EVERY INHABITANT KILLED

Not a Building Nor a Soul Left at St. Pierre.

DESTROYED IN TEN MINUTES

In a Whirling Fire Vomit from Mount Pelee 30,000 People Were Instantly and Horribly Killed.

FORT DE FRANCE, Martinique, May 12.—Careful inspection showed that the fiery stream which so completely destroyed St. Pierre must have been composed of poisonous gases, which instantly suffocated every one who inhaled them, and of other gases burning furiously, for nearly all the victims had their hands covering their mouths, or were in some attitude showing that they had sought relief from suffocation. As the bodies were carbonized or roasted.

Piles of dead in the vicinity of the site of the cathedral tell a story of the attempt to find sanctuary and refuge in the great structure of worship. Men and women, panic stricken at the cataclysm, turned in the moment of their despair to the cathedral, and were apparently overcome before they could reach its doors.

It now seems to be generally admitted that about 30,000 persons lost their lives as a result of the outbreak of the Mount Pelee volcano at St Pierre Thursday last. Careful investigation by competent government officials shows that the earlier reports of the Associated Press were accurate. Briefly put last Thursday morning the city of St Pierre disappeared within 10 minutes. In a whirling fire vomit from Mount Pelee 30,000 persons were instantly and horribly killed and the volcano, whose ancient crater for more than 50 years had been occupied by a quiet lake in which picnic parties bathed, suddenly discharged a torrent of fiery mud, which rolled toward the sea engulfing everything before it. The last cabled communication was broken and the doomed city was isolated from the world.

The American Consul at Guadeloupe, Louis H. Ayme, has reached the desolate spot where St. Pierre stood and confirms the awful story in all its essential details. From an interview with Colonel Ayme, who is a trained American newspaper man, a correspondent of the Associated Press, learned the following facts:

Thursday morning the inhabitants of the city awoke to find heavy clouds shrouding the Mount Pelee crater. All day Wednesday horrible detonations had been heard. These were echoed from St Thomas on the north to Barbadoes on the south. The cannonading ceased Wednesday night and fine ashes fell like rain on St Pierre. The inhabitants were alarmed, but Governor Mouttet, who had arrived at St. Pierre the evening before, did everything possible to allay the panic.

The British steamer Roraima reached St Pierree Thursday with 10 passengers, among whom were Mrs. Stokes and her three children and Mrs. H. J. Ince. They were watching the rain of the ashes, when a frightful roar and terrific electric discharge, a tornado of fire, mud and steam swept down from the crater over the town and bay, sweeping all before it and destroying the fleet of vessels at anchor off the shore. There the account of the catastrophe, so far as obtainable, ceases.

Thirty thousand corpses are strewn about, buried in the ruins of St Pierre, or else floating, gnawed by sharks, in the surrounding seas.

Southern Cattle for Montana.

Billings, Mont. May 12.—The Burlington Company has received advices that 1600 cars of Southern cattle will arrive in Billings for Montana during the next few weeks.

Strike Practically Over.

Oregon City, May 12.—The woolen mill strike is practically over. The United Textile Workers, comprising employes of the mill, met tonight, and discussed concessions offered by the Oregon City Manufacturing Company. The employes will secure over 60 per cent of their original demands. It is expected that complete terms of settlement will be arranged within a short time. The principal obstacle now in the way is the recognition of the union, which the employes will insist upon. The demands of the strikers conceded by the company will increase the yearly pay-roll about $13,000.

WHOOPING COUGH.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lostily for cough syrup between whoops.—Jessie Pinkey Hall, Springville, Ala. This remedy is for sale by Slocum Drug Co.

Blood.
We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.
There is nothing else to live on or by.
When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.
This is health.
When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.
Back of the blood is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man, woman and child.
Have you tried it? If not, send for a sample. We will pay the expense.

IONE ITEMS.

IONE, May 14, 1902.

Political speaking here today.

E. G. Sperry is in Portland on business this week.

Mrs. Clyde Sperry left for a visit to Dayton, Washington, where her parents reside.

Mrs. Jerry McElligott is in town seriously ill. She was brought in from the farm Sunday.

Many new and excellent citizens are coming into the vicinity of Ione, some for homesteads and others to purchase land.

Lots of drunks on the streets of Ione the last few days much to the disgust of the respectable element of the city. Much profanity and no arrests.

E. L. Wood left here for Lexington where he has formed a partnership with Mr. White in the blacksmith business. He formerly lived at Lexington.

Wheat crops are making rapid growth now and many farmers assert that the crop will be far better than anticipated a few weeks ago.

Edward Keller will start a blacksmith shop in Ione. Ed. is all right and will surely make money here. It is a good opening and Ed. is a good workman.

The new Baptist church in this city is nearing completion. It is a substantial and lasting monument to the energies of Rev. Brown, who so ably superintended its construction and collected the subscriptions for the erection of it.

T. J. Davidson has purchased the Warfield Bros. saloon here and intends to run it. He also purchased from George Utt, so we are informed a section of land near Gooseberry with teams and crops for $9400.

Mohair has begun to come to market freely in the Willamette. It is quoted at about 23 and 23½ cents. The clip so far is in good condition. The total crop is estimated this year at from 300,000 350,000 pounds, about the same as last. Goats do not multiply very fast in Oregon, owing to the severe weather conditions to which young kids are subjected. Last spring there was heavy mortality among them. If these that died had survived, they would this season be yielding mohair. The sale of 25,000 pounds at Dallas some time ago, at 25 cents a pound, was not out of proportion with the market. The crop was of good quality, and moreover it was a round lot, for which dealers could afford to pay a higher price than for small quantities. At Roseburg, about 4,5000 pounds are for sale, and at Monroe about 4,000 pounds. Other quantities in the valley run from 50 up to 300 or 400 pounds. Oregon produces the finest Mohair in the United States, and gets prices from 5 to 10 cents higher than do other districts. The Boston market is usually about 5 cents higher than the Oregon. It costs about three cents to gather and ship the mohair East.

The Spokane share of the $10,000 fund for the preparation work of the state at the St. Louis fair, was raised in one day. It was $1500.

The First National Bank in Baker City has individual deposits of $900,000 in round numbers. That is the largest deposit of any bank in Oregon outside of Portland.

It took the jury in the case of J. G. Mack vs. the Oregonian Publishing Company, for libel, about five minutes to decide that Mr. Mack was entitled to no damages. Mr. Mack will have to pay the costs.

REVEALS A GREAT SECRET

It is often asked how such startling cures that puzzle the best physicians are effected by Dr. King's New Discovery for Consumption. Here's the secret. MONEY TO BET ON FURNISH.

Portland men placed $5000 at Sig Sichel's cigar store yesterday, to bet upon the success of W. J. Furnish in the Gubernatorial election. The money is open to takers in any amount over $100 on the following terms:

$1000 that Mr. Furnish will carry Multnomah county.

$1000 that Mr. Furnish will carry Umatilla county.

$1000 that Mr. Furnish will carry Western Oregon.

$1000 that Mr. Furnish will carry Eastern Oregon.

$1000 that Mr. Furnish will be elected Governor.

The fact that Portland men are ready to wager a large sum on Mr. Furnish is a strong evidence of the prevailing sentiment in his favor throughout the state. —Oregonian.

TO YOUNG LADIES.
From the Treasurer of the Young People's Christian Temperance Association, Elizabeth Caine, Fond du Lac, Wis.
"DEAR MRS. PINKHAM:—I want to tell you and all the young ladies of the country, how grateful I am to you for all the benefits I have received from using Lydia E. Pinkham's Vegetable Compound. I suffered for

MISS ELIZABETH CAINE

eight months from suppressed menstruation and it affected my entire system until I became weak and nervous, and at times felt quite bad. I read a hundred letters in the newspapers. I only used the Compound for a few weeks, but it wrought a change in me which I felt from the very beginning. I have been very regular ever since, free from pains, and that tired feeling is gone as if it was prayed. I gladly recommend Lydia E. Pinkham's Vegetable Compound to any young lady.—Miss Elizabeth Caine, 48 Division St., Fond du Lac, Wis.—[illegible] above testimonial and prove its genuineness.
At such a time the promptness and kindness of Lydia E. Pinkham's Vegetable Compound in restoring the young system for the critical change, and is the sacred mission of woman's life of every majority.
Mrs. Pinkham invites all young women who are ill to write her for free advice. Address Lynn, Mass.
