TURKEYS—75 @ $1 each.

Items scarce.

Grub scarcer.

Money scarcest,

Threshing has commenced in this county.

H. P. Shriver is engaged in painting a house in Spring valley.

W. H. Teal has had a new cellar constructed on his premises.

Mr. Lon. Parker, of Yamhill county, is canvassing these parts for the sale of a patent pruning shears. It is cheap, light and durable and a big improvement upon the old style of instrument used for that purpose.

As a portion of the party who went from this town to Fish Lake, were looking at that part of the country, by some means had their wagon upset, throwing the occupants to the ground. Katie, a little daughter of Mr. Frank Nichols was stunned by the shock, but none of the party sustained serious injuries.

Changes. Among the many changes one has to undergo in this world are: fortunate changes, unfortunate changes, changes of mind, changes of heart, changes of money; but above all these, that which is the highest, is changes of shirt. Now to get a good article of that useful garment you should call on Bolter & Wortley, who has them for sale.

Stout Wheel. A few days since Rev. N. Lee loaded a wagon with hay, and started to town, After going some distance one of the hind wheels met with an accident, the tire and felloes dissolving partnership with the spokes and hub After taking a glance at the situation, Mr. Lee concluded to drive to town on three wheels and a halt, which feat he accomplished successfully. We do not know how old the wagon is, but are informed that it has been running many years The wheels must have been put up to last, or that one would have broken completely down under such a heavy load.

To the Faint, the Weary, and Distressed. A few days ago, while in Salem, we stopped at the Commercial Hotel, and found everything as neat as a new pin. Messrs. Riley & Lippincott have leased this popular house, and intend running it for the benefit of the traveling public. The building is of brick, and large enough to accommodate all that can get inside, and no two in a bed—in fact it is like an omnibus, always room for one more. There is a fine commodious dining hall, neat and clean, and well arranged. Good cooks and accommodating waiters, is a pleasant feature of this house. The proprietors are polite and obliging, and one may feel certain of having every attention paid to his comfort, should he favor them with his patronage. The table is always furnished with every luxury the market affords, and they furnish their patrons three "square' meals a day. A hack will convey passengers and luggage, free of charge, to or from the boats or cars. The travelers will appreciate this, as they know how it is themselves, to arrive in a strange place, and be compelled to foot it to a boarding house through heat of summer, or wet of winter, and we are certain the efforts of the proprietors in this particular will be highly applauded by those having the "misfortune" to travel this hot weather. In fact the Commercial ranks as one of the finest hotels in Oregon, and the names of Riley & Lippencott will bring many patrons to the house, as they are both well known to the traveling public.

To the people of Polk and surrounding counties, who visit Salem, we would say, for comfort, clean beds, good grub, and everything that makes life pleasant, be sure to "put up" at the Commercial hotel,

CORRESPONDENCE.

SALT LAKE, July 22, 1872.

ED. REPUBLICAN.—Don't let me hurt your feelings—hope I won't. I am going to tell you of the good times we Salt Creekers have on all occasions when we go for it. We started on Friday on a berry trip up the Williminia. That resort is proverbial for berries, deer and snakes. We killed two rattle snakes, and it was no time for snaking either. They have no St. Patrick up there. We halted at our old friend's, Newt Branson. He is a fat, red-faced fellow, with a *hyas close tum tum*, and alway trim to hunt, talk or play the fiddle. We had a dance. He is an old-time fiddler, heavy on, "Over the River to Charley," and "Molly Put the Kettle On." Next day we settled down to our work. The folks picked twenty gallons of berries, and I killed a deer. Now comes the fun. Three bottles of cream, to eat with the berries, and a bottle of the "laddie," better known as "tangle-foot, which taken together it makes one feel as though this world was full of days, and few of trouble. If anybody desires a good time, go to Newt's. He lives the highest up on the Williminia, on a very elevated spot I thought it was, at least, (not having any instruments to ascertain the altitude) about fourteen thousand five hundred and forty-five feet above the level of Salt Creek, always taking that place as our stand point.

SALT CREEKER.

Yesterday Judge Boise's team ran away. No damage done.

Upton who edits the *Courier de Lafayette* was in town this week.

R. V. PIERCE, M. D., of Buffalo, N. Y., will send his book on CHRONIC DISEASES free to any address.

Try *Hall's Vegetable Sicilian Hair Renewer* if you would have a luxuriant growth of hair.

The logging camp of E. Y. Halleck, is reported on fire. Dense columns of smoke were seen in that direction, Thursday evening. We were unable to learn the extent of the damage.

News Summary.

St. Louis, July 22.—Senator Schurz delivered a long and elaborate speech to-night at a Liberal Republican meeting held at the Temple. In reference to his support of Greeley, Schurz said he was not his choice as a candidate. Nothing attached him to his fortunes but his belief in his honesty and his great ability and opportunity to do what he declared. Nobody need be afraid he (Schurz) would lead them into the Democratic party, for he did not go there himself, and unless he mistook the signs of the times, there would be no Democratic camp to go to. In regard to the issue of the campaign, he urged the necessity of the policy of reconstruction towards the South which would restore a true union to the States and the great need of civil service reform. In the latter connection he read a letter from himself to Greeley asking an expression of his views on the civil service reform, with Greeley's reply. The latter says that his opinion of the matter is it should commence by limiting the President to one term, making him independent of politicians in placing him beyond their reach, and placing him in a position where he will need no subsidized support and no hired organs, where he can and naturally will select officers, and counsellors from those best qualified for the positions.

Williamsport, Pa., July 22.—A serious strike is in progress among the mill workmen of this city. The strikers overpowered the police guarding the mills whose workmen had not struck and closed the mills up. Several employees were injured, also several policemen.

New York, July 22.—Fred Douglass, Jno. M. Langston and other colored speakers, will make speeches at Richmond, on Wednesday, in behalf of Grant and Wilson. They afterward go North on a similar mission.

A slight frost occurred in some parts of New York last night.

Boston, July 22.—A special from Washington to the *Traveler* says Sumner has written a letter to Gardner Brewer, of Boston, coming out in favor of Greeley and Brown and against Grant strongly.

Montgomery, Ala., July 22.—An immense Greeley and Brown meeting was held Saturday. Many colored persons participated.

New York, July 22.—The celebration of Swiss independence was largely attended by a number of guests from other cities. The festivities were held at Jones' Woods.

Saratoga, July 22.—Josie Mansfield, who was here to testify in the Barnard impeachment case, was refused admittance to the Grand Union and Congress hotels

Washington, July 22.—E. F. Hastings, Commissioner for California, has just concluded taking evidence for the defendants recently brought in the District Court of California, by McGarrahan, for the recovery of the New Idra mine. Evidence taken goes to show that the patent was never executed but suspended.

General Smith arrived to day having in charge twenty-six Indians, Including Spotted Tail, who will interview the Secretary of the Interior, and probably the President, within a day or two.

The President will be at the Cabinet meeting at noon Notices have been sent to members of the Cabinet announcing the fact.

London, July 22.—Excessive heat for the past three or four weeks was succeeded last night by a heavy thunder storm which greatly cooled the air.

The potatoe disease has again made its appearance.

Cincinnati, July 23.—By a fall of hoisting machinery at McNeale & Noban's safe factory, this morning, Julius Noban, brother of the proprietor, was killed, and three others seriously injured.

East Port, July 23.—The Steamer New England, which struck a ledge yesterday, was valued at $40,000.

Judge Griffith of Jersey City died on Sunday.

Washington, July 23.—The President arrived this morning. He will return to Long Branch to-morrow night.

Spotted Tail and party will have an interview to morrow. They received a large number of vistors to day.

London, July 23.—Porters in Liverpool are on the strike, and business is thus seriously interfered with.

It is understood that the proceedings of the Geneva Arbitration will be laid before Parliament before vacation time.

The English correspondent, from Geneva, Warne, died from an accident. He was not murdered.

San Francisco July 23—The steamer Montana, from the Gulf of California, is coming in ahead of time.

The Board of Regents spent some time to-day trying to elect a President of the State University, without success. The contest is between Professor Gilmore and Hon. Ed. Tompkins. After electing a number of Assistant Professors, they adjourned for the rest of the week.

Washington, July 23.—The charge made last evening by Senator Schruz in his Louisville speech, to the effect that he had been offered official patronage by President Grant and his friends, to bolt against his convictions, officially, in regard to the annexation of San Domingo, was laid before the President by Secretary Belknap, on his arrival here this morning The President pronounced the whole statement, so far as it attemps to reflect upon him, as absolutely unfounded in fact. In no way was any one ever authorized to tender to Schruz or any other Senator the control or use of the patronage for his approval of the San Domingo annexation policy, or any other measure of the administration. The President expressed his earnest desire that Schurz will at once publish the letter which he claims to have in relation to this pretended proffer in order that it may lead to a full exposure of the dishonest motives and character of the person,

A letter of Jacob Thompson to F. P. Benjamin, Secretary of State of the late Southern Confederacy, found among the Confederate archives, which have recently been sold to this Government, shows that Thompson was a regular authorized agent of the Confederacy for the purpose of procuring the burning of New York, Philadelphia, St. Louis, and Cincinnati, and throwing the country into a revolution at the North, and for these purposes Thompson and his associates, Clay, Holcomb, and Sanders, were supplied with $1,000 000 in fatherance of these schemes They were in communication with residents at the North, and Holcomb personally at Niagara and St. Albans, and said the attempt to set free the Confederate prisoners at Johnson's Island were the sole results.

All Around.

Serious runaways reported at Olympia.

L. H. Whitehouse has been elected Mayor of Kalama.

Brigham Young has forty daughters and twenty eight sons.

A festive 111 boy of 84 sang in the chorus at the jubilee.

A Detroit woman being struck by lightening, yelled "Police!"

On the night of the 12th they had more shakes in Inyo county.

They have a dog in Corinne, Utah, with two tails—One on each end.

Several "active" mud volcanoes have been discovered in Mendocina county.

The county prisoners in jail at Olympia are to be employed in making boots and shoes.

Kaiser Wilhelm has given the princely sum of $500 to relieve the suffering poor of Bohemia.

Congers are slaughtering sheep on the farm of Gen. H. Stephens, in Washington Territory.

Vegetables are not to be had in Kalama market for love or money. Sorry for the poor Kalamities.

Michael Flood, a well known citizen of Sacramento, died at that city on Friday of heart disease.

Harvest hands in Berryessa valley have struck for higher wages. They have been getting from $2 to $2 50 a day.

The venerable colored lady who officiated as nurse in the family of President Madison has just died at the age of 107.

Alameda and Butte counties have settled with the State, the former paying the sum of $211 76, and the latter, $10,090 73.

The corner-stone of the new public school building on Telegraph Hill, at Los Angeles, was laid with public ceremonies yesterday.

During the three months last past it is said that only three plural marriages have taken place within the limits of Utah Terrritory.

Henry Smith, the ferryman on the Duwamish, near Seattle, burst a blood vessel and died while crossing that river on the 14th inst.

Judging from the delinquent tax list in the Seattle papers nearly the whole property of that town must be up for sale for delinquent taxes,

Three-fourths interest in the Fordwil placer mill, and the San Gabriel, has been sold for $10,000, to be used in developing the mines by hydraulic.

Clark Mills, the sculptor is at his country home, Statue Dale, near New York, and has there erected a new foundry for casting his statues in brouze.

Isaac Blewitt, a machinist working at Mare Island Navy Yard, was found dead in a rear yard at Vallejo on Friday. He is supposed to have died of appoplexy.

Rev. Henry Ward Beecher's silver wedding occurs October 10th. It will be celebrated by a four days' meeting by the congregation of Plymouth Church.

The Stockton and Capital Boat Clubs have agreed upon a race in the Sacramento waters for $500 a side, to come off after the Capital shall have received their new boat.

According to the *Courier* the hotels in Olympia scarcely rate as first class hash houses. That paper says they "are all so badly kept that the proprietors are ashamed of them."

Preliminary steps have been taken towards the formation of a society to be composed of officers and men of the Union army, who are residing at Seattle and other Sound ports.

If you feel dull drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Billiousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr Pierce,s Golden Medical Discovery has no equal as it effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.

$15 Reward!

The undersigned will pay the above reward to any person returning the following animals to him at his residence, in Independence. One white mare, heavy set, harness marked; no other marks visible. About ten years old, shoes on fore feet. Also, one one dark dunn, or claybank mare, with black tail and mane; large white spot in forehead; saddle marks on left side; shoes on fore feet; about ten years old.

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarrhœ, which always precedes an attack of the Cholera, take a teaspoonful of Pain Killer in sugar and water, (not if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœ or cramps continue repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as a remedy, has no equal. Incases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma it cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle.

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 centsand $1 per bottle

Midsummer Maladies.

The hot solar rays that ripen the harvests generate many distressing diseases. If the liver be at all predisposed to irregularities, this is the season in which bilious attacks may be anticipated. A weak stomach, too, is weakest in the summer months, and the loss of vitality through the pores by excessive perspiration is so great, that a wholesome tonic, combining also the properties of a diffusive stimulant and gentle exhilarant, is in many cases necessary to health, and under no circumstances should be dispensed with by the sickly and dilapidated. Of all the preparations intended thus to refresh, sustain, and tortify the human frame, there is none that will compare with Hostetter's Celebrated Stomach Bitters. They have been weighed in the balance of experience and not found wanting; have been recommended from the first as a great medical specific, not as a beverage, and in spite of interested opposition from innumerable quarters, stand, after a twenty years trial, at the head of all proprietary medicines intended for the prevention of all ordinary complaints of the stomach, the liver, the bowels, and the nerves. In the unhealthy districts bordering the great rivers of California, Hostetter's Stomach Bitters may be classed as the standard one for every species of intermittent and remittent fever. The people who inhabit those districts, place the most implicit confidence in the preparation—a confidence that is increased every year by the results of its operation

As bitters, so called, of the most pernicious character, are springing up like fungi on every side, the public is hereby forewarned against the dram-shop frauds. Ask for Hostetter's Bitters, see that the label etc., are correct, and remember that the genuine article is never sold in bulk, but in bottles only.

NEW ADVERTISEMENTS.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by DR. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

PRICE, $1.00 PER BOTTLE.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,

PRACTICAL AND ANALYTICAL CHEMISTS,

LOWELL, MASS.

PRICE $1.00.
