BUICK

THE BUICK CREED

QA BUICK AUTOMOBILE must be so built that it will, at all times and under all circumstances, give the owner uninterrupted use of his investment. Every Buick owner is entitled to, and will receive, prompt and efficient service---the kind that will insure him the motoring pleasure he expects. Buick reputation, so pre-eminently firm and fair, was not won by chance, but is due to the policy established with the production of the first Buick car and so consistently adhered to ever since---that of giving the owner the maximum of service for the minimum of cost. No matter what its price, a Buick car must and will, give the maximum of that service for which it was intended, and must bear its proportion of the responsibility of maintaining that high prestige which Buick cars have attained.

DON'T FORGET that we put on the new tires free within five miles.
