TOWN AND COUNTY.

INSTALLATION.—The newly elected officers of Falls Encampment, No. 4, I. O. O. F., were installed last Tuesday evening. The members expected a number of visitors from Portland, but were disappointed. There was a very agreeable surprise, however, concocted by some of its members. During Tuesday, a couple of ladies went around and invited the wives of the members to be present at the supper, and said nothing to their husbands about it. The members went down to supper, and their surprise was complete on finding the room well filled with ladies. A fine supper was set by Mr. Saal, and a very good time had.

ENTERTAINMENT.—The amateur troupe of this city gave one of their entertainments last Monday evening. The plays were well rendered, but the audience was not as large as the merits of the troupe deserved. The weather was very unfavorable, and both pieces were repeated, which probably accounts for the fact that the crowd was not larger. We learn that the troupe will shortly give another exhibition, with an entire change of programme.

There are more out side scholars in attdance at the Seminary this quarter than there has ever been at any one term before. The present able set of teachers are giving general satisfaction, and Oregon City can boast of as good a school as there is in the State. At the last meeting of the Council a new school law, with rules and regulations for scholars and teachers, was adopted. It is a good one. We shall publish it in our next issue.

POSTAL ORDERS.—Mr. Bacon, postmaster at this place, gives us the following as the postal order business done at this office for the past year: Total No. orders issued from January 1st, 1872, to January 1st, 1873, 833; amount on the same, $15,130 31; fees on the same, $105. No. orders paid 269; amount paid on the same, $9,076 51.

PRIVATE SCHOOL.—Miss Mollie Post opened a private school in this city, near the residence of J. L. Barlow, last Monday. The Seminary being too far distant, makes it necessary to have private schools for small scholars. We learn that Miss Post is meeting with a liberal share of patronage.

WASHED AWAY.—A portion of the dry-dock in the basin washed away last Monday night. The work around the basin is regarded by those who have examined it, as unsafe and rotten, and liable to be carried away at any time. The Company, however, regard it as perfectly secure. We hope it is.

TO SCHOOL CLERKS.—School Clerks will be furnished blank reports by making application at this office. The annual reports must be returned to the Superintendent by the 1st of March, or else the districts not reported will lose their share of the county money.

COUNTY COURT.—The County Court has been in session since Wednesday. Most of the business transacted thus far is business in which Jas. M. Moore appears to have especial interest. We shall publish the proceedings in full next week.

PROTRACTED MEETING.—A protracted meeting has been in progress during the present week at the Baptist Church in this city. We learn that a number of prominent preachers from abroad are expected here to-day and will take part in the services.

VALUABLE PROPERTY.—The administrator of the estate of Jacob Engle will sell the real estate belonging to said deceased, at the City House, in this city, on to-morrow, at 1 o'clock. A good chance for a bargain.

ACCEPTED.—By reference to our advertising columns, it will be seen that the Oregon City Manufacturing Company give notice that they accept the terms on which the subscriptions were made to aid in rebuilding the factory.

REBECCA.—The officers of Rebecca Lodge, No. 2, I. O. O. F., will be installed next Tuesday evening. The installation ceremonies are to be public, and will be conducted by Grand Master Apperson.

WINDOW BROKE.—Some thief or thieves cut out two window panes in the store of Messrs. Field & Strickler one night this week. They were probably frightened away, as nothing has been missed.

DEPARTED.—Our young friend H. C. Harrison, grandson of Councilman Moss, who has been sojourning in this city for the past few months, took his departure for Southern California last Tuesday.

WANTS IT.—Hon. John Myers desires those indebted to him to call and pay up as the New Year has commenced, old accounts ought to be closed up. He says he means what he says.

DESIGNS.—We learn the designs for the factory are nearly completed and that the Company will shortly advertise for proposals for building the same.

BOUGHT.—Messrs. John Marshall and Geo. T. Myers, of Portland, have bought the steamer Calliope. We presume she will be employed in the Yamhill trade.

EXCURSION.—We learn that as soon as the Annie Stewart is ready for service, there is to be an excursion to Corvallis given by the owners of the Locks.

HIGH.—The river has been getting its back up for the past week, and notwithstanding the fact that it continues to run down, it has got very high.

ACCEPTED.—Elsewhere we publish the card of acceptance of the locks by the Commissioners, Hons. Geo. R. Holm, John Whiteaker and Lloyd Brooke.

NEW LANDING.—Since the high water the Senator has been landing in the lower part of the city, near the residence of Mr. Buck.

LECTURE.—Mr. Levi Leland, is "posted" for a lecture at the Coffee House to-night Subject, Temperance; admittance free.

IN TOWN.—Hon. J. D. Fay, of Jacksonville, was in town last Saturday.

THE REASON.—Jas. M. Moore instituted criminal prosecution against Mr. Diller for running a ferry under a lease from the city in order that the county would have to foot his bill of costs. That is a good dodge in the venerable old gentleman.

Obstructions.

A correspondent of the *Oregonian* from McMinnville under date of Jan. 4th, says:

I notice in your to day's daily that the Commercial Mill on the Yamhill has been compelled to suspend operations, and I shall here add, at great expense of delay to the proprietors daily. The facts are these: The owners of the mill, with other shippers, for a number of years have had free and uninterrupted navigation of the Yamhill river until recently. During last summer, by order of the railroad ring, a bridge was built across the river some three miles below McMinnville. The bridge is so constructed that it will not allow running drift to pass, but will collect against the bridge and navigation rendered impossible. The steamer Dayton has made several trips to the bridge and partially cleared the river, but the principal obstruction is the bridge itself. There is no means by which to raise the draw. The individuals who own the bridge have wholly neglected and refused to put it in order for passing boats. Now, let us see what has induced the railroad ring to such a course of conduct. The inducement of concentration of freight at St. Joe and the fear of river competition against the railroad on the West Side. From the manner of the piling of the bridge a great many are of the opinion that the chief purpose of the construction of the bridge was to snag the river above St. Joseph for the balance of the season, as the steamboat company, interested with the railroad, are indifferent as to how soon the impediments to navigation are removed, well knowing shippers will have to haul to the railroad in the spring.

McMinnville has been a town of manufacturing, trading and shipping importance for the last sixteen years. The citizens have invested here largely, and have given a large amount of valuable lands and other property to aid the railroad; and the very men come and obstruct to their injury, the channel which Nature's God has given to their special benefit.

How long is this to be tolerated? The steamer Dayton has no special interest to force herself through the bridge, as she is owned by the railroad ring. Now that the locks on the Willamette are through, any boat or two might come up daily and the shippers would sustain them. The Commercial Mills alone would sustain one boat from now on till April. Owing to the obstruction to navigation thus far, this mill has been at a cost of $350, and from present appearances may be that much more.

The petition of the citizens of this county asking Congress for an appropriation to improve this river 15 right yards long with signatures and will be forwarded to Washington by this mail.

Swamp Land Decision.

UNITED STATES LAND OFFICE,
OREGON CITY, Oregon,
January 7, 1873.

Gentlemen:—In the contested land case of the State of Oregon vs Frank L. Stott and John W. Waggoner, involving the right to certain lands in unsurveyed Lake Waparo, designated as lots 6, 7, 8, 9, 10, 11 and 12 and N. W. ¼ of N. E. ¼ section 12 T. 2 S., R. 4 W., covered by the pre-emption filings of said Stott and Waggoner, and also claimed by the State under the act of March 12, 1860, extending the swamp grant to Oregon, this office has decided adversely to the claims of said Stott and Waggoner, and awarded the land in dispute to the State, finding:

First—That the said land is, and was at the date of said grant, "swamp and overflowed land, within the meaning of said act of 1860.

Second—That not having been sold or disposed of by the United States, said lands are not excluded from the grant by the proviso contained in the first section of said act; and

Third—That as said tracts were not surveyed and the approved plat of the surveys filed in this office until August 18, 1868, the time prescribing in the second section of said act within which the State is required to make the selection has elapsed with reference to the tracts in question.

Finding that said tracts are in fact "swamp and overflowed," and thereby rendered unfit for cultivation, that the same have not been sold or disposed of by the United States, and that the State has made its selection in due time, we have accordingly, as stated, awarded the same to the State.

Respectfully yours,
OWEN WADE, Register.
HENRY WARREN, Receiver.

To J. Gaston, Esq., and W. C. Gaston, Esq., for the State.

There has been several cases of small-pox near Wingville, Baker county, and two cases at the Slough House, one of which has proved fatal—that of Mr. William Barker, who died on the 28th ult. He had been attending to one of the sick parties near Wingville and took the disease, and after being taken down was removed to a house near the Slough House where he died. It is thought he took cold in removing. Mr. Beatty is still sick with it at the house where Mr. Barker died. One case is also reported at Baker City, and the authorities are having a pest house built.

SELLING OUT.—Mrs. H. Kelly offers her entire stock of goods for sale at cost, for the purpose of closing out business. This is a good chance to get bargains. Give her a call. First door north of Mr. Highfield's jewelry store.

FOR SALE.—We have an account against Dr. A. D. Ellis of Portland as follows: Balance on advertising contracted for the National Life Insurance Company, $49; to subscription from August 1, 1869 to date, $10; total $59. This account can be had cheap. We never intended to advertise this account for sale, until the fellow had the cheek to refuse to take papers out of the post office. This notice is put in until accounts settled.

For Cough, Bronchitis and Consumption in its early stages, nothing equals Dr. Pierce's Golden Medical Discovery.

Many Suffer rather than take nauseous medicine; and this is not to be wondered at, as the remedy is often worse than the disease. Sufferers from coughs, colds, influenza, sore throat, or tendency to Consumption, will find in DR. WISTAR'S BALSAM OF WILD CHERRY, a remedy as agreeable to the palate as effectual in removing disease.

Our Bodily Infirmities.

Physical infirmities are the lot of all. Millions are always sick. No man, woman or child is uniformly in perfect health. Much, however, of the sickness and suffering which render life a burden to so many of our fellow beings is due to carelessness and neglect. A mighty antidote to the leading causes of disease has been provided. It is as harmless as it is efficient. No poisonous drugs enters its composition. It is an undefiled stimulant, tonic and aperient, of which every ingredient is vegetable. This unexceptionable preventive and restorative medicine is not "a new thing under the sun." Hostetter's Stomach Bitters will soon have been before the world a quarter of a century; and it is not too much to aver that thousands, aye, tens of thousands, are now using it who would have been in their graves years ago had they not been strengthened and sustained by this wholesome stimulant, to repel the injury with which minor ailments often, if not one, when neglected, obstinate diseases, is well known. This tonic is famous for the immediate check which it gives to those breeders of deadly disorders. The sensation of languor, the sick headache, the nervousness, the indisposition to exertion, the nausea, the confusion of the brain, the physical debility, which are its tended to premonish us of the approach of serious danger, are invariably removed by a few doses of the Bitters. The fame of the preparation as a genuine specific for dyspepsia, bilious complaints, malarious fevers, rheumatism and chronic debility, is as wide as the world, and in these days of charlatanism, when fierce cathartics, that rob the invalid of the last remnants of his strength, are advertised as invigorants(!), it is indeed a blessing to mankind that Hostetter's Stomach Bitters are every where procurable, and everywhere popular.
