PREACHES STRONG SERMON

Large Audience Greets New Pastor of Christian Church.

An audience which crowded the large building to the doors greeted the Reverend Leon Myers, the new pastor of the Christian Church, Sunday evening. Mr. Myers preached an eloquent sermon, choosing for his topic, "The Church of Christ; its Founder, its Foundation, and its Progress." He said:

"The Church of Christ was founded by Jesus Christ. Peter said, 'Thou art the Christ, the Son of the Living God.' Jesus said in answer, 'Thou art Peter and upon this rock I will build my church.' Paul says: 'Other foundation can no man lay than that which is laid, which is Jesus Christ.'"

"Let us notice that John the Baptist preached: 'The Kingdom (or Church) of Heaven is at hand.' Christ said, 'Upon this rock I will build my church;' also, 'Tarry ye in Jerusalem until ye be endowed with power from on high.' On the day of Pentecost, the day when the Church of Christ was established, came Peter and told the people what to do to be saved: 'Repent ye and be baptised, every one of you, in the name of Jesus Christ for the remission of your sins, and ye shall receive the gift of the Holy Spirit.' Three thousand people obeyed the Lord.

"What saved those people will save you. The same simple gospel story is what saves. 'For I am not ashamed of the Gospel, for it is the power of God unto salvation.'

Mr. Myer's subjects for next Sunday will be: Morning, "Justification by Faith;" evening, "Weighed in the Balances."

Increase Long-Distance Service.

Long-distance telephone service over the Independent lines between Portland and Spokane and thence to Butte, Helena and Salt Lake City will soon be a reality. With the completion of the independent system at Spokane and the extension of the line from that city to Portland, communication between the Oregon metropolis and towns in Idaho and Montana will be possible, as the service at present extends from Spokane to points in the states immediately east of there. The Idaho and Montana lines are being extended very rapidly and connection with the larger cities are being made with the completion of smaller systems.

ATTACKED BY ANGRY BULL

Alexander Burkhalter Has Narrow Escape From Death.

Alexander Burkhalter, a farmer living North of Dallas, is slowly recovering from the effects of severe injuries received in an unequal encounter with a vicious Jersey bull on Tuesday of last week. He is still quite weak, but is able to walk about, and it is not believed that he is permanently injured.

Mr. Burkhalter was in his barn lot when attacked by the animal. Charging him while his attention was directed elsewhere, the bull knocked him to the ground and began to paw and gore him. Mr. Burkhalter received a severe wound in the breast and a number of painful bruises about his body before his son succeeded in driving the maddened animal away.

Had not the son rushed promptly to the rescue, it is almost certain that Mr. Burkhalter would have been killed.

BLACK ROCK THREATENED

Men Guard Town from Approach of Forest Fire.

A fire in the timber east of Black Rock caused some damage last Friday. H. Brooks, who lives a short distance east of the town was compelled to vacate his tent in a hurry. He has moved into Black Rock.

Constant watchfulness has been necessary in order to keep the fire from escaping control. The main effort has been to prevent the fire from catching in the heaps of driftwood which have accumulated in the creek and along the banks.

West Salem Busy Town.

A representative of the Journal was in West Salem yesterday and found that embryo city extremely lively. A lumber yard employing five men is one of the new features and the Combination Chair factory is surely "doing something." WANT CAR SCALES IN DALLAS

Railroad Commissioners Investigate Complaint of Falls City Mill Men.

Railroad Commissioners Oswald West and Thomas Campbell came over from Salem, Friday morning and conducted an investigation for the purpose of determining whether car scales are needed in the Southern Pacific Company's terminal yards.

The meeting was held in the depot and was attended by officials of the freight departments of the railroad company and by prominent shippers from Falls City, in which town the request for an investigation originated. Among those placed on the stand by the commissioners were W. T. Grier, manager of the Falls City Lumber Company, and J. A. Hamilton, manager of the Great Western Lumber Company. After hearing the complaints of these shippers, the Commissioners adjourned the hearing and announced that the matter would be taken under advisement.

The Southern Pacific Company maintains car scales in Albany and Portland, on which carloads of lumber from the Dallas and Falls City mills are weighed, according to the destination of the shipment.
