Words cannot tell how the Lena people tried to outrival the wind and weather Sunday by shooting off their giant powder. The forecast on that day for a shower was excellent, but we have not learned whether or no they were successful, though from appearances the northern part of the county got quite a shower.

Paying Compliments.—Early yesterday afternoon the 4-year-old son of Jas. Lawrence seized a live caterpillar by the nape of the neck and dashed out its brains against a hot cookstove. The daring deed was witnessed by the boy's mother and a vivid admiring relatives, all of whom unhesitatingly prophesied a brilliant career for the youth when he became a full-grown general of the army.

RAIN MAKING.—The rain making experiments yesterday at Heppner were not successful. About 10 o'clock a bombardment was begun and kept up till noon, but without any signs of rain. It was resumed in the afternoon, but still the much-wished shower came not. From Eight Mile and other sections came word yesterday that they, too were trying the rain making experiment, it having been agreed previously to make the attempt of making clouds and wringing them over the grain fields of Morrow county of that date. Notwithstanding the fair so far a failure, nature may yet furnish what man has not. And at any event there will be considerable grain raised in this section.

RUNAWAY.—Saturday Frank Sloan's one-horse shay met with a mishap on Main street that caused some excitement for a few minutes. He was breaking a rather wild specimen of the cayuse tribe, and just in front of Howard & Sloan's it began kicking. Frank was courageous and hung on, but with one or two well-directed kicks on Frank's anatomy the horse then proceeded on damaging the vehicle to the extent of a pair of shafts. Frank was bruised some on the arm, but fortunately escaped any serious injury.

A PECULIAR PHENOMENA.—Sunday last the heavens indicated rain, and Heppner's pomade brigade concluded that this was the time to begin operations. A small and [illegible] shower resulted, but as [illegible] say that it was immensely successful. A peculiar phenomena was noticed toward the close of the rainfall. The setting sun illuminated the falling drops, which were unusually large, rendering them to the eye numberless rubies, emeralds, diamonds, etc. To the initiated it was well worth seeing.

PYTHIAN SISTERS.—Today the Pythian Sisters will relieve the hungry and thirsty, out at the grave, with all that's common to such occasions. Remember that the the proceeds go for the benefit of Dorian Temple. Don't forget them.

Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We used almost every thing without benefit. Then I said, let us try Chamberlain's Colic, Cholera and Diarrhoea Remedy, which we did, and that cured us right away. I think much of it, as it did for me what it was recommended to do. John Heatler, Bustos, Bucks Co., Pa. 25 and 50 cent bottles for sale by Sloan-Johnston Drug Co.

SHOEMAKER.—Ed Bisbee, a shoemaker of and repairer of many years' experience, has just located in the Abrahamson building, on May street, where he is prepared to do everything in his line. He is a thoroughly competent first-class workman and warrants all work. Give him a call. 14tf

Chronic Headache Cured—Weak Lungs Made Strong and Well.

"For years I had sick headaches every day, and I also had **very weak lungs.** Since I have been taking Hood's Sarsaparilla, I have been **entirely cured** of headaches, and my lungs are strong and well. Friends often say

How Well You're Looking.

I tell them it is due to Hood's Sarsaparilla. I am small in stature—never weighed over 100 pounds before taking Hood's Sarsaparilla, and at the time I began taking it I had run down to 85 pounds, but now I weigh 111½. My friends thought I would be **dead long ago,** but I am perfectly well. I am unable to express my thanks for the good

Hood's Sarsaparilla

has done me." MRS. C. B. CARD, 1215 Adeline Street, Oakland, California.

DEATH OF W. G. BOYER.

He Passes Away at 12:15 Yesterday Morning—A Pioneer of Eastern Oregon.

Yesterday morning at 12:15 in this city, W. G. Boyer departed this life, aged 38 years, 5 months and 7 days.

Mr. Boyer was born in Grayson county, Virginia, Jan. 26, 1855, where he spent his boyhood days with his parents. In 1876 he came to Eastern Oregon where he has since resided, following the stock business. In 1878, he was married to Eliza J. Mitchell, daughter of the late Judge, and Mrs. Wm Mitchell. Mrs. Boyer still survives him. Three bright children blessed this union, Ethel, Glen and Guy. Mr. Boyer's parents are still living in Grayson county, Virginia, besides many relatives in that section and in the West.

The funeral occurred yesterday afternoon at the M. E. church, South, the remains being followed to their last resting place by a vast concourse of friends and sympathizing neighbors. Mr. Boyer was a kind and considerate husband and parent, an useful citizen and a staunch friend. His demise is sincerely regretted, and many mourn for the absence of their neighbor who was ever sympathetic and true.

EAGLETS.

From our Long Creek Paper.

Bert Bosworth, foreman of the Eagle, departed yesterday for Southern Grant on business.

J. W. McAlister, of Lexington, Morrow county, has charge of the McDuffie warm springs, so the Eagle is informed.

The present staging service between Long Creek and Heppner is ahead of anything ever yet experienced in this country. It should merit the support and patronage of all.

A petition was presented to Gov. Pennoyer yesterday praying that the sentence of death passed upon F. W. Gallin by Judge Fee at the last term of circuit court be commuted to imprisonment for life.

"My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine." J. E. Hare, Trenton, Tex. 25 and 50 cent bottles for sale by Sloan-Johnston Drug Co.
