YOUNG MOTHERS

The young expectant mother has the right to know more about those secret processes of nature which mean so much to her and her child. The discomfort which precedes the birth of the child is due to a great extent to the tension on the drawn skin of the abdomen.

By simple applications of "Mother's Friend," night and morning, the fine network of nerves are soothed; the muscles expand easier; the skin becomes softer; the period of expectancy is passed in comfort and a great share of the pains so much dreaded at the crisis may be avoided.

"Mother's Friend" is the prescription of a famous physician.

All husbands are more than glad to get it from the druggist.

Apply it yourself, night and morning. Write for a book every mother should read. It is free to users of "Mother's Friend." Address Bradfield Regulator Company Dept. C 84 Atlanta, Ga.

FRENCH PUSHING

man marauders was expressed here today.

Although Friday's air raid was popularly considered a mere women and baby killing expedition, it is realized by officials that there was a distinct military purpose behind it. The German scheme is undoubtedly nimed at keeping as many aeroplanes as possible at home for defense of England, thus weakening the British air strength at the front.

It was emphatically made known today that the British authorities do not propose to permit any lessening of this war strength. England has achieved supremacy of the air on the west front and intends to keep it—however regrettable may be the consequences through inadequate protection of the civil population at home. England will defend her towns as much as possible with the present means at her disposal at home, without depleting the front.

In the meantime, the frank hope is voiced in several quartres that American air reinforcements will be here soon.

French Retain Grip.

Paris, May 28.—Repulse of a German raid, made with blazing fire sprays around Mont Blond, was announced by the war office today as one of a number of desperate German attempts to force the French to relinquish some of their recently gained territory.

"In the Champagne at night fall there were two attacks around Monts Casque and Teton, which were everywhere repulsed," the statement continued. "West of the Meuse in the region of Hill 304 and Dead Man's hill, artillery fire was very active.

"In the region of Uffholtz, in Alsace, French detachments penetrated the second enemy line, finding many dead and bringing back many prisoners."

German Attacks Repulsed.

London, May 28.—German night attacks northwest of Cheresy and south of Lens were repulsed and a number of prisoners taken, Field Marshal Haig reported today.

"The enemy suffered severe losses," the statement said.

Successful raids by the English on German support lines north of Armentieres are also reported "between 20 and 30 prisoners being taken."

The German Version

Berlin, via London, May 28.—"Oft repeated attacks by English forces between Cherisy and Bullecourt failed sanguinarily," declared today's war office statement. "West of Wyschaete English attacks were repelled by a counter attack."

BREAD THE PRICE

and India are, in effect, cut off today because the haul is three times the distance of the Atlantic seaboard, the tonnage required is trebled and the danger just about doubled. The result is they have been unable during the last three months to get any consequential amount of grain from that quarter.

Must Protect Ourselves.

"Whether that lane will be re-opened is a matter of some difficulty. Some measures are being taken to re-open it and it may be hoped that during the next year some food supply may be obtained from Australia and India by the use of sailing ships and by trans-shipping at some point like Buenos Aires or Panama."

Hoover sounded the warning, however, that in supplying the "great vacuum," across the water, "public tranquility in this country must not be upset." He said it is the business of this nation that the allies "shall not suck too much food out of our country."

In other words, he said, "if we allow the normal course of commerce to run loose, those people in clamorous desire for food, will strip our home markets in this situation."

"Therefore," Hoover said, "we have got to protect ourselves from our allies in order to protect our own people and at the same time do all justice by them and all the service for them that we can."

CLEVER GERMAN TRICK

San Francisco, May 26.—How a German sea raider disguised as a Swedish merchantman entered Capetown and was provisioned by the British only to put to sea again and mine the Indian ocean was told today by Archdeacon B. Potter, of the Church of England. The steamer Worcestershire, on which Archdeacon Potter left Egypt for Ceylon, was sunk by the raider after Potter had reached his destination while several vessels he says, have fallen victims of the mines.

How's that—ten billions to be spent in the United States alone, in 1917? But there used to be people who said there could never be a universal war, because there wasn't enough real money in the world to pay for it; which, of course, there wasn't—but still——

Coming as a complete surprise to their friends was the marriage of Miss Emily Nerod, and Dr. Albin Korinek of Portland, which was solemnized in that city on Thursday evening, May the twenty fourth at the parsonage of Rev. Brinkman.

The bride wore a becoming silk suit, and chic white hat, with accessories to match. She is the daughter of Mrs. Sophia Nerod, 550 North Eighteenth street, Salem, and for the past six years has been stenographer in the city recorder's office at the city hall. She was very efficient in her work and will be much missed.

Dr. Korinek who is the son of Mrs. G. Korinek of Portland, is a graduate of Toronto College where he received his Bachelor of Arts degree.

Dr. and Mrs. Korinek left for a wedding trip to Washington, and upon their return will make their home in Portland at the Altonia apartments, Nineteenth and Marshall streets.

To Avoid Dandruff

You do not want a slow treatment for itching scalp when hair is falling and the dandruff germ is killing the hair roots. Delay means—no hair.

Get, at any drug store, a bottle of zemo for 25c or $1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is a pure, reliable, antiseptic liquid, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use for scalp irritations is zemo, for it is safe and also inexpensive.

BACKACHE SOON DISAPPEARED

Could Not Do Housework Till Lydia E. Pinkham's Vegetable Compound Removed Cause.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."—Mrs. ALTON D. OAKES, Fort Fairfield, Maine.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened and read by women only.

It's an awful thing to lose your hair!

One of the first signs of unhealthy hair is *dandruff*. You must get rid of it or your hair will suffer.

ED. PINAUD'S HAIR TONIC

has been used for 100 years by men and women everywhere for dandruff, itching scalp and falling hair. Use it faithfully and prevent baldness and at the same time make your hair beautiful, lustrous and strong. Try one bottle. Ask your druggist. You can test ED. PINAUD'S by sending 10c. to our American Offices for a little bottle. Note how pure and fragrant it is.

"Inside" Information About Eczema

Washing the skin, rubbing salves and lotions on it, will not cure your Eczema. You may temporarily relieve the constant itching, but if you want to get at the seat of the trouble, you must purify your blood.

Infected blood is dangerous, and when the watery sores and pimples appear, you should lose no time in procuring a bottle of S. S. S.

This great remedy, which was discovered over fifty years ago, will wash out and strengthen your blood, and the annoying and disfiguring eruptions of the skin will disappear, and you will soon feel healthy and vigorous again.

S. S. S. being purely vegetable, is entirely free from all "dope" and drugs; get it at your druggist's and insist upon the genuine. For free, expert advice, write to our Medical Department, Swift Specific Co., 307 Swift Building, Atlanta, Ga.
