## NOT A SICK DAY
## For Over Thirty Years!
RESULT OF USING
## AYER'S PILLS

"Ayer's Cathartic Pills for over thirty years have kept me in good health, never having had a sick day in all that time. Before I was twenty I suffered almost continually—as a result of constipation—from dyspepsia, headaches, neuralgia, or boils and other eruptive diseases. When I became convinced

that nine-tenths of my troubles were caused by constipation, I began the use of Ayer's Pills, with the most satisfactory results, never having a single attack that did not readily yield to this remedy. My wife, who had been an invalid for years, also began to use Ayer's Pills, and her health was quickly restored. With my children I had noticed that nearly all their ailments were preceded by constipation, and I soon had the pleasure of knowing that with children as with parents, Ayer's Pills, if taken in season, avert all danger of sickness."—H. Wettstein, Byron, Ill.

There can be no pleasure or happiness for persons whose liver or kidneys are unhealthy. They are weak, sick and irritable, and find it burdensome to perform work of any kind. This remedy is recognized by many of the best medical authorities as without a peer for the cure of diseases of the kidneys or liver. ### THE ENTERTAINMENT.

The elocutionary entertainment given under the auspices of the Morrow county teacher's institute at the opera house last evening by Mrs. E. E. Balcomb, assisted by local talent, was attended by a large and appreciative audience. Mrs Balcomb shows the effect of careful study as an elocutionist. She is both pleasing and entertaining and completely won the audience in her different appearances during the rendition of the program. Of the local talent who assisted in last evening's entertainment, nothing new can be said, they have appeared in public in this city so often before that their merit is well known.

CHANGE OF VENUE GRANTED.—At the afternoon session of the circuit court last Tuesday the argument for a change of venue in the railroad bond case attracted the attention of the court. Attorney Long, of Portland, presented the argument for and defended the interests of the O. R. & N., showing that it was impossible to secure a fair and impartial trial in this county. Judge A. S. Bennett, of The Dalles, represented the defendants in his usual forcible manner. This legal war continued until the close of court at the supper hour, when Judge Fee took the matter under advisement until 7:30 p. m. On reconvening court at that hour he granted the change of venue from this to Wasco county, as per the request of the attorney for the prosecution, on condition that they furnish transportation for 10 witnesses, the number asked for by the defense, and also deposit with the clerk $100 to be used in payment of additional mileage for the defendant's witnesses. The prosecution was given until 11 o'clock Wednesday to accept. At that hour Attorney Long gave notice of acceptance and also made the required deposit. This case will now come up at The Dalles at the November term of court, unless compromised in the meantime. The railroad company have now reduced their compromise proposition to $2400, while the Gazette learns that the defendants proposition is the face of the last verdict, $1975, and each pay their own costs. If the latter statement is correct there is certainly not much difference between the two propositions and a compromise ought now to be effected. The citizens of Morrow county and the bondholders would certainly lose nothing by settling this case without further litigation.

Among the numerous persons who have been cured of rheumatism by Chamberlain's Pain Balm, mention should be made of Mrs. Emily Thorne, of Toledo, Wash., who says: "I have never been able to procure any medicine that would relieve me of rheumatism like Chamberlain's Pain Balm. I have also used it for lame back with great success. It is the best liniment I have ever used, and I take pleasure in recommending it to my friends." For sale by Slocum-Johnson Drug Co.

MORROW COUNTY HOP RANCH.—In conversation with B. F. King, of the lower country, while in Heppner last Wednesday, he informed the Gazette's pencil pusher that he and Joe Haney, of the same section, have a 10-acre field of hops down in the Jordan Fork country. This is a new venture with these gentlemen, in fact it is probably the first effort at producing hops in this county. Mr. King is very well satisfied from all appearances so far. He reports that the field will yield fully 1500 pounds to the acre. This is about one-fourth less than an average in the Willamette valley. He thinks the crop will be ready to pick about September 15th and expects to use as many as 30 hands. Where yards are irrigated in this city the hop growth is very prolific, and the Gazette sees no reason why hops could not be successfully and profitably grown in this county. The proposition of winter irrigation, when water is plentiful, would be an easy matter in many parts of Morrow county, and from reliable authority this is the proper kind of irrigation for the production of hops. Many will look forward to the result of these gentlemen's venture with interest.

When thousands of people are taking Hood's Sarsaparilla to overcome the weakness and languor which are so common at this season, why are you not doing the same? Hood's Pills are prompt and efficient. 25 cents.

CHANGED TO PETIT LARCENY.—Yesterday the grand jury returned a true bill against John Jenkins and John Masters, bound over on the charge of burglary. When arraigned the defendants plead not guilty to the charge. Last evening a petition was circulated and signed by more than 100 of Morrow county's citizens, among whom were many of our largest taxpayers, and five members of the grand jury, asking that defendants be allowed to withdraw plea of not guilty to burglary and enter plea of guilty to simple larceny. District Attorney Lawrey plainly stated that he was not in favor of such action and only accepted the change on account of the petition presented him, thus leaving the petitioners responsible for the change of front in this case. On entering plea of guilty to the charge of simple larceny Judge Fee sentenced the boys to six months imprisonment in the county jail and to pay costs of case.

This was one of the most interesting subjects of the days session and much information and benefit was derived. All were dismissed at 4 p. m.

### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

## A Great Blessing

My wife and I have found in Hood's Sarsaparilla. She had rheumatism very severely, with ankles and legs badly swollen, and hardly able to get up and down stairs without help. Many other remedies failed, but Hood's Sarsaparilla entirely cured her. It was only shortly after that I was taken with the same complaint, affecting my limbs and

hips, so I just tried the same medicine with the same result. My wife and children take Hood's Sarsaparilla whenever they feel the need of a medicine and it immediately makes them feel better.
