Safe Crackers at Work.

One of the most daring cases of safe-cracking in the state occurred at Wasco, Or., Sunday night. March & Medler's drug store was broken into and over $900 taken. The burglars entered through the rear door, having first tried the windows. They pried off the lock with a chisel or a jimmy. Numerous tracks were found outside the building. They were all the same, and the impressions in the mud showed that those making them had burlap wrapped around their shoes.

How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough remedy. We have used it quite extensively and it has always given entire satisfaction.—Olagah, Ind. Ter. Chief.

This is the only remedy that is known to be a certain preventative of pneumonia. Among the many thousands who have used it for colds and la grippe, we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes for sale by Conser & Brock. *

Many of the packages were shipped as "baking powder," "kerosene," "turpentine" and other devices to get the liquor past the custom officials. The liquor which represents more than $10,000 in value was turned over to Collector of Customs T. J. Black, of Portland, by Collector Ivey.

The Shooting Was Accidental.

Mention was made in Tuesday's issue of the shooting of Frank G. Farley, a conductor, at Tekoa, Wash., by Ed Alvord, another conductor, and the reading of the article would indicate that the two men had been quarreling. At the coroner's inquest the evidence showed that Alvord was turning the cylinder of a revolver so the hammer would not rest on a cartridge. The weapon was discharged, and Farley fell and expired without uttering a word. The jury exonerated Alvord.

Work of an Air Gun.

While going into the cab of his engine Monday at Pendleton, Fireman Leavitt was shot in the eye by Mark Catching, an 18-year-old boy, with an airgun. The boy did the shooting, it is said, without cause. It is believed the sight of Leavitt's eye will be destroyed. Leavitt was sent to the Portland hospital, suffering much pain. The use of such weapons should be stringently prohibited by law, as they are infernal nuisances and the means of doing untold damage.

In the beginning God created the heavens and the earth. Then he made the editor and the liberal advertiser and the prompt paying subscriber, and it was good. The next day a blizzard set in and he created a man who didn't believe in advertising, and he rested. Then the devil got in the back room and he created the man who takes the editor's paper for years and fails to pay for it. The devil then took a rest, but the editor hasn't rested since.

Mrs. Stark, Pleasant Ridge, O., says; "After two doctors gave up my boy to die, I saved him from croup by using One Minute Cough Cure." It is the quickest and most certain remedy for coughs, colds and all throat and lung troubles. Conser & Brock. *
