The Local World.

A word to Republicans, organize.

Work and wages is the workingman's issue in this campaign.

It is never too early to begin bringing in recruits for the campaign.

Do not forget the school entertainment at Davis' hall Saturday night.

Do not fail to see the new ad. of Bower & Dewald. They are carrying first class stock.

Senator Vanderburg, the populist candidate for congress, spoke at Davis' opera house Saturday night.

From the programme of the Ord. post in THE LEADER it will be seen that the boys will observe decoration day in good shape.

Parents should be sure to go and see how well their children acquit themselves Saturday night at the school entertainment.

L. Manguine is starting a news room in the building formerly occupied bp F. S Younger, and will keep a fine line of leading magazines and choice literary papers. We wish him great success.

Of course there will be a packed house to witness the entertainment of the public school, at Davis' hall Saturday night. See programme in THE LEADER.

The young man who is to cast his first vote this year for president, should help organise a republican club, and do some good work as well as good voting for loyal patriotism, protection and prosperity.

E R. Skipworth, democratic candidate for state senator, says that notwithstanding that there are more or less reports about him withdrawing his name from the democratic ticket, he would be found trying to the last moment.

Dates Cancelled.

Eugene, May 13, 1896,

On account of the inclement weather we have concluded to withdraw the following places from the list of appointments made to be filled by the county candidates, viz: Lorane, Hadleyville, Florence, Mapleton, and Chesher. The other appointments will be filled at the dates heretofore advertised, beginning at Elmira, May 23.

Very Respectfully,
W. V. HENDERSON, Chrm. Rep. Co. Com.
ROBERT CLOW, Charm. Dem. Co. Com.

Roseburg Review: Senator Vandeverberg says the demonetization of silver in 1873, was the cause of the present hard times. It is a strange logic, that. It took 20 years to reach us, i. e. from 1873 to 1893 immediately upon Cleveland's inauguration.

William Yates will make a good district attorney. He is a good lawyer and a good business man. A district attorney should be both. He is in a position to save the people much needless expense, and the court and trial juries much needless annoyance. The people of Benton county know Mr. Yates and are satisfied as to his ability. They will give him a good rousing majority.—Corvallis Gazette.

Rev. I. D. Driver made THE LEADER office a pleasant call Thursday. Mr. Driver is sound on the financial question, and the tariff. He is for gold and silver and plenty too. He is in touch with progressive ideas and wants to see our government so managed that our manufacturies can all run an full time, and give the workmen work all the time, so they can have money to purchase farm products at good prices. Mr. Driver has both the ability and desire to make one of the best state senators Lane county has had and will always be found on the allert to make good laws for the laboring people.

Last Monday Hon. Thos. H. Tongue addressed a large and enthusiastic gathering in the city hall on the political issues of the day. He clearly and ably showed up corrupt democratic legislation and the weakness of populism. Protection he said, was the principal issue; what was needed to protect our American manufacturers, our homes and the credit of our government. After demonstrating the fallacies of free trade and the necessity of returning to the system of protection, he passed to the financial issues. He deprecated silver monometalism as an unnecessary concentration of the currency and advocated bimetalism and the use of all the silver that can be kept in circulation at par with gold. He spoke just two hours and a half. Many prominent men present say it was the ablest address ever deliverd here.

A GOOD PROPOSITION.

P. J. Jennings make all who live above Mosby creek and on Row river, a splendid proposition, as follows: If they will donate a weeks work on repairing the road to Wildwood, he will give $500 to them for as much work. Thus, they do one half the work free and obtain cash for the other half. Some of the road is well near impassible and should be made good by all means. In places the trees should be cut down on either side of the road to let the sun in to dry the road. This is very important and should be done immediately. There is no telling the advantages of making a good road all the way to Bohemia. The large number of miners in Bohemia will be good patrons to the farmers along the road and the farmers need a good road to get their products to the mines.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung complaints, having used it in my family for the last five years, to the exclusion of physician's prescription or other preparation. Rev. John Burgus, Keokuk, Iowa, writes: "I have been a minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottle Free at J. A. Benson's Drug Store.

Piano and Organ Lessons.

Mrs. Hawley of Portland, having been granted a certificate as teacher on Piano and Organ, from professor Cook, of Cook's Musical conservatory at Portland, will be located for the summer at Cottage Grove.

Parties wishing instruction on same will do well to call on her at Sherwood Hotel, on, and after May 25, 1896. Terms reasonable. Will call at house by request.

Lane county candidates for the coming election were all up hand shaking Thursday. There was speaking at 1 o'clock at Masonic hall. The house was crowded, but there was many that could not get in at all. Some good speeches were made. Rev. I. D. Driver, Lane county's next Senator, made the best speech of all. He has a host of friends in South Lane.

Will Keep the Middle of the Road.

Eugene, Or., May 13.—The report is current today that the populists have decided to renounce all fusion with the democrats in this county, and will stay in the fight with a full ticket. They are displeased with fusion on occount of the democrats wanting everything and leaving the populists to take what they can get afterwards.—Oregonian.

The Corvallis Critic a populist paper contains the following well merited opinion of W. E. Yates of Benton county for Prosecuting Attorney, the Republicans made a choice which reflects credit on the party, and which is an honor to Benton county. A better selection could not have been made. For this position should be chosen a man of ripe business experience, mature in judgment, and experienced in the practice of law. Such a person is Mr Yates.

Mr. Yates is Oregon born, Oregon reared, and Oregon educated.

He is a man of fine education and excellent literary attainments, having received the decree of Master of Arts from the Oregon State Agricultural college on graduation in 1880.

He is a conservative business man, a safe lawyer, having been, in his legal practice, connected with many of the most important cases tried in the Circuit court of Benton county.

He will doubtless be elected by a good majority. Certainly every citizen of Benton county, whether populist, democrat or republican, can consistently vote for W. E Yates for they will be putting the right man in the right place.

The Critic supports Mr. Yates because he is well known in this part of the state and is conceded by all to be eminently qualified for this place, which is not a political office, and we believe he is entitled to the united support of the voters of Benton county, regardless of politics.

WORK HAS COMMENCED.

THE CITIZENS OF COTTAGE GROVE.

At Last Begin Acive Work on the Bohemia Wagon Road—Eugene Still In It.

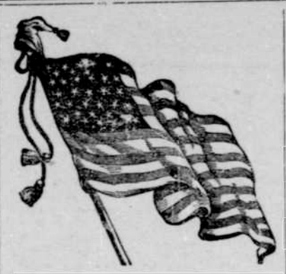
Eugene Register.

The people of Cottage Grove taking alarm at the efforts of Eugene and Roseburg to capture the trade of the Bohemia mines, by a strenuous effort got themselves together and Thursday began the work of completing their wagon road. The bosses left that morning with tents, etc. These will be placed in a convenient situation, provisions and other necessaries will be hauled out and by Tuesday everytying is expected to be in readiness for the laborers.

Should the weather prove at all favorable it is thought that sixty days will suffice for the completion of the road. The good citizens of the Grove and Lemati seem to feel indignant that Eugene should ever think of reaching the mines with a road, and so they have started with a rush to finish their own. So mote it be. Eugene can go ahead just the same and build its own little road and when that is done we will see who gets the "marble-heart." The fact is when it comes down to the question of trade, there is no comparison between the opportunities offered here and those offered by our double-headed sister town. And again, even should Eugene decide not to build, the bulk of the trade would come here any way. But we would miss it on the teaming. The machinery and heavy mining supplies would naturally be sent to Cottage Grove and the ore item of hauling is in itself a prize well worth securing. So it behooves Eugene to cease not its efforts to raise money and business men should not be backward in doing all that is within their power to see Eugene connected with Bohemia.

The failure of the copper mines in Josephine county and the wrecking of one or two other mines by unprincipaled managers, has caused a feeling of distrust by capitalists in Oregon mines. The formation in Bohemia is essentially different from that in the more southern counties. There it is widely scattered. In Bohemia the reverse is the case. Practical miners who have thoroughly prospected all the mining counties of the state, are unanimous in speaking of the richness of Bohemia. If this district was located in Colorado or South Africa, the entire country would be crowded with miners. Oregon won't advertise itself as it should. Failures are dilated upon—a few words being about all that is given to the really rich quartz and placer mines that abound in our counties.

One more word regarding the wagon road. Whether one or more roads are built, the cost of maintainance will be considerable. For this reason there is a project now being agitated to construct a narrow guage electric line to the mines. It is backed by some of the heaviest mine owners and it is hinted by some that the railroad may take a hand in it also. The water power afforded along the route would reduce the running expenses to a minimum.



HURRAH FOR HERMANN!
HURRAH FOR BOHEMIA!
HURRAH FOR COTTAGE GROVE!
HURRAH FOR LEMATI!
HURRAH FOR THE LEADER!

The editor of THE LEADER received the following dispatch from Congressman Hermann, Wednesday.

WASHINGTON, D. C, May 13, '96.

E. P. Thorp, Cottage Grove Or.

Have secured order for establishing mail service to Bohemia. Proposals issued for bids twice a week, Cottage Grove by Wildwood.

BINGER HERMANN.

It shows that Mr. Hermann is till gallantly showing his loyalty to his beloved state in heroically laboring in behalf of the interests of its people. Mr. Hermann deserves the united thanks of the people of this community for the great prize he has now for them. A twice-a week mail to Bohemia gives this point a prestage of vast magnitude and shows that the fabulous richness of the Bohemia gold mining district is recognized by capitalists and the U. S. government in a manner that assures the early development of one of the richest mining districts on the coast. THE LEADER unfurls its flag to the breeze and gives three cheers for Hermann and Bohemia.

Parks' Sure Cure is a positive specific for women who are all "run down" and at certain times are troubled by backaches, headaches, etc. Sold by J. A. Benson.

When it was reported that Sam Brown had been drowned while escaping from the officials in Douglas county, the news was generally discredited. Now a man from 70 miles above Juneau says Sam Brown is there, having been recognized by an old friend who knew him well at Myrtle Point. The sheriff of Douglas county should be sent after him, if it is settled that it is Brown. It seems, in any event, certain that he was not drowned. His escape is a disgrace upon Oregon, which Douglas county should spare no pains to efface as far as possible.

"If you don't look better, feel better, eat better and sleep better, bring it back." That is what we say when we sell a bottle of "Parks' Sure Cure." If you are not feeling just right, if your head aches; your back aches; your stomach distresses you; if you are "out of sorts" and don't know what the trouble is, why don't you try a bottle on this guarahteed plan? "We will take the chances if you will take the medicine." Sold by J. A. Benson.

Death of James Robinett.

James Robinett died at his home in Creswell, Or., May 6. He was one of Oregon's earliest pioneers. He was born in Boon county, Missouri, June 24, 1830; crossed the plains to Oregon in 1847, and settled in Linn county, near Corvallis; removed to Lane county in 1856, where he lived until his death. He was married to Miss Jemima Shields, November 27, 1851. He united with the Baptist church in 1855, and has since continued his membership. His widow and five children survive him. The children are W. M., F. S. and J. R. of Creswell; Mrs. F. M. Chrisman and D. Z., of Eastern Oregon.

The remains were interred in the Shields cemetary, near Cottage Grove, last Friaay.

DEATH TO FRUIT PESTS.

To make the orchard pay you must Spray, Winter and Summer with Prof. Brown's Insect Exterminator. The only insecticide known that will kill all insect life without injury to Tree Fruit or Foliage.

Endorsed by individual members, the State Board of Horticulture of California, Oregon and Washington. Used by many nurserymen and orchardists. My winter wash is the only solution that will kill the Wooly Aphis, [used only while the foliage is off.] My summer wash is a sure destroyer of the Codlin Moth eggs, and all insects except Wooly Aphis; use just after the blossoms fall off. My hop louse wash kills all insects that infest vines vegetables or plants.

The ingredients used in my formula can be found in any drug store, costs much less than other washes. Full and explicit directions for mixing and using.

Knowing I have a sure remedy, some unprincipled parties are now selling imitations. Therefore to discourage all such parties I have concluded [for a short time only] to reduce the price of the three formulas to $2.50 by mail to any address. Formulas copyrighted, January 14, 1896.
