

Political News Letter

By F. J. Kupfer.

In our last week's letter we commented on the "dilatoriness" of the administration in sending its official sanction of those candidates which should have the endorsement of the President, and which should be elected. When we wrote that innocent verbiage, we had in mind that our prophesy would come true. It had not more than got into the hands of the printer and on the press, when behold, next morning, the famous "letter of request" was issued by the President asking the voters to support him by electing Senators and Congressmen that will uphold him when the time comes for making peace terms with the Central Powers. It has created considerable animosity among the Republican leaders and we predict that from now on up to the election there will be considerable unsavory comments made about the indiscreetness and tact shown by the President.

To our mind it would have been more diplomatic if the President asked the suffrage of the people to cast their ballot only for those candidates who have shown their loyalty and support of those measures which aided and supported the government in all war activities. According to the record of our own Senator and Congressman there can be nothing said against them in supporting the President. They have at all times voted for every bill that came up for bringing the war to a successful conclusion. Possibly the President believes in the old adage of taking "the bull by the horn," but in this case the bull may "horn" in when it's too late. However, politics will be adjourned after November 5th and the Democratic and Republican leaders will shake hands with each other and stick to the President until the war is over, or until he has made honorable peace negotiations with all concerned. As Mr. Lansing says, "when it comes to the peace table we will deal fairly and justly."

City Auditor Funk is one of the fortunate candidates who has no opposition to succeed himself. Mr. Funk was for twelve years in the County Assessor's office and for four and a half years its chief deputy. When Mr. Barbur was elected City Commissioner, the city council elected Mr. Funk to fill the unexpired term. As no one filed against him either for the unexpired term or the regular term, it shows that Mr. Funk is a man whom the people can trust. We consider Mr. Funk as one of the most capable city officials and his motto is that all the employees shall treat every citizen calling at his office with courtesy and promptness at all times. We bespeak for Mr. Funk a brilliant future.

That Judge Gantenbein has given general satisfaction in the 11 years that he has been on the circuit bench is shown by the fact that more than 150 of the leading attorneys of Portland have given him their unqualified endorsement. He has transacted all business which has come before him with promptness and dispatch and his decisions have been fair, just and unbiased. He has been reversed by the Supreme Court in very few instances. He was the chairman of the preparatory parade which took place in Portland before the entry of the United States into the war. He was a firm believer in preparedness and favored universal military training of our youth. Hundreds of young men who are making good in the U. S. Army as officers owe their position to the fact that they were recommended by Judge Gantenbein.

Dr. T. L. Perkins, dentist and candidate for City Commissioner for the short term, is one of our substantial citizens and while in the State Senate assisted in passing many bills, which were of momentous benefit to the workingman and citizen. He Compensation Bill; the County Bonding Act for building the Columbia Highway and the Enabling Act for building the Columbia River Bridge. These were of great benefit to the people and Dr. Perkins can well be proud of the fact that he was instrumental in bringing them to a final passage, during his career in 1913 and 1915 in the Legislature.

Dr. Perkins is possessed of a splendid personality, of irreproachable character and unswerving fidelity towards making the city a better and more beautiful place to live in. Should Dr. Perkins be fortunate in being elected he will practice the most rigid economy in the departments of which he may have charge, but under no circumstance will he sacrifice efficiency in either the Fire or Police Departments. Dr. Perkins has a host of friends who predict that he will "carry over" the biggest majority of any of the candidates running for office.

SUMMONS.

Skilled Workmen use Strong Leather to make OUR SHOES

The wearing qualities, the fitting qualities and the style of our shoes are the outcome of years of study of the needs of this community. Why should we not be in a better position to please you in every particular?

You may imagine you can buy your shoes cheaper in the City, but why can you? Shoes are not made any cheaper for one store than they are for another. Our rents are certainly comparatively lower; many other expenses are lower in this section than on the West Side.

We sell large enough volume of shoes so that our business is sought by the best lines. We have an opportunity to choose; we have the advantage of the years of experience in this locality; our profits are not making us rich enough to enable us to buy high priced Autos and the luxuries that go with them.

And should anything go wrong you can reach us without the irksome red tape of the City Stores. Besides why should you not give us your business when all these things are considered?

Dr. T. L. PERKINS
Candidate for City Commissioner for Short Term

Dr. Perkins was elected and served in the State Senate in the session of 1913 and 1915. He assisted in passing the Compensation Act, the Act creating the State Highway Commission, the County Bonding Act, which made it possible to build the Columbia Highway and the Enabling Act which brought about the building of the Columbia River Bridge.

Dr. Perkins is for a clean government and a greater Portland, and in keeping the expense down to its lowest possible figure, but would not sacrifice efficiency in any of the departments, especially in the Fire and Police Departments.

Vote X 13 T. L. PERKINS.
