DALLAS, OREGON, JUNE 4, 1907.

The way to build up Dallas is to patronize Dallas people.

DALLAS GETS CREAMERY.

On Saturday, according to appointment, the creamery people of Dallas and vicinity met at Brown's hall to hear Mr. T. S. Townsend's proposition to operate a creamery in Dallas. The meeting was attended by a large number of the most intelligent farmers and enthusiasm for a creamery was decided.

Mr. Townsend came on the 11 o'clock train from Portland and went immediately before the meeting and commenced his talk, presenting his proposition in a fair and candid way that took with the meeting. Although Mr. Townsend did not mix oil or soap his candor won the farmers and the proposition to establish a co-operative creamery was abandoned without further discussion, and on vote the Townsend proposition was unanimously accepted. The committee to visit the farmers and solicit patronage are J. G. Brown, J. A. Coovert, George Myer and Cephas Nelson. The machinery will be ordered at once and the creamery will be in operation inside of the next 60 days. Mr. Townsend is anxious to get the creamery started and will lose no time in ordering the necessary plant.

This meeting was beyond doubt one of the most successful ever held in Dallas and the end accomplished means much to the town and farmers of the surrounding country, and every farmer and business man should assist in the work of securing patrons by speaking a good word for the enterprise.

There is one thing more to make the people of this vicinity happy and prosperous, and that is a cannery. We hope very soon to hear of this enterprise being taken in hand by the farmers and business people of Dallas. A cannery would give employment to a greater number of laborers than a creamery, and in connection with the industries and manufacturies already established, would prove of great benefit in further advancing the business interests of our rapidly growing city.

Council Meeting.

The City Council met in regular session last night, with Mayor Muir in the chair. Present on roll call, Councilmen Coad, Cosper, Grant, Shaw, Stafrin; Mayor, Auditor, City Attorney and City Marshal.

On motion of Grant, F. S. Ramsey was granted an extension of time on his contract with the city for grading certain streets.

Stafrin, of the special committee appointed to investigate the matter of a septic tank for the sewer district on Oak street, reported the same not advisable, and the report was adopted.

The city attorney was instructed to prepare an ordinance covering the location of telephone and electric light poles in the streets.

The matter of additional compensation for the city attorney was taken under advisement by the council.

A committee composed of Councilmen Coad, Shaw and Grant was appointed to investigate the matter of securing a site for a rock quarry for the manufacture of rock for the city streets.

The following claims against the city were allowed: M. D. Coulter, sprinkling, $6; John Olin, labor, $46.80; W. G. Vassall, treasurer, $27.11; W. J. Parmer, labor, $7.60; Willamette Valley Co., lights, $132; Polk County Itemizer, printing, $28.49; L. D. Brown, fees, $20.95; Ev. Shelton, labor, $1; J. R. Harris, fees, $48.90.

Rural Carriers' Meeting.

The rural mail carriers of Polk county held their annual meeting at Monmouth, Sunday, June 2. At roll call, the following members were present: President A. Parker, of Independence; Secretary B. T. Wells, Dallas; Fred Huber, Monmouth; M. B. Grant, Dallas; Joe Turner, of Airlie. Interesting talks were made by J. W. Goins, of Albany; K. P. Loop, president of the State Association; H. M. Cummings and Chauncey LeVee, of Corvallis; E. B. Cornett and Walter Grover, of Albany. Important business was transacted and the meeting adjourned.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Electricity for Lighting

Is only expensive to people who are wasteful and careless. To you, who are naturally careful, it does not come high.

It is economical because it can be quickly turned off when not needed. With gas or kerosene there is the temptation to let light burn when not needed to save bother of lighting and adjusting. In some homes the electric light bills amount to only one or two dollars per month. You can probably get some kind of artificial light for less money than electric light, but does it save you anything when it limits opportunities for work and recreation—ruins your eyesight—smokes your walls—mars decorations and increases household work. You could probably save a dollar tomorrow by going without your meals but it wouldn't be economy. It is not so much what you save, but how you save that counts.

WILLAMETTE VALLEY CO. RATES—Residence on meters, per Kilowatt 15c; Residence, flat per month, 16cp 50c. RATES FOR BUSINESS HOUSES—25c per drop and 5c per Kilowatt up to 10 drops; over 10 drops 20c per drop and 5c per Kilowatt up to 40 drops; over 40 drops 17½c per drop and 5c per Kilowatt. A drop figures 16cp or less. For power rates apply at the office. We are always ready to explain the "ins and outs" of the lighting proposition to you, call on us or phone to us, we are never to busy to talk business.
