A REMARKABLE CONTRAST.

Some idea of the appalling decline of Columbia river commerce, under the policy of the O. R. & N. Company in refusing common point rates from the interior to Astoria, the only deep water harbor in Oregon, may be obtained from the custom house statistics of entrances and clearances in the districts of Portland and Puget sound for the month of May last. These figures are taken from the records of the government and are entirely unbiased and unmanipulated in any way. They are as follows:

TOTAL CLEARANCES.

	Tons.
Puget sound	62,912
Portland (Willamette district)	3,613

TOTAL ENTRANCES.

Puget sound	82,606
Portland (Willamette district)	6,509

NORTHWEST IMMIGRATION.

The immigration to the Pacific Northwest is the largest ever known. It is also of the very best character; men of standing and with money for investment in homes and farms. Yesterday's Oregonian contained accounts from every quarter of this state and of Washington, showing the great influx of desirable immigrants and its resulting prosperity in every quarter except Clatsop county. Here we are not getting an immigrant, certainly none of this great inflow. Why? Simply because we are circulating no literature to attract them. Our people seem to have lost heart. There was never such an opportunity to turn the tide our way. It is freely conceded that there is at least one book of local authorship which shows up our country in a most interesting and truthful light. But for some reason no movement is made to issue any publication that might be of value in arresting attention and attracting to this section of Oregon any part of the great procession now pouring over the mountains in earnest quest of new homes and fruitful fields for investment. What is the matter with our people? Why do not our property owners put their shoulders to the wheel and bring some of this all-embracing prosperity to Clatsop county? Following are some extracts from the Oregonian giving a glimpse of this remarkable immigration, in which Clatsop county has so far had no share or parcel; for lack of nothing else but the circulation of good literature and the right sort of effort:

PENDLETON, Ore., July 21.—That the tide of incomers has been large is testified by all those who have to do with handling lands for sale; while the fact that in all the towns hereabouts there are no vacant houses, and the further fact that there appears to be no farms on which there not people living and tilling the soil, tend to support the assertion. Since early spring there has been a steady even flow of newcomers. Pendleton has been the gateway through which a vast number of persons have sought homes in the Pacific Northwest. Into this town have come homeseekers from all the eastern states, for the reason that the Union Pacific, the Northern Pacific and Great Northern (through the O. R. & N. Company's connection), to an extent center in Pendleton.

* * * * * * *

One feature of this year's immigration, that can be stated with due regard for truth, pertains to the character of the people who have come.

* * * * * * *

Never before has a better class of people sought the west. They were thrifty farmers, or artisans—comparatively few of the latter for the reason that the labor market was already well supplied in this section, and that the need of the country is to develop the natural resources. Nearly all of them have families, and brought them along, ready at once to settle upon any lands that suited to engage in stockraising or grain growing. Care was exercised to take people to the sections suited to their particular needs, so that few, if any, misfits occurred.

It was almost invariably stated that the immigration this year was but a swell in a tide that is setting toward the west from the east.

* * * * * * *

EUGENE, Ore., July 21.—This section of the state has had a steady inflow of immigrants this year of a class far more desirable than usual. They are not the sons of Innocence who came here during boom times—without means—but are men who have made money in industrial pursuits in the middle west, and are moving here to avoid the severe winters they have been experiencing.

SHERIDAN, Ore., July 21.—The immigration to this portion of Oregon this year is of a much more substantial character than for years. Heretofore only small, cheap tracts of land were desired; but this year some of the largest and best farms in the valley have changed hands, and got much better prices than it was possible to obtain within the past few years. This fall our best-informed citizens are expecting a larger immigration than ever before will visit this portion of the state.

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: "I would not be without One Minute Cough Cure for my boy, when troubled with a cough or cold. It is the best remedy for croup I ever used." Charles Rogers.

NO ROOM FOR CRITICISM.

Those persons who are disposed to criticise the navy department must admit that the protection of the New England coast last year was simply perfect.—Washington Post.

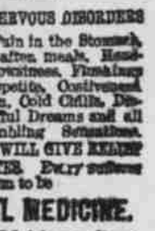
Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. We got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.



MRS. T. W. LEE, Montgomery, Ala.

When a young woman starts out in married life with a modest home containing just the bare necessities, she pictures herself in the future the mistress of a stately mansion, containing the comforts and luxuries of life. In that dreamland of the future there will be rich carpets on the floors, fine paintings on the walls, a magnificent sideboard loaded with silver and dainty tableware in the dining room, musical instruments, books and all that the heart of a sybarite could yearn for, and—a baby.

To either man or woman, all the comforts and all the luxuries of life and all the wealth in the world soon become a bore and a weariness, unless there is a baby for whom they can both contrive and plan and work. A woman who, through ignorance or neglect, suffers from weakness and disease of the delicate and important organs concerned in wifehood and motherhood, blasts all these hopes. Either she will be childless, or will lose her own life in the struggle of maternity, or her babies will be born puny, sickly and peevish and unable to withstand the ordinary ailments of childhood. Dr. Pierce's Favorite Prescription surely and completely cures all these delicate complaints. It is the discovery of one of the most eminent living specialists in women's diseases.—Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. The "Favorite Prescription" acts directly upon the sensitive organism concerned. It imparts to it health, strength, vigor, virility and elasticity. It fits for wifehood and motherhood. It robs maternity of its perils and insures a healthy, robust child.

Free. Dr. Pierce's Common Sense Medical Adviser. Send 21 one-cent stamps to cover mailing only for paper-bound copy. Cloth-bound 31 cents. Address Dr. R. V. Pierce, Buffalo, N. Y.

DEAFNESS CANNOT BE CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
