ILO ILO MUST BE OCCUPIED

General Miller Ordered to Land His Troops.

CHICAGO, Jan. 6.—A Special to the Times-Herald from Washington says: President McKinley has decided to force the issue with the Filipinos. His decision may result in a battle at Ilo Ilo. It may lead to a harrassing war with the Philippines. It is hoped and believed that such calamities will be averted, but it remains for the insurgents to determine what the result may be.

The president has ordered General Miller to land his troops at Ilo Ilo. The order leaves the American commander no alternative. He is directed to be conciliatory towards the natives, but at the same time he is instructed to use force, if necessary, to effect his landing and establish himself in the desired camp. In other words, General Miller is to act on the defensive. He will not fire a gun unless attacked by the Filipinos.

General Miller's troops have been cooped up in transports for nine or ten days. He has had several parleys with the insurgents, who took possession of Ilo Ilo as soon as it was evacuated by the Spaniards, and he has assured them of the beneficent character of his mission. He has brought these considerate negotiations to a climax by publishing President McKinley's message of peace and good will to the natives.

General Miller has about 3000 soldiers at Ilo Ilo. He will also have the support of several gunboats, for Admiral Dewey has notified Secretary Long of the navy department, that he had sent the Concord and Petrel to join the naval forces under Colonel Dyer at Ilo Ilo. It is not known how strong a force the insurgents have at that place. The war department has information which seems to indicate the natives have only about 3000 stands of arms, and it is assumed that fairly represents their fighting powers at Ilo Ilo.

They have no modern artillery, while the American force is well equipped in that respect. There is no doubt of the ability of General Miller to defeat the Filipinos in pitched battle, but he has been warned not to be the aggressor.

THUGS IN PORTLAND.

Holding Up Saloon Keepers Is Their Favorite Pastime.

PORTLAND, Jan. 6.—This morning another bartender was compelled to gaze into the depths of a couple of large revolvers, held in the hands of two desperate robbers. The thugs are evidently the same who held up the two East Side saloon men.

At 6:35 o'clock this morning two men walked into a saloon at the southeast corner of Sixth and Ankeny streets kept by John Grimm, ordered beer and paid for it. After sizing the place up for a moment they suddenly produced revolvers and covering the bartender, Joseph Negrone, commanding him to throw up his hands. They then took a bar towel and tied their victim's hands behind him and marched him into a little office at one end of the bar where he was relieved of his jewelry and cash. The robbers cut Negrone's cuff buttons out, relieved him of his watch chain and overcoat and took $14.20 from him which belonged to the saloon.

YUKON STEAMERS ARE DOOMED.

A Number of Them Certain to be Wrecked in the Spring.

SEATTLE, Jan. 6.—News from Dawson states that a number of Yukon river steamers will be lost when the ice breaks up in the spring. Some were caught in very unprotected places and can scarcely escape being wrecked. The Robert Kerr, of the Moran fleet, is stuck fast on a bar 50 miles below Circle City. The fine steamer Arnold, of the Alaskan Exploration Company's fleet, was caught by the ice while fast on a bar some 30 miles below Forty Mile.

A crack boat of the Empire line, the Seattle, is stuck 12 miles below Circle City. She is on a bar and ice was jammed up all around her. The Tacoma and John C. Barr are also fast in dangerous positions.

You Try It.

If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cts. 50 cts. and $1.00 does not cure, take the bottle back and we will refund your money. Sold for over fifty years on this guarantee. Price 25 cts. and 50 cents. Blakeley & Houghton, druggists.

New World's Record.

Bender, of the Oakland Club. Ulrich scored exactly 300 pins the maximun in a ten frame game. The night previous he made an average of 223 in three games during a contest between his club and the Oakland Club in the Chicago League tournament.

The latter score is said to be the world's record for the highest average in three games.

Want Free Trade.

WASHINGTON, Jan. 6.—A petition has been received by the senate from the American Association to Porto Rico, asking for the establishment of free trade between that island and the United States and the abrogation of the treaty established by the military authorities and also for the retirement of the Porto Rican currency and the substitution of the money of the United States.

The petitioners represent that the present tariff systems discriminates against the interest of American citizens.

PROTESTS AGAINST INTRUSION

Aguinaldo Turns Against His Former Friends.

MANILA, Jan. 8.—Within a few hours of the proclamation issued by Otis in behalf of McKinley, agents of Aguinaldo billed Manila with a manifesto which attracted considerable attention. The revolutionary president protested against General Otis signing himself as military governor of the Philippine islands.

Aguinaldo in his manifesto declared he had never agreed at Singapore, Hong Kong or elsewhere to recognize the sovereignty of the Americans here and insists that he returned to the Philippines on an American ship solely to conquer the Spaniards and win independence. He asserts that both his proclomations of May 24 and June 12 stated this fact officially and he claims Major General Merritt confirmed this by a proclamation several days before the Spaniards capitulated, stating clearly and definitely that the American forces came to overthrow the Spanish government and liberate the Filipinos.

In conclusion, Aguinaldo declared that he had natives and foreigners as witnesses that the American forces recognized not only by acts that the Filipinos were the belligerents, but by publicly saluting the Filipino flag, "as it triumphantly sailed to the skies before the eyes of all nations."

Aguinaldo then solemnly protested in the name of the Deity, who is empowered to direct his brethern in the difficult task of regeneration, against the intrusion of the American government and reiterated that he could produce proofs that he was brought with the understanding that the Americans promised him their cooperation to attain independence.

The revolutionary leader then called upon all his followers to work together with force and after assuring them that he is convinced that they will obtain absolute independence urged them to "never turn from the glorious road" on which they have "already so far advanced."

ALGER OBJECTED TO DEWEY.

And the Latter Will Not be Governor of the Philippines.

CHICAGO, Jan. 8.—A special to the Daily News from Washington says: Secretary Alger has made such strenuous opposition to the suggestion that Admiral Dewey be made governor-general of the Philippines, and has insisted on the right of the army over the navy in all matters of military rule, that he has probably won his point. The president put the matter forward merely as a suggestion, it is said, without consulting the admiral, and the probability that Dewey would decline to act, except pessibly temporarily, was broached at the same time in the cabinet.

NO USE FOR THE SPANISH.

Germany Cut Loose From a Decaying Nation.

NEW YORK, Jan. 8.—The New York Staats Zeitung published today the following from its Berlin special correspondent:

"I am informed from an unquestionable source that after the surrender of Iloilo the Spanish general tried to induce the German consul at Manila and the German vice consul at Iloilo to take charge of the protection of the private interests of the Spaniards. The two consuls wired to Berlin for instructions and received the following answer: 'The German empire being a neutral power, is not in a

position to take charge of functions which could be construed as partiality to Spain. All we endeavor to obtain in the Philippines is protection and unrestricted movement of our commerce. Since we see that both are secured under the United States flag we are fully confident that there will never arise a situation which could cause us to deviate from the strictly neutral attitude observed by us up to this day.'"

CUBAN CHIEFS CONFER.

Considered the Position of the Cuban Army.

HAVANA, Jan. 8.—Twenty-five Cuban generals and citizens met at Mariano yesterday to consider the position of the Cuban army. Among those who attended were Generals Vidac, Lacrete and Pedro Gil, but General Maysi Rodriguez, commander of the Mantanza province, and General Menocal, commander of Havana province, were not present.

A document was drawn up for dispatch to General Rodriguez, asking him to call a general meeting of officers to take action, first upon the need of a sum of money to enable the officers and privates of the army to make a new start in life; and secondly, with regard to the lack of respect shown to the Cuban officers by the people of Cuba and the Americans.

The latter matter has special reference to the refusal of the municipal police to salute General Sanguilly and other officers. The meeting today resulted in a three hours' talk, critical but not unfriendly to the Americans, and no disposition was shown to assume an attitude of protest or opposition. On the contrary a willingness to disband was expressed providing the money is forthcoming to give the men composing the Cuban army a new start. As one of those present put the case, "As the United States collects the island's revenues, we must look to the United States."

TWO BOYS THE ROBBERS.

Confessed to a Missouri Pacific Holdup—One of Them Has Divulged Where the Booty is Hidden.

TOPEKA, Kan., Jan. 8.—The Journal in its last edition prints a sensational story to the effect that two Topeka boys, Seth Rosebrook and Chad Stowell, scarcely 18 years old, who were arrested during the fall festival in Septemer for holding up a farmer and who were sent to the Hutchinson reformatory, are responsible for the Missouri Pacific hold-up and express robbery at Leeds, Mo., September 20 last. This is the robbery for which Jesse James, Jr. is now under indictment and arrest in Kansas City.

Under Sheriff Williams, who has been working on the case for some time, claims that young Stowell has made a written confession and has divulged where the booty, some $11,000, is hidden in the woods about 75 miles east of Kansas City. Mr. Williams, Sheriff Cook and Chief of Police Strauss have gone to the place to find the money.

Extra Pay for Soldiers.

WASHINGTON, Jan. 5.—At the opening of the house today Marsh (rep. Ill.) asked unanimous consent for consideration of a bill to grant to officers and men of the volunteer army upon their muster out, two months extra pay if they have served beyond the limits of the United States, and one months extra pay if they have only served within the limits of the United States this pay to be in lieu of furloughs or leaves of absence. The bill was passed.

Potter for Ambassador to Russia.

NEW YORK, Jan. 6.—A dispatch to the Herald from Washington says: The president has practically selected Wm. Potter, of Philadelphia, for ambassador to Russia.

Mr. Potter was formerly minister to Italy, having been stationed at Rome during the Harrison administration. His record during that period has been carefully examined by the president and Secretary Hay, and both feel confident that he will satisfactorily fill the St. Petersburg post.

They Want Independance.

MANILA, Jan. 5.—A dispatch to the Independencia from Malolos, the seat of the so-called Filipino government, says the governors of all the provinces of Luzon have assembled at Malolos for the purpose of offering their lives and property to the president and government in adhesion to their policy. Continuing, the dispatch says: "They say they fought only for the independance of the Philippines and are unwilling to surrender to strangers."

Ordered to Manila.

CHICAGO, Jan, 6.—Telegraphic instructions were received today from Alger, giving final orders for the movement of the Fourth United States infantry to Manila. The 1300 men and officers will leave Fort Sheridan on three special trains January 13. The regiment will reach New York January 15, and sail that evening for Manila on the transport Mohawk by way of the Suez canal.

Prices on Tin to Advance.

PITTSBURG, Jan. 8.—The tin plate combine has announced an advance of 25 cents on each standard 100 pound box, and the jobbers put up prices 30 cents, thus jumping from $3.10 to $3.40 within 24 hours. It is believed quotations will advance until $4 is reached.

FILIPINO COMMITTEE PROTESTS

They Hold America's Claim of Sovereignty Is Premature.

LONDON, Jan. 9.—The Filipino committees in Paris, Madrid and London telegraphed Saturday to McKinley. The Paris dispatch reads as follows: "We protest against the disembarkation of the American troops at Ilo Ilo. The treaty of peace is unratified. The American claim of sovereignty is premature. Pray consider the resolution regarding Ilo Ilo. The Filipinos wish for friendship of America, and abhor militarism and deceit."

A representative of the Aossociated Press learns that the Filipino junta at Paris has received a telegram from a Filipino agent at Hong Kong, dated Saturday, saying:

"Fight with the Americans unavoidable. We are not the aggressors."

A telrgram from an English house at Manila today says the situation is very strained, and there is much anxiety there. The dispatch also contains news from Ilo Ilo, the substance of which is that the American troops have not yet landed.

GOT DOWN TO WORK.

Both Branches of the Legislature Duly Organized.

SALEM, Or., Jan. 9.—Both houses of the legislative assembly convened at the appointed time this morning, but beyond organizing little was done. The senate did nothing. The house spent some time in electing a sergeant-at-arms, and then passed a couple of resolutions.

The senate was called to order at 10 o'clock by President Taylor. The roll-call showed all present but three. On motion of Reed, the senate adjourned until 2 o'clock P. M.

The house was called to order at 10:20 with speaker Carter in the chair. The roll-call showed a quorum present 50 members answering to their names. On motion of Moody, of Multnomah, Speaker Carter was declared speaker for this session, some doubts having been expressed as to the legality of the continuance of the special session organization. Speaker Carter expressed his gratitude in a few well chosen remarks.

The election of Carter was followed by a resolution offered by Curtis, of Clatsop, continuing in office the other officers of the house, clerks, etc., except the sergeant-at-arms. The resolution was adopted by a vote of 49 to 0.

The motion of Reeder, of Umatilla, that the house proceed with the election of a sergeant-at-arms was amended by Whaley, of Multnomah, to enable the republican members to hold a caucus. A recess was therefore taken for half an hour, but a full hour elapsed before the caucus adjourned and announced its choice. The plum fell to Ben S. Worsley, of Astoria.

HOLD-UP STATISTICS.

Record of the Number of Train Robberies in the United States.

CINCINNATI, Jan. 9.—The Express Gazette has collected data acent the operations of trainrobbers during the past year. The effect of federal jurisdiction upon train robberies is evidenced in Mexico. During the past year there was not even an attempt at train robbery in the sister republic. The crime is punishable there with instant death.

Following is the record of train robberies in the United States: In 1890, 120; 1891, 16; 1892, 12; 1893, 33; 1894, 34, 1895, 49; 1896, 27; 1897, 30; 1898, 28; total number of trains held up in nine years, 246; total number of people killed, 88; total number of people injured (shot) 77.

The record for 1898 is as follows: Number of train hold-ups, 28; number of stage robberies, 7; number of passengers and train men shot, 4; number of robbers killed, 5; number of robbers shot, 6.

GOT OFF EASILY.

A Portland Forger Receives a Light Sentence.

PORTLAND, Jan. 9.—George Hayford, a lawyer, who cut some kind of a splurge here some time ago, and then attempted to raise money on spurious bank checks, was indicted last Saturday afternoon on seven counts, each accusing him of obtaining money under false pretenses.

Hayford this forenoon pleaded guilty to the seven indictments when brought before Judge George. He remarked that he had prepared a statement to present to the court before pleading, but after due consideration he concluded to say nothing.

Judge George then sentenced him to one year's confinement in the penitentiary on each charge, the sentences to run concurrently. This virtually means only one year's incarceration.

EXTRA SESSION POSSIBLE.

Sneezy Legislators at Washington Behind in Their Work.

WASHINGTON, Jan. 9.—The ravages of grip among the members of the house and senate may compel an extra session of congress. An epidemic of illness has prevented the usual recess work by the big committees, and when congress convened after the holidays it found committee work no further advanced than when it adjourned 10 days before.

Exactly eight weeks remain before the end of the 55th congress, and it is a grave question whether in this time it can enact the absolutely necessary legislature, or whether the president will have to call an extra session to complete the work.

When the appropriation bills are enacted, it is possible for congress to adjourn and let matters go.

BAD WRECK IN NEBRASKA.

A Fast Passenger Train Dashes Into a Freight Train.

SIDNEY, Neb., Jan., 9.—At Sunola, 5 miles east of here on the Union Pacific railroad a bad wreck occurred this morning at 4:46 o'clock. Train No. 3, fast passenger, double-header, which left Omaha yesterday in charge of Engineer Charles Ell and Engineer Reese, ran into train No. 2 in charge of Engineer Dell Bonner.

Bonner had orders to meet No. 3, and the brakeman was in the act of opening the switch when No. 3, came thundering along at 45 miles an hour. Both trains were on the main track. The engines were badly demolished and the entire train destroyed, except the mail car and one sleeper. On No. 2 the composite car was burned. Bonner was internally injured, and several of his ribs were broken. Fireman Coleman was killed. Ell was scalded but not seriously. Several passengers were hurt badly. There were 320 passengers on No. 3, and all but two, one old man and a woman, were accounted for. They are supposed to have been killed.

Violated the Laws of Texas.

DALLAS, Texas, Jan. 8.—The state of Texas, through Attorney General M. M. Crane, has filed quo warranto proceedings to forfeit the charter of the Missouri, Kansas & Texas Railroad Company of Texas.

The bill prays for the appointment of a receiver. The states alleges that in the ownership and operation of parallel and competing lines of railroad and in the issues of fictitious bonds and stocks, the constitution and laws of Texas have been violated.

The Rebellion in Peru.

NEW YORK, Jan. 9.—A dispatch to the Herald from Lima, Peru, says: Advices received here from Bolivia announce that President Alonzo's advance guard is within six leagues of La Paz capital of the republic of Bolivia.

It is likely a decisive battle will be fought soon between the government troops and the rebels who now hold the capital.

Utah Legislature Meets.
