A PURE BAKING POWDER.

A baking powder that can be depended upon to be free from lime and alum is a desideratum in these days of adulterated food. So far as can be judged from the official reports, the "Royal" seems to be the only one yet found by chemical analyses to be entirely without one or the other of these substances, and absolutely pure. This, it is shown, results from the exclusive use by its manufacturers of cream of tartar specially refined and prepared by patent processes which totally remove the tartrate of lime and other impurities. The cost of this chemically pure cream of tartar is much greater than any other, and it is used in no baking powder except the "Royal," the manufacturers of which control the patents under which it is refined.

Dr. Edward G. Love, formerly analytical chemist for the U. S. Government, who made the analyses for the New York State Board of Health in their investigation of baking powders, and whose intimate knowledge of the ingredients of all those sold in this market enables him to speak authoritatively, says of the purity, wholesomeness and superior quality of the "Royal:"

"I find the Royal Baking Powder composed of pure and wholesome ingredients. It is a cream of tartar powder, and does not contain alum or phosphates, or other injurious substance."

Prof. Love's tests and the recent official tests by both the United States and Canadian Government shows the Royal Baking Powder to be superior to all others in strength and leavening power. It is not only the most economical in use, but makes the purest, finest flavored and most wholesome food.

WORKING THEM FOR A JOB.

This man Rork, who is organizing farmers' alliances, was thrown out of a job by the dissolution of the prohibition party. He had to have employment—so he caught onto the alliance scheme and is working it for all it is worth. He's a daisy friend of the farmer or anybody else.—Salem Stateman.

HAPPY HOOSIERS.

Wm. Timmons, Postmaster of Idavil e Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardrer, hardware merchant, same town, says: Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. MARRIED.

At the residence of the bride's mother, near Condon, at 12 o'clock on Wednesday, October 28, 1891, Mr. John H. Putnam and Miss Annie L. Meek, Rev. A. S. Mulligan, of Fossil, officiating. The wedding was a private affair, only a few relatives being present.

The bride was magnificently dressed in white China silk with pearl trimmings and orange blossoms. The couple presented a handsome appearance as they stood up and heard the serious and solemn ceremony that binds them together as husband and wife.

The groom is one of Gilliam county's most progressive and prosperous young business men, having made a very comfortable stake in the cattle business in Eastern Oregon during the last twelve years. Two years ago he retired from the stock business and engaged in a successful drug and merchandise business with A. B. Lamb, of Fossil.

The happy couple have already begun house-keeping at Fossil, where Mr. Putnam had a beautiful home elegantly furnished and ready for the occasion.

Along with a host of friends the Globe extends hearty congratulations.—Condon Globe.

The bride is a sister of Mrs. W. P. Scrivner, of this city.

IN SEARCH OF THE FATHER.

A Sixteen Year Old Girl's Sad and Romatic Story.

The following circular is being sent all over the country in the mails:

A LOST CHILD.

I am trying to find my father. I am told that his name is James E. Bailey. I have no recollection of him nor do I remember that I ever looked upon the face of a relative. My mother died 15 years ago in Boone county, Iowa, when I was only a year old. Shortly after my mother's death I was adopted by a neighbor named Morgan. When I was about eight years old we removed to Nebraska, and at this time father seems to have lost track of me.

"I undersatnd that he tried to find me, but was basely led by an interested party, to believe that I had died. I have only recently learned that the Morgans were not my parents. I am passing my days among strangers. They are nothing to me; I am nothing to them. The thought makes me homesick and lonely and sad. I believe my own dear father is living, somewhere in this wild world, and if he is I mean to find him. You can assist me if you will; but I can offer you no reward, at present, except my gratitude and my blessing.

"If you are unable to give me any information regarding my father, please help me to publish and circulate this notice, and oblige, sincerely yours,

"RETA BAILEY,
"San Bernardino, Calif."

"THE JERSEY LILLY."

ANGLESEA COTTAGE, L. B., July 2.

Gentlemen: Although it is very unusual for me to use any lotions or washes, still, in answer to your request, I have tried Wisdom's Violet Cream and Robertine. The former I consider especially efficacious in cases of roughness of the skin, and I have been using it every day for the last fortnight. I have found the Robertine an excellent preparation in cases of tan, sunburn, etc., caused by exposure to March winds and a July sun.

Yours faithfully,
LILLIE LANGTRY.

From the Eagle.

Sam Kinsman, of Heppner, was in our city last Saturday purchasing cattle from our stockmen.

Heppner's fall races were a grand success, or at least so report Grant countyites who were in attendance.

Jim Jones and Nels Magnuson came over from Heppner last week to look after business interests in Grant county.

Mrs. Emmet Cochran, of Monument has been quite ill for the past week. Dr. J. A. Larrabee was secured and the ill patient is getting along nicely.

Tommy Henderson took in the Fox valley mines Sunday. Tommy claims to be a great miner and hasn't much faith in any of the mines in Grant county. This is nothing new for Tommy, however.

Prof. Aubrey, one of the instructors in the Heppner public schools, was among the most successful farmers in Morrow county this season, having harvested over 6,000 bushels of grain and 1,000 sacks of potatoes.

Mr. and Mrs. E. N. Crockett in company with Mrs. Wm. Rudio and the Eagle man's better half, visited the Black Butte mines Wednesday, returning the same day. The incidents connected with the trip must have been many, as mines have been the absorbing topic ever since. Each lady was presented with some gold dust by Mr. Brown, of the Black Butte mine.

Dr. R. L. St. John of Howland, Putman county, Missouri, takes especial pleasure in recommending Chamberlain's Cough Remedy, because he knows it to be reliable. He has used it in his practice for several years, and says there is no better. It is especially valuable for colds and as a preventive and cure for croup. This most excellent medicine is for sale by Slocum-Johnston Drug Co.

Willetta, the little daughter of J. W. Leezer, is improving rapidly. Mrs. Leezer and children will return home in about four weeks.

There is not the least danger in giving it to children, as it contains no injurious substance. For sale by Slocum-Johnston Drug Co.

Slocum-Johnston, the druggists, take especial pleasure in supplying their customers with the best medicines obtainable. Among the many excellent preparations on their shelves may be mentioned Chamberlain's Cough Remedy, a favorite during the winter months on account of its great success in the cure of colds. There is nothing that will loosen a severe cold so quickly, or as promp'ly relieve the lungs. Then it counteracts any tendency toward pneumonia. It is pleasant and safe to take, and fully worthy of its popularity.

The special attention of our readers—especially our lady readers—is called to the unique (double head) advertisement of the Queen Toilet Co., Cincinnati, Ohio, to be found in this issue. It is the most liberal and reliable in America of its kind and their preparations the most effective. 439-tf
