A bran new meat market has been established in the building formerly occupied by this paper on the west side over which Frank McFarland presides.

Messrs. Austin & Emerick have opened up a blacksmithing and wagon repairing shop on the corner of Third and Main street and as the saying goes they have come to stay rain or shine.

F. J. Hard, secretary of the Oregon Mining Exchange, came down from Bohemia Tuesday, leaving the same evening for Portland. He reports everything flourishing on his property up there.

A couple of "fair damsels" from down the valley have been in the city since last Sunday, and if the tales that are told be true, have been making things lively in their immediate vicinity since their arrival.

"Cannonball" John Holtum gave several exhibitions in the old harness shop on Main street the first of the week. He is said to actually catch a cannon ball fired from a cannon, and it looks as though he does it—but—.

A young man from Willows, Calif., arrived in the city last Sunday evening and at once proceeded to bowl up and make things lively, pulling a gun on several innocent bystanders and townspeople on several occasions. He was finally "pulled" and later on donated $10 and costs to the city.

We neglected to make mention last week of the return home of Wm. Kirtly and wife from Roseburg where they were recently wedded. Mr. Kirtly is shift boss at the Blackbutte mine and is now a brother-in-law of Late Sutherland, superintendent of the mine, his wife, who was formerly Miss Laura Churchill being a sister of Mrs. Sutherland. We join the many friends of the happy couple in extending congratulations.

The frosty weather is come and Oregonians feel the chill from the north so really close that our climate is a mystery. The Willamette valley is, as it were, sunk below the level of the roaring gales that blow out of the Arctic. Only the mountain peaks that rise into the sky catch the snows that pass over and beyond. Favored by nature, blessed by the arts of peace, we go about the work of the day with but faint reminder that all around winter is raging.—Oregonian.

Three women, weighing about 200 pounds each, walked down Morrison street the other day and each passer-by stopped to admire. An Easterner from the thin and chilly lands that are frozen to the hem of the Atlantic was so overcome that he instantly decided to settle in Oregon. "I shall send for my wife and daughters," he announced, "and we shall all have fair round faces and double chins inside of a year. Heavens, how I shall rejoice in fat! I am so thin now that my marrow goes up and down within my shanks like mercury in a thermometer." And he betook himself to a telegraph office.—Oregonian.

Last Thursday evening Mrs. O. O. McClellan entertained the Whist Club at her home in this city, the occasion being her husband's birthday, he not being supposed to know anything about the affair until the arrival of the guests. Whist was the order of the evening and afforded entertainment and amusement for the guests until a late hour when refreshments were served, to which all did ample justice and some more than ample justice. The prize was won by Mrs. Ed Long she having secured the highest number of points, and the consolation by Mrs. Garman. 'Twas indeed an enjoyable evening for all present.

There is Just Such a Place.

Central Farmer, (Omaha.)

We have always thought that if the ideal location for a home could be chosen in this country, it would be some valley farm or ranch in northern California or southern Oregon, where the rainfall would be ample to mature crops, where the winter would be a long drawn out, mild and beautiful fall, where fruits and flowers of the rare and tender sort would find unhampered development, where nature would be kind and reliable, not given to cranky fits of storm, cyclone, lightning and blizzard; where the choice foods of the sea would be easily obtainable, with trout in the valley streams, pheasants in the clearings of the foothills and deer to be had up in the mountains; a place not too far from the mighty Pacific, where one could sometimes gaze on the ocean's calm or its fury; not too far from some ever snow crowned mountain peak, taking from valley, mountain and ocean those inspirations always denied to the dweller on the level plain countries. But there may be no such Elysium after all.

We take both pleasure and pride in assuring editor Vincent, of the Central Farmer, that there are many just such places as he describes, in our beautiful state of Oregon and also in California. Should he have any doubt of it, a visit through central and southern Oregon will convince him that ours is the nearest an ideal climate of any in the world.

When you wake up with a bad taste in your mouth, go at once to Benson Drug Co's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two does will make you well. They also cure biliousness, sick headache and constipation.

Some Good Bowlers.

Business has been fairly good this week and last at the bowling alley where many have tried their hand at ten pins or cocked hat for the first time for several years and some for the first time in their lives. Several good scores were made last week in ten pins, the highest score being made by Wm. Thompson, that of 229 which is a good one for any alley.

Mr. Thompson made high score in cocked hat which seems to be the popular game in this country.

Thus far this week John Barker has high score in cocked hat, scoring 42 points.

Ladies day from one until six, Friday, was not exceedingly well attended on account of it not being generally known but several ladies were present in the afternoon and also in the evening. The highest ten pin score was made by Mrs. Dr. Wall, who made 112 points.

A matched game between the crack bowlers of our city and of Booth-Kelly mill No. 1 is one of the coming events at the alley and promises to be quite a contest.

Died.

George Petty, a pioneer citizen and farmer of the Coast Fork bottom, opposite Creswell, died at his home yesterday, Nov. 24, after a protracted illness, of dropsy, aged 65 years. He was born August 5, 1837. The funeral was held today to the Cloverdale cemetery, Rev. Barnhart officiating.—Guard.

GILES—In Portland, Nov. 21, 1902, M. H. Giles, mother of Mrs. F. H. Rosenberg, and wife of J. J. Giles. Mr. and Mrs. Giles visited their daughter in this city last summer. She was a member of the Eastern Star and while here made a number of pleasant acquaintances who will be pained to hear of her death. She was buried in Portland on the 23rd and her funeral was attended by Mr. and Mrs. F. H. Rosenberg.

BEST LINIMENT ON EARTH.

J. M. McHaney, Greenville, Tex., writes Nov. 24, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and $1 at New Era Drug Store.

A DANGEROUS MONTH.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West 5th St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and $1 at New Era Drug Store.

WORM DESTROYER.

White's Cream Vermifuge, not only kills worms, but removes the mucus and slime, in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist 25c at New Era Drug Store.
