*"I know I could buy a cheaper suit of clothes somewhere else, but I don't know how it might wear."*

EVERY MAN who enters a tailor shop in this city owes us his good will that we have made it —so difficult to sell unreliable goods, —so easy to buy the best and buy —it for so little compared to San —Francisco or Portland prices.

Seems is if half the mothers in Astoria have bought a pair or two of those LITTLE GIANT school shoes for their children. The other half will as soon as they hear of the wearing qualities of those that are being worn about the city. You can have your choice of leather, kid, grain or calf.

Watch your watch—When it runs a little too slow or a little too fast, bring it to J. H. SEYMOUR. He will attend to it. He knows how. He learned his trade in a watch factory.

Foard & Stokes Co. have secured the agency of the famous STEWART'S TWINES, the only GENUINE FLAX TWINE manufactured in IRELAND. Their new stock goods are much superior to any other kind.

When a man buys a lottery ticket and draws nothing but his breath he feels sold. When he buys his wood and coal of the Scow Bay Wood Yard, whose office is opposite Fisher Bros.' he is pleased, as they sell only the best.

For years the Astoria Wood Yard has given our citizens only the very best of wood and coal. They are still doing it. In fact, they are taking the lead. Why? Because they know what the public wants, and the public knows them.

How to save money? You'll learn the secret by trading with Goodman & Co. The prices they quote on shoes tell the tale. Their figures don't mean inferior quality of goods either, but rather the finest procurable.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says, "Shiloh's Vitalizer 'SAVED MY LIFE.' I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver or Kidney trouble, it excells. Price 75 cts. For Sale by J. W. Conn.

Mr. Humphrey has some choice Chinook salmon at his market near Rescue Hall. He also has oysters that sell at a less price than at any other market in the city. He carries clams and other shell fish, and as a side issue, has a stock of Marshall's famous knitting twine.

Just arrived—One thousand pairs of men's pants. They are genuine bargains. Also just received a large line of trunks and valises; a full line of men's shoes, the best in the market, and to be sold at lower prices than anywhere in the city. Oregon Trading Co., 600 Commercial street.

In groceries as in everything else, it pays to get the best. Everybody is not supposed to be expert in judging the value of all kinds of groceries, and must depend on the honesty of the dealer. HONESTY IS THE BEST POLICY. There isn't any doubt about it. Foard & Stokes do not claim to do the impossible, but they do claim to sell goods at lowest prices. There is no robbing Peter to pay Paul at their store.

A Kentuckian named Junip is acquiring fame and dyspepsia as a consumer of hard boiled eggs. Twenty-two at a sitting is his best record and he is willing to shell out $50 that he can't be beaten. The eggs, surely not.

A colony of enterprising 16 to 1 silverites have put in circulation in New York and vicinity about $1,000,000 worth of silver coin. The product is not bogus, because it contains as great a quantity of pure silver as the government article. The makers simply borrowed the government flat and cleared a profit of 50 cents on the dollar.

Captain Ilsen has succeeded in getting the schooner Albion off the beach in Siuslaw bay. A large timber was placed under the hull of the schooner and by the aid of an extra force of men the vessel was floated after two-days' labor. Nearly all the hold-load of lumbr was discharged. The schooner now has a load of about 75,000 feet. She was towed down to the Spruce street wharf, where she now lies.

The Dunreggan does not look like the same vessel that came into port on Monday, barnacled and rusted in a frightful manner. Now she looks trim and neat under a fresh coat of paint, and the barnacles are fast disappearing from the bottom by the action of the fresh water of the Columbia. Her decks have been scrubbed and polished and it would be hard to find a more tidy craft than the vessel now is.

Mrs. Jefferson Davis has recently regained some property in New Orleans which belonged to her husband before the war, and was confiscated by the United States. The property was sold and the purchaser held it until 1892, when Mrs. Davis and her daughters got possession of it. They are now asking the parish of New Orleans to remit the unpaid taxes for some years before they become its owners.

According to the American Shipbuilder the large ship builders, Harland & Wolff, Belfast, Ireland, who built the Majestic and Teutonic, pay riveters $7.54 per week; pattern-makers $8.27 per week; platers the same, and fitters, $6.57 to $8. More than twice these sums are paid in this country, to the same trades, and it is no wonder that merchant ships are built abroad instead of in this country, with such a wide discrepancy in the cost of labor.

Miss Lanetta, who is a member of the party, will not go up from this city, as the surrounding country is not the easiest place in the world to alight on from a jump of a few thousand feet. Their balloon when inflated measures 66 feet in height and 148 feet in circumference.

Salem Post, Saturday: Ed. Stone, confidential agent of Bonner and Hammond, was aboard the northbound overland this morning. Mr. Stone says Messrs. Bonner and Hammond are only awaiting a decision of the supreme court, confirming that of the lower court which legalized the recent sale, to begin operations on the way of improvements and extension of the Oregon Pacific. The Oregonian stated a few days ago that Bonner and Hammond would probably start for the Pacific coast to look after the interests of the Oregon Pacific. Bonner is still in New York, but Mr. Hammond is on his way now.

E. C. Hughes, of Seattle, who represents the owners of the sealskin cargo in the famous Coquitlam case, which was recently appealed to the United States courts at San Francisco, has written to those concerned at Victoria expressing his confidence in the result. The case, after having been argued, is now under advisement. The Victoria owners of the skins are now under bonds to the United States government to the extent of $70,000, but apart from this obligation they have been at an actual outlay up to date of $8,000 in lawyers' fees alone.

Yesterday in the circuit court the writ of review was denied in the case of Denver and Medley vs. Clatsop county. During the latter part of County Judge McGuire's administration a petition largely signed by residents of the county near Jewell was presented to the county court, praying that a road be opened through property owned by Medley and Denver, giving G. C. Baldwin an outlet, his place being in the rear of the first-named parties. The court granted the request and the road was surveyed and recorded. Denver and Medley asked the circuit for a writ of review, and an injunction restraining Bolding from building a bridge across the Fishhawk connecting with the county road. After listening to the evidence Judge McBride set aside the writ and dismissed the case.

THE HOLBROOK SLOUGH.

Skipanon, Feb. 25, 1895.

Editor Astorian:—

In regard to the statement by Bluejay of the filling of Holbrook slough by the experienced hand of H. C. Harrison, I would beg to state that the party that undertook to fill it in the first place was as fully experienced in the business as Mr. Harrison, and would have succeeded if the weather and tides had been favorable as was expected, but during the wonted neap tides they had a heavy gale, and the highest tides that have been known for many years, and it washed out all that had been put in as well the nearly two-thirds of the original fill.

Now Mr. Harrison has been heard to state that he would fill it in three days with the aid of three men and his donkey, but it appears by the amount of dirt dumped in the fill in two weeks, it is surmised by experienced judges that it will take six weeks more to complete the job. So if fortune does not favor Mr. P. C. Warren's hay meadows, they will be under water again this spring.

Here Is a Story

## About A Cow.

A man had a farm; he planted popcorn. He filled the barn with popcorn. The barn caught fire; the corn began to pop—it burst the barn, and spread over the fields, and a near-sighted cow thought the popcorn was snow—and froze to death. The cow made a mistake. Now don't you make a mistake and buy your next suit of clothes anywhere else but at our store.

We have just received five hundred suits at prices that MUST be appreciated.

will cure a stubborn cough when all the ordinary cough remedies have failed. Try it for yourself. We are putting up a fifty-cent size chiefly for that purpose. A cough is usually the telltale of a weakened physical condition. Correct that condition by the use of a proper remedy and the cough will soon disappear.

Scott's Emulsion of Cod-liver Oil and Hypophosphites acts in two ways. It nourishes, strengthens and builds up the system, at the same time allays the irritation and heals the inflammation. It gives immediate relief at night from the choking sensation so often accompanying a cold.
