CASTORIA

When Austria isn't having trouble, it is making it.

Costly Treatment.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by all dealers.

Imaginary troubles cause more worry than real ones.

"Stay-at-Home Sufferers of Hay Fever and Asthma-Get a Bottle of Foley's Honey and Tar Compound.

Restful sleep, relief and comfort from choking, gasping asthma and tormenting hay fever for those who take Foley's Honey and Tar. And besides, it spreads a healing soothing coating as it glides down a raw tickling throat, stops irritating coughs and summer colds. Don't suffer when you can buy relief for so little cost. Remember the name—Foley's Honey and Tar Compound and refuse substitutes.

Steps are sometimes taken for a divorce at public balls.

How the Trouble Starts.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers.

Women are always ready to kiss and make up—but they usually make up before they kiss.

HUNDREDS OF WOMEN

nowadays are entering the professions or business world and go to work day after day in bad health, afflicted with some female ailment, dragging one foot wearily after the other, working with an eye on the clock, and wishing for closing time to come.

Women in this condition should take Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. It has brought health and happiness to more women in America than any other remedy. Give it a trial.

For whatever happens that does not harmonize with the gospel of peace and good will don't blame King George.

W. T. Greene, Hopkinton, N. H., writes the following letter, which will interest every one who has kidney trouble. "For over a year, Mrs. Greene had been afflicted with a very stubborn kidney trouble. An operation was advised. This I would not consent to. Foley Kidney Pills done more to complete her recovery than any medicine she has taken and I feel it my duty to recommend Foley Kidney Pills to all who need kidney medicine." They are tonic in action, quick to give good results.

Man and woman should not try to travel in double harness when they are meant to drive tandem.

CITROLAX!
CITROLAX!
CITROLAX!

It's a laxative, of course—name tells you that. And the nicest hot weather drink you ever tasted. Flushes thoroughly, and pleasantly, too. F. C. Crysler, Syracuse, N. Y., says:—"Have used laxative for 15 years but this Citrolax has got everything else beat a mile." You will agree with him. Specially nice for children and delicate persons. Sweetens a sour bilious stomach very quickly and stops headache.

After all, it does not seem that people outside of automobiles take as big chances as those inside.

Keep Your Liver Active During the Summer Months-Foley Cathartic Tablets for Sluggish Liver and Constipation.

It does beat all how quickly Foley Cathartic Tablets liven your liver and overcome constipation. Ney Oldham, Wimberley, Texas, says:—"Foley Cathartic Tablets are the best laxative I ever used. They take the place of calomel." Wholesome, stirring and cleansing. No griping. A comfort to stout persons, as they relieve that full bloated feeling.

Children Cry
FOR FLETCHER'S
CASTORIA

A person never really does his duty unless he does it for the real pleasure of the thing.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Colera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.

Happiness is one of the things that you can't have delivered at your back door.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Camberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

COURSE IN HOME MAKING OPEN TO HOUSEKEEPERS

Oregon Agricultural College, Corvallis, Ore., Aug. 4.—Every Oregon woman who wishes to know how to keep her home most suitably and economically may have the opportunity of learning to do so by availing herself of the new O. A. C. vocational course in home making to be opened September 22. Instruction and training in this course are designed to aid the practical housekeeper in buying most economically the family supplies, and in using them most profitably. They also teach her how to care for little children and to look after her own health. Indeed the purpose of the course is to teach her how to accomplish the most possible with a given expenditure of time and labor. It was designed to meet the needs of women who wish to become expert home makers.

This home making course is thoroughly practical. It includes plain and elaborate cooking, dressmaking, marketing, household furnishing and decoration, hygiene, care of the sick, and all those various subjects in which every manager of a home feels her need of special knowledge.

The work of the course is completed in one year. It is open to all women who have sufficient age and common school education to profit by it. In general, women of 18 years of age or over who have an eighth grade diploma will be admitted to the course upon application. Those of maturer years who have not the diploma may be admitted upon recommendation of the dean of the school, to whom credentials should be presented.

The wives and housekeepers who expect to enter this course should write the college registrar concerning home accommodations for the school year. It is also advisable for them to write to Dean Henrietta W. Calvin so that ample preparation may be made for the work.

CITY MANAGERS MEET.

Springfield, Ohio, Aug. 4.— Twelve city managers from as many cities in different parts of the United States met here today at the invitation of City Manager Charles F. Ashburne for the first annual convention of the men who hold similar positions. A national organization will be effected during the three days the city managers are in session. Discussion of municipal problems will be the keynote of the program.

This is a wonderful age, when even lightning turns in the alarm for the fire that it had started.

TWELVE GOOD REASONS FOR FEEDING ENSILAGE

Oregon Agricultural College, Corvallis, Ore., Aug. 4.—Modern dairy farms are not completely equipped unless they have silos, according to Professor R. R. Graves, head of the O. A. C. dairy department. Twelve reasons why this is so are as follows:

1. Every ration needs some succulent feed.
2. Corn silage is probably the cheapest succulent feed that can be had.
3. An acre of corn can be placed in the silo at less cost than that of harvesting an acre of roots or kale.
4. A ton of corn silage contains more food nutrients than a ton of roots or kale.
5. Silage can be made in weather that is unfit for making hay, since the crop is never too wet to put into a silo.
6. Many crops will be saved and utilized for feed that would otherwise have been a total loss because of unfavorable weather for handling the crop as hay.
7. More feed can be stored in a given space in the form of silage than in that of hay or fodder.
8. A well-filled silo is a guarantee against shrinkage of milk when pastures dry up.
9. Silage can be used for supplementing pastures more economically than soiling crops, because less labor is required and the feed is more palatable.
10. More stock can be kept on a given area of land when silage is the basis of the ration.
11. Silage has a beneficial effect on the digestive organs.
12. With the silo full a good, palatable feed is always on hand regardless of how bad the weather is or how busy men and teams are at field work.

BIOLOGICAL STATION OPENED.

Muscantine, Ia., Aug. 4.—Many scientists of repute today attended the official opening of the handsome new $150,000 biological station erected by the government at Fairport. The new station is expected to breed not only fish but clams also, and thus aid in saving the button industry of the Mississippi river, which is threatened with a shortage of clam shell. A tablet to J. F. Boeppe, "father of the button industry" was unveiled today. Among the prominent men here today were Hugh H. Smith, commissioner of fisheries, Senators Cummins and Kenyon and Congressmen Vollmer and Connolly. Secretary of Commerce Redfield was to oe the chief speaker today.

Even a rich bachelor may make a poor husband.
