Oregon Cowboys' Prowess.

Will Dunn, one of the O. R. & R. conductors running between Pendleton and Portland, remarked upon a recent article appearing in this paper, anent the fact that Moncrieff Brothers have imported "broncho busters" into the Malheur country to break horses for the South African cavalry service, says the Pendleton East Oregonian. Mr. Dunn formerly lived in Wyoming, and has seen much of this western region, in which horseback riding is a fine art, and it is commonly

supposed that as good saddle men live as are to be found anywhere in the world. Said he:

"I believe that here in Umatilla county and over in Morrow are the best horsemen in the world. If there are any men anywhere who can ride anything that wears hide, it is right here. I heard about an affair at Boise one time, when Newt Jones, a son of James Jones, of Heppner, came along. There was to be a 'broncho busting' contest, and cowboys who professed excellence in that line of work had

gathered from all over the West. They were there from Idaho, Oregon, Washington, Utah and Nevada, and the crowd comprised as fine saddle men as ever wore a pair of chaps.

"Young Jones looked over the prospects, and decided that he wanted some of the fun himself, but he was anxious to see to it that no one said that he had easier horses to ride than the others. Hence, when he drew the first chance to select his animal, he hunted up the man who drew the last chance, and traded with him, giving all the other fellows the advantage, and allowing them to pick out the best horses, and he took what was left.

"Newt won the honors of the contest, and convinced the crowd that Oregon men could ride some. He stayed in the saddle while his horse plunged and reared and bucked, as only wild range horses will do, and not one of them was able to unseat him.

"He was brought up in the Heppner hills, and learned all he knows about horses from the experience in the country surrounding that little town. I believe he can ride any horse ever born.

"Up in Laramie, Wyoming, one day, a fellow named Sam Collins offered to do something that scared the major portion of the life from a company of cowboys that had assembled there. A band of horses were in a corral, and a dispute arose as to who was the best rider. Collins made a proposition to the most offensive one that caused him to crawl, and gained for Collins a name for nerve of an unusual nature. He laid a \$20 gold piece on the ground and said to the other one: 'Now, if you will agree, we will stand up here on this board, that we will place over the opening of the corral. We will jump onto the back of the first horse that comes out, without saddle or bridle, and ride as he runs with all the others running with him.' The other fellow did not accept the offer.

"Another cowboy came through one time driving stock from Oregon into Wyoming, and gave an exhibition that made the horsemen of that region think they had never seen any one before who knew how to stick in a saddle.

"In fact, I guess that Oregon need not import horsemen, and that Malheur matter of bringing in riders was due to the temporary trouble between the local men, or to some other cause than inability of Oregonians to ride as well as those of other states in the West."

BRIGHT'S DISEASE

The largest sum ever paid for prescription, changed hands in San Francisco, Aug. 30, 1901. Transfer involved in coin and stock \$112,500.00 and was paid by party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable disease.

They commenced the serious investigation of the specific Nov. 1, 1900. They interviewed scores of the cured and tried it out on merits by putting a dozen cases through the treatment and watching the results. They also got physicians to treat chronic, incurable cases, and administered it with the physician for judges. Up to Aug. 25, eight seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free of application. Address John J. Fulton Co., 450 Montgomery St., S. Cal.

Pullman Ordinary Sleepers.

The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleepers." These cars appear similar to the regular sleeper, being built on the same plan but not furnished with the same elegance. They are equipped with mattress blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove, making coffee and tea and doing "housekeeping," and each section is fitted with an adjustable table. A uniformed porter accompanies each car, business being to make up berths, keep the car clean, and look after the comfort and wants of the passengers. In each of the trains which are dispatched from Portland by the O. R. & N. Co., to be found one of these "Pullman Ordinary Sleepers." The car is attached to the "Chicago Portland Special" which goes through to Chicago with change, and the one in the "Atlantic Press" runs to Kansas City with change. Passengers in this car for Chicago change to a similar car at Grand Rapids.

Much of the first class travel is carried in these cars, the rates being lower, and the service being nearly equal to that in the palace sleepers.

For rates and full information, including orders, write to A. L. Craig, P. A., O. R. N. Co., Portland, Ore.

THE NEW WAY

COMMON SENSE FOR WOMEN

Ladies Should Read of the Latest and Most Successful Importation from France.

All-Womankind May Possess Fair Skin, Bright Eyes, Strength and Good Health.

So says Dr. LaBord, the famous French practitioner who has devoted his whole life to the study of women, and has won the highest distinction through his wonderfully successful practice among the first families of Paris.

WOMAN A HEROINE

Woman is a heroine, says the Doctor, and her remarkable endurance and ability to withstand the most trying ordeal compels admiration. She is a slave to the Natural modesty of her sex which so often causes her to endure the greatest trials, and suffer in silence, rather than consult even her Family Physician, fearing to expose herself to necessary questioning and probably examination.

A LIFE STUDY

Recognizing this fact in his early practice, Dr. LaBord has, by years of study and close application, evolved an entirely new method of treatment for all ailments peculiar to women, which has met with unbounded success, and has Branch Offices, managed by skilled physicians under his personal supervision, now located in every large city in Europe. By his superior methods each patient receives, absolutely free of charge, full and detailed advice especially adapted to her case, thus avoiding all embarrassment or inconvenience, and as Dr. LaBord's remedies are put up in the form of small, dainty wafers, they are easily and taken at any time or place, without attracting attention. This insures regularity in treatment which is most important to a cure, and generally impossible with liquid remedies.

Liquid remedies always contain a large proportion of alcohol, whiskey or other liquors, to preserve them from spoiling. Dr. LaBord's Wafers are a "dry medicine" and are positively free from toxicants or narcotic drugs of any kind.

MODERN METHODS.

Dr. LaBord's greatest success has been achieved by the use of the "CARONIA WAFER." This is not a Patent Medicine, but a scientific preparation of "Viburnum" or "CARONIA" (commonly known as Black Hawberry), and other well known herbs, whose curative properties have been known to herbalists for centuries. "Viburnum," or "CARONIA," is recognized and prescribed by the leading physicians of the world as the best known Specific for Female troubles. The extremely disagreeable taste of these drugs has been overcome by skillful manipulation, retaining however all of their virtues and strength, and these specifics have been so combined and prepared as to form a dainty wafer, easily taken, yet embodying the most accurate and certain cure for Female Weakness, Nervous Prostration, Painful and Suppressed Menes, Irregularity, Leucorrhoea or Whites, Sterility, Ulceration of the

Uterus, Change of life in Matron or Maid, Chronic Decline, Urinary Troubles, Nervous Debility, Profuse Flow, Threatened Miscarriage, Palpitation of the Heart, Pains in the Left Side, Cold Hands and Feet, Bearing Down Pains, Backache, Shortness of Breath, Scalding of Urine, Soreness of Breasts, Neuralgia, Uterine Displacement, and all those symptoms which make the average woman's life so miserable. It makes child birth easy and saves DOCTORS' BILLS.

A VALUABLE FEATURE.

"CARONIA WAFERS" have proven a blessing to thousands of suffering women who have been made well, strong and happy in a surprisingly short time by this wonderful treatment. They will not only cure the most obstinate cases, no matter how long neglected, but are also the only known remedy that can be absolutely relied upon to prevent those monthly recurrences of extreme pain and suffering, needlessly endured by so many of our women.

PURE AND EFFECTIVE

"DR. LABORD'S CARONIA WAFERS" are purely vegetable, containing no injurious chemicals or drugs, and are positively guaranteed to cure even the most neglected cases, if directions are carefully followed, and the medicine honestly taken.

This valuable remedy, "DR. LABORD'S CARONIA," is now on sale in America by the importing firm of Noyles Fuller Company, who have contracted with Dr. LaBord for the exclusive agency of the United States. Consultation Departments, under the supervision of Dr. LaBord are maintained and special advice furnished absolutely free to all who take the treatment. Ladies ordering "CARONIA" are invited to write all about their particular case, in detail, and are assured the most sacred privacy as to their correspondence, as no testimonials or letters from ladies are ever published by us.

One box of "CARONIA WAFERS," containing a month's supply, will be sent, securely packed and prepaid to any address in the U. S. or Canada, on receipt of One Dollar, accompanied by the details of your case. Full and complete treatment, including all necessary medicine, and our written guarantee, Five Dollars payable in advance.
