas City, St. Louis and Chicago, via. Union Pacific railway. C. G. Rawlings city ticket agent, Broadalbin street.

MATTERS AT THE SEA.

The Subsidy of Two Hundred Thousand Dollars.

There were several descriptions to the subsidy sterday, among them one from E. S. Ainsley and A. W. Burgy, of $5,000. Same were also reported from Skipanon, S. D. Adair $2,000, F. C. Wilcox, Lassen, T. Coffman, Hector Jones, Matlier, etc.

The mode of opening of the matter so far as placing security is as yet indefinite. Of course though the $200,000 is not to be paid till the road is completed, yet the amount must be pledged as a whole, and in such a way that when the time comes the money is ready. It might be placed in some bank, drawing the usual long term rate of interest, or some surety or trust company might take the matter and act as intermediary between the subscribers and Mr. Huntington. This is only speculative and some means will be devised that will be mutually satisfactory.

The papers of director of the Astoria and South[illegible] company's property to C. H. Hoburg in the former and over 25 into the latter. The quartz at the surface of these ledges assayed $15 gold to the ton and gets better as they go down. When it is remembered that ore will pay at $5.00 to the ton, delivered at the mill, it can be seen these mines are a fortune to the owners now, aside from the fact that every new development proves them richer than before.

There need be no surprise if in a few years, as their value becomes known to outside capitalists, who are ever ready to invest capital in paying mines, to see thousands of men working these mines, which now commands but passing attention. When this is the case Albany will be the furnishing point and will add to all her many other untold advantages that of the bustle and hustle of a true mining city.

Carline Foss, No. 1, [illegible] has purchased a handsome [illegible] yesterday, paid for it, and on Friday will present it to the school at Upper Astoria. A procession headed by the drum corps, the members of the Grand Army, followed by the pupils, will start from the Astoria school at 2 p.m. to the Cedar street school and then proceed to the Upper Astoria school, where the flag will be presented, and interesting exercises will take place.

Still Coming Up.

The Sunday Oregonian says: The Columbia river is still coming up, and present indications show that the rise is likely to continue. Yesterday advices were received from points falling in the upper river district and [illegible] were falling there. Advices received at the joint executive office from the Union Pacific's agent at The Dalles states that the Columbia had risen twenty inches Friday night, in comparison to a rise of but nine inches the night previous. The snake rivers reported at a stand. The Willamette is still coming up rapidly, about one-third of an inch an hour—the gauge at Eugene last evening showed 3 feet 8 inches, which is above the mark. Nearly every point east of the Cascades the weather is very moderate. The following report was officially received by the Union Pacific company: Boise City, 62; Hood River, [illegible]; Baker City, [illegible]; Umatilla, [illegible]; Pendleton, [illegible]; Walla Walla, 65; Dayton, [illegible]; Spokane Falls, 58; Colfax, [illegible]; Lewiston, [illegible]. The water has commenced rushing its way into some of the Grand street cellars, and merchants have been forced to remove the goods to places of safety.

Removal Removed.

Mr. Gerlach is [illegible] from the [illegible] to the [illegible] building, [illegible] Second street, opposite the Revere hotel, where he will be pleased to see his friends and customers.

Fine Corner.

The corner of Lyon and Washington streets is undergoing thorough repair, which when completed will be the prettiest store in the city. In the meantime business will go on as usual with as good promptness and [illegible] as ever. Call and be welcome. Here is our new stand.

SPENCER & BLACKBURN.

Improvements at Independence.

Geo. L. Dodge, who has returned from a trip through Polk county says that the rails for the motor line between Monmouth and Independence are on the ground and that the rolling stock has been ordered. The town of Independence is soon to have electric lights, and has a new steam saw-mill in operation, all of which gives that town a healthy impetus and growth.

Two Trains Daily Between Portland and Spokane Falls.

Effective May 11th, 1890, the Union Pacific system will establish two daily trains between Portland and Spokane Falls. Pullman Palace sleepers and reclining chair cars will be run between Portland and Spokane Falls with change. This new arrangement will afford both local and through passengers additional and unsurpassed facilities. Tickets, detailed time of trains, and general information, can be obtained upon application at Union Ticket office, Broadalbin street.

For Sale.

SPARKS & GOODRICH.

Oregon Crops.

The Corvallis weekly bulletin of the Oregon weather bureau for the past week gives the following report of the crops of Oregon. The weather conditions have been very beneficial to crops of all kinds. Spring sown wheat, especially needed rain and in these districts where it was most needed it fell. Unusual as it may appear in the Willamette valley the soil is very dry and in excellent tilth. While all crops are growing fairly good, in general, rain would prove to be very beneficial. The grass is generally very moist yet, but small seeds, spring sown grain and the hoed crops need moisture. The coolest, cloudy weather that has prevailed the latter part of the week has proven very beneficial. Farmers are heading out in earnest. The grass is generally reported fair in good condition. Hop vine growing nicely.

For Sale.

A number of very fine year old colts, well broke to drive, saddle and harness, all cheap for cash. For particulars inquire of R. B. Veatch.

"Our Own," a genuine kid glove, every pair warranted, at $1.00 per pair. This glove I have handled for five years and have tried many others, but never have found any equal to them for the price. Samuel E. Young.
