WILD EXCITEMENT AMONG STRIKERS

Injunction Served Breaking Up the Principal Camp.

OTHERS JOIN IN SYMPATHY

Efforts Being Made to Extend the Strike—Men in Illinois Under Surveillance—Ohio Strikers in Need of Food.

Pittsburg, August 17.—When the news of the injunction granted by the county court, practically breaking up the camp, reached Turtle creek, the wildest excitement ensued. The strikers were emphatic in their protests. A conference of the camp leaders was at once called for and plans discussed for some means of holding the ground gained against the New York & Cleveland Gas Coal Company's men.

EXTENDING THE STRIKE.

Pittsburg, August 12.—Ex-State President George Harris, of the old miners' union, was in conference today with the miners' officials relative to the extension of the strike into the coal fields of Pennsylvania. He stated that the miners are dissatisfied and he believes can be induced to quit, which would add materially in bringing others to the movement. The Jefferson-Clearfield Coal & Iron Company employs about 1,000 men, he says, and are turning out from 20,000 to 25,000 tons of coal, most of which is being shipped to the Pittsburg market. Reynoldsville miners, numbering 1,000, have already quit work and are now considering the advisability of making a raid on the other mines of the company in Jefferson county and inducing the miners to quit. It was decided to start the movemet at once.

MICHIGAN STRIKERS.

Owosso, Mich., August 12.—The local miners at Kincaid, five miles east, have gone out in obedience to an order of the Miners' Union.

IN ILLINOIS.

Decatur, Ill., August 12.—B. B. Ray, Gov. Tanner's representative in the mining troubles, has just arrived in Decatur, after being out all the morning with marching miners. Mr. Ray said the 200 men who left Springfield were joined at Riverton by a hundred more and at Dawson by about 50 men, who are in charge of President Cartright and Secretary Neil of the Springfield district, and are marching quietly and in good order along the road to Niantic. Ray has full power to call out troops if necessary, and will do whatever is necessary to preserve order.

MINERS HUNGRY.

Columbus, O., August 12.—Gov. Bushnell has issued an appeal on behalf of the Ohio miners, who are in absolute need of food.

INHERITS A LARGE FORTUNE.

Denver Bookkeeper's Wife Falls Heir to Thousands.

Denver, August 12.—Mrs. Caroline V. Kelly, wife of Charles H. Kelly, a bookkeeper in the business office of the Republican, is about to inherit $250,000 from her brothers' estate, John D. Allport, a mining man of Butte, Mont., who died two years ago and left an estate valued at a quarter of a million. His only heir at law was his sister, Mrs. Kelly. She was appointed administratrix and proceeded to wind up the estate, but in the course of time another brother and two sisters of the dead man appeared, and as there was no will, claimed an equal interest. Recently James A. Talbott, of the First National Bank of Butte, an old friend of Allport, received a letter from Henry Osborne, dated at San Francisco, enclosing a will made by Allport some months before his death, bequeathing all his property, with the exception of a small legacy to the town of Basin, to Mrs. Kelly. Allport gave the will to Mr. Osborne with the request that he deliver it to Mrs. Kelly in Denver. Osborne could not find her and went on a prospecting tour to Mexico. Later he went to Alaska, carrying with him the will. He returned the other week to San Francisco, heard of the death of his old friend Allport, and sent the will to Mrs. Kelly.

HANNA'S YACHT AGROUND.

Port Arthur, Ont., August 12.—Senator Hanna's yacht Commanche is still aground tonight ten miles from Nipogon. The tugs Mary Ann and Georgia left this morning to pull her off. All on board are safe.

THE N. K. FAIRBANK COMPANY, St. Louis, Chicago, Montreal, San Francisco, Portland, Oregon.

THEY NOW SING ANOTHER TUNE

(Continued from First Page.)

the Alaska Commercial Company has sent messages to their agents and commanders of vessels to St. Michaels instructing them to bring stranded miners and prospectors whom they find at St. Michaels or at the mouth of the Yukon back to civilization as an act of charity. The Alaska Commercial people deny the truth of these rumors and say that they have no intention of wasting any philanthropy upon foolhardy adventurers. It is reported from Juneau that the blockade at Dyea and Skaguay is daily growing worse. At the two points there are now not less than 1,500 men unable to go over the summit.

NEW GOLD DISCOVERY.

Nicaragua Likely to Rival the Klondike Region.

New Orleans, August 12.—A new gold field has been discovered, but this one is in the tropics. Reports have come to this city lately that big finds of gold have been made in Nicaragua and steamers from that section have been bringing in gold dust in proof of it. E. S. Spence, a well known citizen of Houston, Texas, arrived here on the Fulton, plying between New Orleans and Nicaraguan ports, and confirmed the stories about the discoveries in Nicaragua. He says he has been all over the gold fields and that gold is there in large quentities. He has acquired valuable claims and will return as soon as he can make arrangements to work them. He says the whole gold region down there is very rich and the climate splendid. He says unemployed miners of the United States will do much better there than in attempting to go to Alaska. Food in Nicaragua is cheap and other expenses are reasonable.

REMARKABLE GOLD STRIKE.

Coffee Creek District Reports Some Rich Finds.

Redding, Cal., August 12.—News was received here rfom Coffee creek to the effect that $40,000 more of gold dust and nuggets were taken out yesterday afternoon from the pocket out of which the Graves brothers took their $42,000 last Saturday.

Another exceedingly rich discovery of gold is reported on Morrison gulch, about two miles from the scene of the Graves brothers' discovery. It is said $18,000 was taken out Wednesday afternoon and that two miners are taking out gold on an average of $40 to the pan. This strike is on the same vein as the Graves claim and is supposed to be an extension of the same.

STILL FLOCKING TO KLONDIKE.

Seattle, August 12.—The steamship City of Topeka departed this evening for Skaguay and Dyea with nearly 200 passengers for Klondike. Many women are among the number, and freight is piled high on every deck. Several burros are aboard, to be used in packing over the mountains, and most of the new Klondikers are taking "knocked down" boats with them for the river trip. Nearly all of the Topeka's passengers hail from the Eastern states. An immense crowd of eager men and women waited all day to see the boat depart. The steamer Utopia, advertised to sail for Skaguay yesterday, was unable to complete loading today and will not get away until tomorrow morning. She will go loaded to the limit.

MORE MOUNTED POLICE.

Victoria, August 12.—Joseph Reed, who arrived from Wrangel on the Topeka, states that a number of residents contemplate building a river steamer to run from the mouth of the Stickeen river to Telegraph creek. If they carry out their idea the steamer will be ready to take part in handling the large crowds who will be going to Yukon by the Stickeen route next year.

Another contingent of mounted police, consisting of 31 men under command of Inspector Harper, arrived from the East last night and will leave for Klondike on the Islander on Sunday to join the force now in Yukon. The inspector and 20 men will rush on to Dawson City, the others remaining at Tagish Lake to erect barracks.

MAPS NOT READY.

Washington, August 12.—The report having been published that the general land office would soon issue maps of Alaska showing the late surveys and explorations of the gold regions, that office has been flooded with letters requesting copies of maps. As it will be imposable to prepare the maps for several months, the requests cannot be granted. The officials have no time to respond to the letters. The geological survey is much in the same condition.

CRUEL TREATMENT.

Washington, August 12.—The United States consul at Medellin, Colombia, reports to the state department that the long pending trial of Charles Radford, a native of Alabama, accused in Colombia of murder, terminated July 3 last in a verdict of guilty. The judge pronounced sentence of death on the prisoner and an appeal was taken to the highest local tribunal and granted. The sentence is regarded as iniquitous and hopes are entertained that it will be reversed. After his sentence Radford was, by order of the alcalde, placed in heavy irons and otherwise treated in a most cruel manner.

THE CHINESE CALENDAR.

San Francisco, August 12.—The Chinese minister at Washington proposes to correct the Chinese calendar now in use in this country, which was calculated at Hongkong, but is one day out of true reckoning when used in this country, no allowance being made for the difference in longitude.

Acting on instructions from the Chinese minister, the Chinese consul-general has just issued a proclamation, which was yesterday posted in Chinatown and sent out to other places in this state, setting forth the error and the reason of it, and directing both that it shall be corrected.
